The Oxford Handbook of Anglican Studies Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world

SCM Studyguide Pastoral Theology Margaret Whipp, Michael Byrne, 2013 The SCM Studyguide Pastoral Theology designed to support undergraduate courses for the training of clergy and lay pastoral workers at an accessible introductory level The book aims to develop pastoral wisdom and integrity through a critical integration of theology and the human sciences Introducing key themes in theological anthropology and pastoral practice it shapes a creative pastoral vision which is deeply rooted in a Christian vision of what it means to be human and what it takes to care Working with case studies the book will introduce broad frameworks of

understanding of issues such as growth loss and sexuality together with critical perspectives on important aspects of practice such as language power and boundaries The book provides an accessible overview of key concepts in pastoral theology offering key entry points for further discussion and study Each chapter includes discussion questions and or reflective exercises at the end of each chapter together with a short bibliography Throughout the text key summaries of learning will be indicated by boxed Practice Points

Cinema, Censorship and Sexuality 1909-1925 (Routledge Revivals) Annette Kuhn, 2016-04-06 First published in 1988 This book shows how censorship as a set of institutions practices
