Living, Loving and Loss Brad DeFord, Richard Gilbert, 2016-12-05 One of the unspoken aspects of mourning concerns the ways that loss affects our intimate relationships and our sexual expressiveness This text opens these subjects for conversation with the aim of promoting the trust care and respect that enable us to be vulnerable It purposefully covers a range of topics including 1 the meaning of intimacy and the significance of sexuality providing a basis for the use of these terms throughout the book 2 death grief and differences in sexual orientation including death and intimacy in the lesbian gay bisexual and transgender LGBT community and the losses endured by young people due to gender issues 3 loss of relationship and restoration of intimacy in families including pharmacological effects on the grief processes of widowers grieving a not so loved parent the layered losses of infertility and intimacy and the tolls of war intimacy and sexuality challenges for soldiers and their families 4 adjusting to life's losses associated with aging or illness or infirmity including Alzheimer's and dementia related illnesses physical health losses after 50 and intimacy sex and hospice self determination and dignity at the end of life and 5 religious bases that have shaped our perspectives for understanding intimacy sexuality and healing after loss and which give us hope including the spiritual reflections of a rabbi and a Christian voice in defining what is right Set in a framework that is both psychological and spiritual the well researched contributions are intended to acknowledge these experiences both professionally and personally The book concludes with an extensive bibliography valuable for research and reference This book will be of value in undergraduate and graduate courses on thanatology as well as for anyone interested in knowing more about grief both those currently bereaved and those who wish to support others in

mourning The contributors appreciate both the importance of our capacities for intimacy and sexuality and our inhibitions and hesitations in giving voice to our needs and concerns perhaps especially when we are grieving The information and compassionate understanding they provide encourage us to bridge the gap between the secret and the private and to share what is close to our hearts

Thomas Carlyle's Works: Sartor Resartus. Lectures on heroes and hero-worship Thomas Carlyle,1891 *Sartor Resartus* Thomas Carlyle,2017-06-13T17:04:28Z *Sartor Resartus* was a strange and new book when it was first published in 1833 and in many ways it remains a strange and new book today The bulk of the novel takes the form of the a commentary on the life and works of the fictional Diogenes Teufelsdröckh a sort of renaissance man German philosopher who develops a Philosophy of Clothes The commentary is composed by a fictional English commentator known only as the Editor the Editor claims to have translated many of Teufelsdröckh's ideas and quotes from German As the commentary progresses the Editor receives a bag of paper scraps on which are written various autobiographical fragments from Teufelsdröckh's life The Editor's attempts to organize and interpret these scraps forms the second part of the novel The work is multi faceted sometimes a parody sometimes a comedy sometimes a satire and sometimes seriously philosophical Some critics consider it an early existentialist text At the very least its unique structure and use of meta narrative is hugely influential to modern literature Borges was said to have memorized entire pages and modern texts like Nabokov's *Pale Fire* borrow liberally from the concept of a meta narrative organized on scraps of paper This book is part of the Standard Ebooks project which produces free public domain ebooks
