Library, Gérard Tougas, 1973 This second enlarged edition of Gérard Tougas Checklist is essentially a primary bibliography of French Canadian literature from the nineteenth century to 1968 The Checklist containing over 2800 titles represents the holdings of the University of British Columbia Library The UBC collection comprises a substantial portion of the total body of work published in this field Included are books pamphlets and microfilms In this bibliography the term literature has been interpreted to include separately published chronicles literary criticism biographies and folklore as well as novels poetry drama and short stories The second edition has been expanded to include bibliographies and theses

Shy of the Squirrel's Foot Andy Martrich, 2024-11-11 The Jargon Society a boundary pushing publisher of poetry and experimental writing was founded by Jonathan Williams 1929 2008 in 1951 Jargon quickly gained a reputation as the home of the poetic and literary avant garde including noted midcentury poets like Charles Olson and Lorine Niedecker Williams himself looms large in this story as the publisher at Jargon until his death making this book as much about his life and work as the press he founded which today operates through the Black Mountain College Museum in Asheville North Carolina Andy Martrich authors this story in a manner befitting Jargon's ethos of literary experimentation by focusing on the books the Society cataloged but never published While it's not uncommon for a small press to plan for books that don't make it to publication Martrich argues that Jargon's incessant financial difficulties coupled with Williams's impressive network makes its trail of unfinished projects unique and an ideal way to chronicle the press itself Using archival research interviews with volunteers at Jargon and more Martrich gives readers not only an intimate look into a Southern press and publisher but also an important history of modern and experimental literature in twentieth century America *Shy of the Squirrel's Foot* includes an epilogue by Anne Midgette an afterword by Nicole Raziya Fong and Jargon's complete annotated bibliography which details every book the press published compiled in one place for the first time **Keepers of the Code** Robert

Lecker, 2013-02-07 *Keepers of the Code* explores the complex network of associations and negotiations that influenced the development of literary anthologies in English Canada from 1837 to the present Lecker shows that these anthologies are deeply conflicted narratives that embody the tensions and anxieties felt by their editors when faced with the challenge of constructing or rejecting national ideals He argues that these are intensely self-conscious works with their own literary mechanisms and architecture In reading the history of these anthologies he witnesses a complex narrative of nation a compelling story about the values and interests informing English Canadian literary history
