Los Que Mandan Those Who Rule:

Los Que Mandan Jose Luis de Imaz, 1970-06-30 This pioneering work now available for the first time in English seeks to analyze the political process in Argentina a nation that has long aspired to political leadership of Latin America but has failed to fulfill its aspiration because of political fragmentation and factionalism In determining who holds power in Argentina Professor Imaz assembled information on the social backgrounds of political leaders and party workers military officers large landowners managers and owners of industry and commerce the hierarchy of the Roman Catholic Church and officials of labor unions This considerable amount of data for the years 1936 1961 provides the basis for a comparison of the processes of recruitment and the different social outlooks of the various elites Professor Imaz's frequently cited book has gone through six printings in Argentina since first publication in 1964 For the English translation he has added material that brings the data up to date Professor Astiz has provided an introduction that places the study in context for those who are not familiar with Argentine history and politics

Los que mandan: those who rule José Luis de Imaz, 1970 *The Ruins of the New Argentina* Mark A.

Healey, 2011-03-09 A history explaining how Peronism emerged in relation to both the earthquake that devastated San Juan Argentina in 1944 and the massive rebuilding project that followed *The Army and Politics in Argentina, 1945-1962* Robert A. Potash, 1969 Third volume of in depth analysis of the army Format is similar to previous two volumes There is however more emphasis on the internal maneuvering which characterizes the period The detail is based on information provided by the participants A worthy successor to the other studies and essential for analysis of the period For reviews of vol 1 see HLAS 31 7229 and HLAS 32 2599a Handbook of Latin American Studies v 58 **Argentina's Foreign Policy** Edward S

Milenky, 2019-06-03 The crises of industrialization and nation building have produced varying foreign policies and associated domestic images in Argentina Classic liberals see the country as a Western European society whose difficulties will be resolved through fuller and more effective participation in world affairs Statist nationalists see a dependent developing

Working Class Inclusion Tiffany D. Barnes, Yann P. Kerevel, Gregory W. Saxton, 2023-11 Latin American legislators like legislators worldwide are drawn from a narrow set of elites who are largely out of touch with average citizens Despite comprising the vast majority of the labor force working class people represent a small slice of the legislature Working Class Inclusion examines how the near exclusion of working class citizens from legislatures affects citizens evaluations of government Combining surveys from across Latin America with novel data on legislators class backgrounds and experiments from Argentina and Mexico the book demonstrates voters want more workers in office and when combined with policy representation the presence of working class legislators improves citizens evaluations of government Absent policy representation however workers are met with distrust and backlash Chapters show citizens have many opportunities to learn about the presence or absence of workers and the relationship between working class representation and evaluations of

government is strongest among citizens who are aware of legislators class status **Ambassadors of the Working Class** Ernesto Semán, 2017-08-17 In 1946 Juan Perón launched a populist challenge to the United States recruiting an army of labor activists to serve as worker attachés at every Argentine embassy By 1955 over five hundred would serve representing the largest presence of blue collar workers in the foreign service of any country in history A meatpacking union leader taught striking workers in Chicago about rising salaries under Perón A railroad motorist joined the revolution in Bolivia A baker showed Soviet workers the daily caloric intake of their Argentine counterparts As **Ambassadors of the Working Class** shows the attachés struggle against US diplomats in Latin America turned the region into a Cold War battlefield for the hearts of the working classes In this context Ernesto Semán reveals for example how the attachés brand of transnational populism offered Fidel Castro and Che Guevara their last chance at mass politics before their embrace of revolutionary violence Fiercely opposed by Washington the attachés project foundered but not before US policymakers used their opposition to Peronism to rehearse arguments against the New Deal's legacies **Sociology in Argentina** Juan Pedro Blois, 2021-01-11 This Palgrave Pivot offers a comprehensive portrayal of the development of sociology in Argentina from the mid 1950s to the present day This first long term account in English maps the discipline's troubled trajectory and its close relation to the broader and turbulent Argentinian political and economic context and provides a dramatic exemplification of the politicization and polarization of an academic field and its consequences Divided in seven chapters this book examines the sharply different phases that the discipline went through from the pioneering 1950s in which sociology was presented as a science to the activist revolt in the 1960s led by the student movement to the traumatic experience of the 1970s when a cruel dictatorship was established and many sociologists were persecuted and from its progressive recovery from the 1980s to its current growing yet unstable presence within academia and within state agencies corporations and consulting agencies and NGOs This work will appeal to social scientists and students interested in the relations between academia and politics and to a general readership interested in the recent history of Argentina and Latin America **Parties, Elections, and Political Participation in Latin America** Jorge I Domínguez, 2014-02-04 First Published in 1994 This is Volume five of seven of a collection of essays that gathers together scholarly debates from the 1950s to the 1990s on Mexico Central and South America This text looks at topics such as government parties in Latin America the Mexican elections of 1958 political campaigning the scope of the Chilean Party systems the case of Peronism and electoral change amongst others **Parties and Power in Modern Argentina 1930-1946** Alberto Ciria, 1974-06-30 An analysis of the immediate causes of Peronism in its formative stages is included in this study of the emergence of powerful pressure groups and the decay of traditional political parties in Argentina during the period 1930-1946 A detailed well documented description of Argentine politics through four administrations Originally published in Spanish as *Partidos y poder en la Argentina Moderna 1930-1946* by Editorial Universitaria de Buenos Aires in 1966 [Encyclopedia of Historians and Historical Writing](#) Kelly Boyd, 2019-10-09

The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

New Approaches to Latin American History Richard Graham, Peter H. Smith, 2014-08-27 New Approaches to Latin American History incorporates methods and concepts from the social sciences without abandoning a distinctively historical approach A collection of original essays by distinguished younger scholars it proposes original concepts and methods for analyzing crucial problems in Latin American history Using as examples such subjects as slavery dictatorship immigration and the relationship between land ownership and political power the contributors show how approaches and techniques from psychology political science economics and sociology can be applied to historical studies The papers attempt to explain the thematic and substantive importance of the particular problems at hand describe and evaluate standard approaches to them propose original hypotheses suggest methods for testing the hypotheses or indicate major methodological or conceptual difficulties that have so far hampered such work Despite their diversity of content the papers show strong underlying unities First they all point to the need for placing institutions and actions in a broad societal context The authors present an implicit cumulative argument against the excessive isolation of historical phenomena Second they demonstrate the utility of interdisciplinary research Third they issue an implicit call for rigorous comparative analysis The propositions formulated in these essays can best be tested and modified in comparative fashion Ultimately this book deals with the exposition of a research style a style based on systematic doubt an awareness of the need for conceptual rigor and a willingness to try new methodologies For this reason it is of interest to historians in every field as well as to students of Latin America

Reclaiming Integration and the Language of Race in the "Post-Racial" Era Curtis L. Ivey, Joshua Bassett, 2015-09-03 The book is divided into two major sections 1 Reclaiming Integration 2 Reclaiming the Language of Race Both sections are located in the context of the post racial era and analyzed by nationally renowned scholars in various dimensions The purpose of this organization is to link structural efforts to encourage voluntary integration with discursive efforts to broaden our social understanding of race in ways that advance the project of American democracy It is our firm belief that we cannot achieve meaningful advances against enduring racial inequalities without linking structural impacts of racialization e.g. racial inequalities in economics education healthcare etc to the social discourse of race specifically in terms of the rejection of post racial politics that are based on the false idea that racism and discrimination are no longer obstacles
