Lord Rothschild And The Barber The Struggle To Establish The London Jewish Hospital:

Lord Rothschild and the Barber Gerry Black,2000 One day in January 1997 a group of immigrant Yiddish speaking working men met in the kitchen of a basement flat in Sydney Street Stepney in the East End of London Their leader was Isador Berliner a barber who had come to the UK from Russia in 1891 He knew from his own experience that Jewish immigrants who did not speak English felt very uneasy when they became patients in hospital He planned to give them peace of mind by building a hospital supported by public subscriptions that would be under Jewish management and staffed by Jewish doctors and nurses who could speak Yiddish

Jewish Immigrants in London, 1880-1939 Susan L Tananbaum,2015-10-06 Between 1880 and 1939 a quarter of a million European Jews settled in England Tananbaum explores the differing ways in which the existing Anglo Jewish communities local government and education and welfare organizations sought to socialize these new arrivals focusing on the experiences of working class women and children

Jewish refugees and the British nursing profession Jane Brooks,2024-05-07 This book follows the lives of female Jewish refugees who fled Nazi persecution and became nurses Nursing was nominally a profession but with its poor pay and harsh discipline it was unpopular with British women In the years preceding the Second World War hospitals in Britain suffered chronic nurse staffing crises As the country faced inevitable war the Government and the profession s elite courted refugees as an antidote to the shortages but many hospitals refused to employ Continental Jews The book explores the changes in the refugees status and lives from the war years to the foundation of the National Health Service and to the latter decades of the twentieth century It places the refugees at the forefront of manoeuvres in nursing practice education and research at a time of social upheaval and alterations in the position of women

Making Bodies Kosher Ben Kasstan,2019-06-20 Minority populations are often regarded as being hard to reach and evading state expectations of health protection This ethnographic and archival study analyses how devout Jews in Britain negotiate healthcare services to preserve the reproduction of culture and continuity This book demonstrates how the transformative and transgressive possibilities of technology reveal multiple pursuits of protection between this religious minority and the state Making Bodies Kosher advances theoretical perspectives of immunity and sits at the intersection of medical anthropology social history and the study of religions

Diseases and Diagnoses Sander L.

Gilman, 2017-09-08 Diseases and Diagnoses discusses why such social problems as addiction sexually transmitted diseases racial predisposition for illness surgery and beauty and electrotherapy all of which concerned thinkers a hundred years ago are reappearing at a staggering rate and in diverse national contexts In the twentieth century such problems were viewed as only historical concerns Yet in the twenty first century we once again find ourselves confronting their implications In this fascinating volume Gilman looks at historical and contemporary debates about the stigma associated with biologically transmitted diseases He shows that there is no indisputable way to measure when a disease or therapy will reappear or how it may be perceived at any given moment in time Consequently Gilman focuses on the socio cultural and political implications that the reappearance of such diseases has had on contemporary society His approach is to show how culture embedded in cultural objects both feeds and is fed by the claims of medical science as for example the reappearance of race as a cultural as well as a medical category If the twentieth century was the age of physics in the latter part of the past century and certainly in the twenty first century biological concerns are recapturing central stage Achievements of the biological sciences are changing the public's sense of what constitutes cutting edge science and medicine None has captured the public imagination more effectively than the mapping of the human genome and the promise of genetic manipulation which fuel what Gilman calls a second age of biology Although not without controversy the role of genetics appears to be key Gilman puts contemporary debates in historical context showing how they feed social and cultural concerns as well as medical possibilities

Jewish London Dr. Gerry Black, 2007 Jewish history in London began with the arrival of a group of Jews with William the Conqueror The story comes right up to the present day Gerry Black's lively account offers a sharp insight into the contribution made by modern Jews to the culture and economy of London
