**THE HERO PARADIGM IN FANTASY NOVELS** ELIANA IONOAIA, 2020-01-01. Cartea *The Hero Paradigm in Fantasy Novels* este una interdisciplinară în sfera perimetrului studiilor culturale literare cu descinderi în mitologie, antropologie culturală și studiile filmului. Tipologia eroului este analizată a cum apare în mitologie și basm înainte de a fi investigate romanele fantastice scrise de J.R.R. Tolkien, C.S. Lewis și J.K. Rowling romane de secol XX ale căror rădăcini se regăsesc în cele două genuri precedente ale modului literaturii fantastice. Aceleași romane au fost ecranizate trecând din modul lecturii în cel al vizualului și chiar în cel al virtualului al jocurilor video pe computer. Cartea argumentează că eroii par să se afle în cădere liberă de-a lungul secolelor ajungându-se la o epocă posteroică în secolul al XX-lea în literatura fantastică și filmele bazate pe astfel de romane par să nlocuiască mitologia și eroismul tipic acesteia reușind să insufle un nou interes în paradigma eroică.

**Human Technological Enhancement and Theological Anthropology** Victoria Lorrimar, 2022-05-05. A cross disciplinary theological engagement with proposals for the technological enhancement of humans including radical life extension, mind uploading, mood enhancement and moral enhancement. **Lex Populi** William P. MacNeil, 2007. This is a book about jurisprudence or legal philosophy. The legal philosophical texts under consideration are to say the least unorthodox: Tolkien, Buffy the Vampire Slayer, Harry Potter, Million Dollar Baby and other cultural products are all referenced as exemplary instances of what the author calls *lex populi*, people's or pop law. There more than anywhere else will one find the leading issues of legal philosophy. These issues however are heavily coded for few of these pop cultural texts announce themselves as expressly legal. Nonetheless *Lex Populi* reads these texts jurisprudentially that is with an eye to their hidden legal philosophical meanings enabling connections such as Tolkien's Ring as Kelsen's grundnorm, vampire slaying as legal language's semiosis, Hogwarts as substantively unjust and a seriously injured young woman as termination's rights bearer. In so doing *Lex Populi* attempts not only a jurisprudential reading of popular culture but a popular rereading of jurisprudence removing it from the legal experts in order to restore it to the public at large: a *lex populi* by and for the people.

*Tolkien Dogmatics* Austin M.

Freeman,2022-11-16 Theology through mythology J R R Tolkien was many things English Catholic father and husband survivor of two world wars Oxford professor and author But he was also a theologian Tolkien s writings exhibit a coherent theology of God and his works but Tolkien did not present his views with systematic arguments Rather he expressed theology through story In Tolkien Dogmatics Austin M Freeman inspects Tolkien s entire corpus The Hobbit The Lord of the Rings and beyond as a window into his theology In his stories lectures and letters Tolkien creatively and carefully engaged with his Christian faith Tolkien Dogmatics is a comprehensive manual of Tolkien s theological thought arranged in traditional systematic theology categories with sections on God revelation creation evil Christ and salvation the church and last things Through Tolkien s imagination we reencounter our faith **The Ring and the Cross: The ring** Paul E. Kerry,2011 The influence of J R R Tolkien s Christianity on his writing has sparked intense discussion and debate What has been lacking is a forum for a civilized discussion about the topic as well as a chronological overview of the major arguments and themes that have engaged scholars about the impact of Christianity on Tolkien s oeuvre with particular reference to The Lord of the Rings The Ring and the Cross addresses these two needs *The Ring and the Cross* Paul E. Kerry,2010-12-10 The conversation sometimes heated about the influence of Christianity on the writings of J R R Tolkien has a long history What has been lacking is a forum for a civilized discussion about the topic as well as a chronological overview of the major arguments and themes that have engaged scholars about the impact of Christianity on Tolkien s oeuvre with particular reference to The Lord of the Rings The Ring and the Cross addresses these two needs through an articulate and authoritative analyses of Tolkien s Roman Catholicism and the role it plays in understanding his writings The volume s contributors deftly explain the kinds of interpretations put forward and evidence marshaled when arguing for or against religious influence The Ring and the Cross invites readers to draw their own conclusions about a subject that has fascinated Tolkien enthusiasts since the publication of his masterpiece The Lord of the Rings Middle-earth and the Return of the Common Good Joshua Hren,2018-10-05 Political philosophy is nothing other than looking at things political under the aspect of eternity This book invites us to look philosophically at political things in J R R Tolkien s legendarium demonstrating that Tolkien s potent mythology can be brought into rich fruitful dialogue with works of political philosophy and political theology as different as Plato s Timaeus Aquinas De Regno Hobbes s Leviathan and Erik Peterson s Monotheism as a Political Problem It concludes that a political reading of Tolkien s work is most luminous when conducted by the harmonious lights of fides et ratio as found in the thought of Thomas Aquinas A broad study of Tolkien and the political is especially pertinent in that the legendarium operates on two levels As a popular mythology it is in the author s own words a really long story that would hold the attention of readers amuse them delight them and at times maybe excite them or deeply move them But the stories of The Silmarillion and The Lord of the Rings contain deeper teachings that can only be drawn out when read philosophically Written from the vantage of a mind that is deeply Christian Tolkien s stories grant us a revelatory gaze into the major political problems of modernity

from individualism to totalitarianism sovereignty to surveillance terror to technocracy As an outsider in modernity Tolkien invites us to question the modern in a manner that moves beyond reaction into a vivid and compelling vision of the common good

*From Hobbits to Hollywood* Ernest Mathijs, Murray Pomerance, 2006 Peter Jackson's film version of *The Lord of the Rings* 2001-2003 is the grandest achievement of 21st century cinema so far But it is also linked to topical and social concerns including war terrorism and cultural imperialism Its style symbols narrative and structure seem always already linked to politics cultural definition problems of cinematic style and the elemental mythologies that most profoundly capture our imaginations This volume treats Jackson's trilogy as having two conditions of existence an aesthetic and a political Like other cultural artefacts it leads a double life as objet d'art and public statement about the world so that nothing in it is ever just cinematically beautiful or tasteful and nothing is ever just a message or an opinion

J.R.R. Tolkien's Utopianism and the Classics Hamish Williams, 2023-02-09 This book opens up new perspectives on the English fantasy writer J R R Tolkien arguing that he was an influential thinker of utopianism in 20th century fiction and that his scrutiny of utopias can be assessed through his dialogue with antiquity Tolkien's engagement with the ancient world often reflects an interest in retrotopianism his fictional places cities forests homes draw on a rich post classical narrative imagination of similar spaces Importantly for Tolkien such narratives entail eutopian thought experiments the decline and fall of distinctly classical communities provide an utopian blueprint for future political restorations the home as oikos becomes a space where an ideal ethical reciprocity between host and guest can be sought the ancient forest is an ambiguous unsettling site where characters can experience necessary forms of awakening From these perspectives tokens of Platonic moderation Augustan restoration Homeric xenophilia and the Ovidian material sublime are evident in Tolkien's writing Likewise his retrotopianism also always entails a rewriting of ancient narratives in post classical and modern terms This study then explores how Tolkien's use of the classical past can help us to align classical and utopian studies and thus to reflect on the ranges and limits of utopianism in classical literature and thought
