Mui,Julien S. Murphy,2002 Contemporary feminist theory and postmodernism have left significant marks on how we think about practical matters most notably the old and new forms of gender struggles that many women confront in their daily lives The essays collected in *Gender Struggles* are designed to highlight those influences by addressing the following questions What is practical feminism in a postmodern world How does rethinking the nature and boundaries of philosophy affect the way we understand practical issues that we confront daily What new forms of freedom autonomy subjectivity social welfare motherhood public and private space and political resistance have emerged from this new philosophical sense Together the sixteen essays in this volume represent many

different voices of feminists who boldly take up familiar everyday concerns from unorthodox vantage points within new conceptual and theoretical frameworks The essays in *Gender Struggles* address a wide range of issues in gender struggles from the more familiar ones that for the last thirty years have been the mainstay of feminist scholarship such as motherhood beauty and sexual violence to new topics inspired by post industrialization and multiculturalism such as the welfare state cyberspace hate speech and queer politics and finally to topics that traditionally have not been seen as appropriate subjects for philosophizing such as adoption care work and the home Incorporating the latest most cutting edge material on feminism this volume aims at reaching a broad spectrum of readers by connecting postmodern feminist theory with concrete issues that are practical and relevant to their daily lives and experiences

1970s as questions continually arise about whether White parents are capable of instilling a positive sense of African American identity in their Black children Through in depth interviews with adult transracial adoptees as well as with social workers in adoption agencies Sandra Patton herself an adoptee explores the social construction of race identity gender and family and the ways in which these interact with public policy about adoption Patton offers a compelling overview of the issues at stake in transracial adoption She discusses recent changes in adoption and social welfare policy which prohibit consideration of race in the placement of children as well as public policy definitions of bad mothers which can foster coerced aspects of adoption to show how the lives of transracial adoptees have been shaped by the policies of the U S child welfare system Neither an argument for nor against the practice of transracial adoption BirthMarks seeks to counter the dominant public view of this practice as a panacea to the so called epidemic of illegitimacy and the misfortune of infertility among the middle class with a more nuanced view that gives voice to those directly involved shedding light on the ways in which Black and multiracial adoptees articulate their own identity experiences *Halle Berry* Michael A.
