## **Love Knows Difference Learning To Give And Receive:**

**Love Knows No Difference** Maxine Hancock, 1999-03  
Kilgore-Groves, M.S., LGSW, **Living on Less and Liking it More** Maxine Hancock, 2001-04 Receiving Love Harville Hendrix, Helen LaKelly Hunt, 2004-10-05 From the New York Times bestselling author of *Getting the Love You Want* and *Keeping the Love You Find* comes illuminating and inspiring advice on one of the most complicated issues facing couples today: receiving love. Many people know how to give love, but many more undermine their relationships by never having learned how to accept it. We don't always realize the ways in which we reject appreciation, affection, help, and guidance from our romantic partners. According to Hendrix and Hunt, until we are able to understand the meaning behind our behavior, our relationships stand to suffer. *Receiving Love* prompts questions such as: Are you reluctant to tell your partner what you really want or need? When you do get what you've asked for, do you still feel dissatisfied? Is it difficult for you to accept kind gestures, gifts, or compliments from your partner? With *Receiving Love*, you can learn how to break the shackles of self-rejection and embrace real intimacy. Drawing on their renowned expertise, the wide clinical experience of Imago therapists, and their own personal experience as a married couple, the authors offer detailed, sensitive advice on how to turn a relationship between two well-meaning yet misunderstood individuals into a true, everlasting partnership.

**Men Are from Mars, Women Are from Venus** John Gray, 2004-01-06 Rediscover the most famous relationship book ever published. Once upon a time, Martians and Venusians met, fell in love, and had happy relationships together because they respected and accepted their differences. Then they came to Earth, and amnesia set in; they forgot they were from different planets. Based on years of successful counseling of couples and individuals, *Men Are from Mars, Women Are from Venus* has helped millions of couples transform their relationships. Now viewed as a modern classic, this phenomenal book has helped men and women realize how different they can be in their communication styles, their emotional needs, and their modes of behavior, and offers the secrets of communicating without conflicts, allowing couples to give intimacy every chance to grow.

**The Practice of Parenting - A Manual** Larisa Sesterikov, 2021-12-15 How ambitious are you for your children? To think independently, trust themselves, enjoy what they do, and achieve their goals? Do you want them to be successful, self-confident, and yet not entitled? Undoubtedly, the answer is yes. Most of us are not taught to parent or have been poorly parented ourselves, so how can we expect to parent well? In order to overcome this parenting education deficit, struggling parents often turn to books, but end up with a pile next to their beds, each one describing only a small portion of what they require. Well, here's a book that provides answers: *How do we do this?* It covers care giving from the womb all the way to when the child is ready to leave home. Inside, you'll find well-researched facts, revelatory tips, active practices to apply, and a huge array of examples, processes, and procedures on how to be the parent you want to be. What's more, it's a set of guidelines and tools you can give to any of your child's caregivers as a manual to follow on how you'd like your children to be raised when you're not around. In the style of the old computer

manuals in which a table of contents shows you where to look for what you need The Practice of Parenting is a one stop shop to help parents and caregivers resolve the myriad of issues they will encounter in child care while providing a multitude of ways to help them cope For bulk sales and interest please see [www.practiceofparentingmanual.com](http://www.practiceofparentingmanual.com) *Paperbound Books in Print*, 1983

**Given** Kenneth John, 2017-11-14 We all have just one life One that may be too short lived for some and yet seemingly too long for others But one that come its end will undoubtedly abound with tales and truths of things gravely gotten and people greatly given This is one such story Which in truth is probably the same story thats been told a thousand times before About things that always have been and always will It is a love story An uninhibited exposition of infinite love that beckons the answers to some of the questions common to us all And ultimately offers an understanding of a belief that in the beginning and the end it is not and is not to be taken but rather love is given

Wisdom's Daughters Cathy Pagano, 2013-01-24 Wisdom is Women s Gift to the World In the many cultural stories that speak about the changing of the ages it is always Feminine Spirit which brings about the transition to new life for Feminine Spirit knows the

rhythms of life death and rebirth and is the opener of the way In times of cultural transformation it is also our right brain feminine consciousness that is our best guide for it opens us to the creative imagination the realm of possibility The return of the Goddess awakens the transformative energy that births the changing of the ages In the western story of worldwide spiritual transformation there is a powerful image of Cosmic Woman an image of the archetypal Feminine Spirit who transforms and gives birth to this new age And her archetypal image gives us instructions for opening to and incarnating wisdom This image of the awakening Feminine Spirit is an image of the Conscious Woman a woman clothed with the sun standing on the moon crowned with stars who is in labor giving birth to a savior In earlier times and different traditions this archetypal image was understood as Lady Wisdom Today I feel this Goddess image of conscious woman can be incarnated by women everywhere This woman clothed with the sun is Lady Wisdom who calls all women to become her daughters I love Cathy s insights into fairy tales mythology dreams astrological energies and archetypes She makes sense of how our lives are impacted by these complex yet very beautiful elements making them accessible and keeping them profound Her wisdom can only enhance anyone lucky enough to have crossed her path Alix Toland Artist Creator of Color Scope An Astrological Mandala

**Awaken You** Shelly Bond, 2022-01-14 In *Awaken You* yogi and storyteller Shelly Bond offers tangible ways of waking up to life Part guide and part memoir Shelly shares her journey of self doubt to self reflection and finally accepting love With an authentic voice she combats the inner critique as a way toward awakening to life flaws and all Inside this soulful guide are enlightened echoes of pain loss mending a broken marriage parenting acceptance healing compassion forgiveness and more Excerpts from the book Being a conscious parent is more than a thought it is a way of showing up for each and every child as the moment presents itself The false perception of parenting tells us our children need to be a certain way they need to look act think behave and test like everyone else and if they don t we have failed in the parenting realm These lies we have been fooled into believing are only putting more separation between parents and children We can stop the destruction now With the help of unconditional love compassion and forgiveness we can carve a new path for how we will parent from this moment moving forward Showing up and being a conscious parent is being open to what children are teaching us Be open to how we can grow from them and with them and work together to understand how each individual works Today is a beautiful day to be alive There is no better moment than this one there is nowhere to go nothing to do except this moment here and now Inhale a deep breath pause in between the thoughts and thank yourself for showing up followed by a sigh of relief on the exhale There is a hero within us all and dreams do come true when you hold them in your heart with belief no matter what I am inspired with love to share with you no matter your circumstances or life experiences With help we can change seemingly unchangeable events in our lives How you ask With the power of thought and intention linked with the power of loving and believing in yourself again Or for the very first time ever Speaking used to be my worst enemy I held fear of failure and purpose may as well have been on another planet beyond our solar system Yet my journey and these words are

more significant than fear Allowing myself to be creative is a life with the possibility of purpose No matter the fear I still take the step I still write the words even when it s scary I write when my heart feels like exploding out of my chest when words become constricting Fear has never gotten me anywhere but down yet purpose keeps me afloat

**The Anti Stupidity Book** Duane L. Ostler,2016-04-26 Stupidity What is it Is it just something we see our neighbors and members of the opposite political party do Or is it something more Why does it seem to be so universal Are there fundamentals of stupidity that can be recognized These are the questions discussed in this book It presents six fundamentals of stupidity that lead to the stupid choices that we see all around us Included among these are the belief that there are no moral values that God does not exist and that it is acceptable to become addicted and to treat others badly and be proud In the end we see that the only sure way to avoid the fundamentals of stupidity is through the saving power of Jesus Christ
