Losing Weight Is Not For Everyone:

Lose Weight Permanently Sandro Torres Cigarroa, 2015-08-13 This book is based on true stories and true people. However, the names have been replaced by fictitious ones to protect the privacy of the individuals. This self-help book is written in novel form to keep the reader entertained. But the goal of the book is more than entertainment. It is to help the reader to permanently lose weight, have a healthy lifestyle, have a healthy body weight, and a healthy mind, achieve their goals, and by the end, find true happiness. The concepts presented here have been applied by other people who have been successful in their goals.

Timerdiet Sherri Sue Fisher, 2013-10-04 Have you ever wondered if there were secrets to losing weight? Learn how to eat what you want and have it be what you need. Learn how to lose weight and enjoy your life. Keep the weight off with simple guidelines you can follow forever. From the author, I know what it takes to not only lose the weight, I know what it takes to keep the weight off. And isn't that what it's all about? Surely you know someone who has worked hard to lose weight, only to gain some or all of it back. How and why does this happen? We will go over this and more. We can create our own future and not be defined by our past. I hope you take this journey to become the best you you always knew was possible. As always, enjoy the journey.

Sherri Sue Fisher Diet books can be preachy and discouraging in pushing grueling rules. TimerDiet instead offers simpler ideas for dropping pounds by learning to listen to your body to determine what it needs. Sherris instructs readers not to count calories or measure the quantity of food eaten, only to eat to the point where they are comfortable. Daily journals logging the foods consumed. Her website prints out pages for this task: helpful menu planning ideas, how to eat and exercise while on vacation or during holidays. Written in a personable and friendly manner, offers direction without being overwhelming. Overall, the book is clear and informative and worth a look by those in relatively good health who need to lose weight. [blueink review](#)

A relatively sensible, if not entirely original diet book. Fisher provides a solid foundation for the mental part of losing weight using a system of journaling, timed snacks, makeovers of the wardrobe, kitchen, and pantry, and strategies to help work through stress, discouragement, jealousy, insecurities from partners or friends, too, and even occasions such as parties and holidays that may arise on the journey. Her emphases on ease and satisfaction are key. Fisher knows that few are likely to succeed if a diet is joyless. This guide offers a commendable introduction to navigating the pitfalls of dieting.
