PLOTTO Genie: For Pulp Fiction and Romantic Dramas Wycliffe A. Hill, 2017-10-08 Escape Writer's Block and Generate Original Content Structure in Minutes Using the 31 Basic Dramatic Situations Common To All Fiction Stories Content Structure for Dramatic Fiction has never been so simple and fast What if all story ideas were able to be boiled down to a single formula Wycliffe A Hill had this idea in the 1930's when no less than Cecil B DeMille rejected one of his stories because it had a good narrative but no drama This led Hill to research that led creating a genie to bring new possibilities to authors To inspire combinations they have never thought of before Reviews tell of writers breaking through their Writer's Block to find new inspiration for plots they had never imagined before Hill notes that unfortunately most stories tend to fall into paths other stories already travelled This Genie enables fresh new combinations of characters obstacles and climaxes never before seen on print or in movies Get Your Copy Now

T&T Clark Social Identity Commentary on the New Testament J. Brian Tucker, Aaron Kuecker, 2020-02-20 The T T Clark Social Identity Commentary on the New Testament is a one of a kind comprehensive Bible resource that highlights the way the NT seeks to form the social identity of the members of the earliest Christ movement By drawing on the interpretive resources of social scientific theories especially those related to the formation of identity interpreters generate new questions that open fruitful identity related avenues into the text It provides helpful introductions to each NT book that focus on various social dimensions of the text as well as a commentary structure that illuminates the text as a work of social influence The commentary offers methodologically informed discussions of difficult and disputed passages and highlights cultural

contexts in theoretically informed ways drawing on resources from social anthropology historical sociology or social identity theory The innovative but careful scholarship of these writers most of whom have published monographs on some aspect of social identity within the New Testament brings to the fore often overlooked social and communal aspects inherent in the NT discourse The net result is a more concrete articulation of some of the every day lived experiences of members of the Christ movement within the Roman Empire while also offering further insight into the relationship between existing and new identities that produced diverse expressions of the Christ movement during the first century The SICNT shows that identity formation is at the heart of the NT and it offers insights for leaders of faith communities addressing these issues in contemporary contexts
