New Hampshire Revised Statutes Annotated General Index To 2000 Legislation:

New Hampshire Bar Journal ,2000 The Logic of Consent Peter Westen,2017-03-02 The Logic of Consent analyzes the varied nature of consent arguments in criminal law and examines the confusions that commonly arise from the failure of legislatures courts and commentators to understand them Peter Westen skillfully argues that the conceptual aspect accounts for a significant number of the difficulties that legislatures courts and scholars have with consent in criminal cases he observes that consent masquerades as a single kind of event when in reality it refers to diverse and sometimes mutually exclusive kinds of events Specifically consent is used in law to refer to three pairs of contrasting kinds of events factual versus legal attitudinal versus expressive and prescriptive versus imputed While Westen takes no position on whether the substance of existing defenses of consent in criminal law ought to be enlarged or reduced in scope he examines each of these contrasting events and analyzes the normative confusions they produce Legal Information Buyer's Guide and Reference Manual 2005 Kendall F. Steelman,2017-11-22 At this juncture in American history some of our most hard fought state level political struggles involve control of state supreme courts New Hampshire witnessed one of the most dramatic of these culminating in the impeachment of Chief Justice David Brock in 2000 but the issues raised by the case are hardly confined to New Hampshire They involved the proper nature and operation of judicial independence within a populist civic culture that had long assumed the primacy of the legislative branch extolled its citizen legislators over insulated and professionalized elites and entrusted those legislators to properly supervise the judiciary In the last few decades of the 20th Century New Hampshire s judiciary had been substantially reconfigured constitutional amendments and other measures endorsed by the national judicial modernization movement had secured for it a much higher level of independence and internal unification than it had historically enjoyed However a bipartisan body of legislators remained committed to the principle of legislative supremacy inscribed in the state constitution of 1784 The 1980s and 1990s witnessed a series of clashes over court administration allegations of judicial corruption and finally a bitter and protracted battle over Court decisions on educational funding Chief Justice Brock publicly embodied the judicial branch s new status and assertiveness When information came to light regarding some of his administrative actions on the high court deepening antipathy toward him exploded into an impeachment crisis The struggle over Brock s conduct raised significant questions about the meaning and proper practice of impeachment itself as a feature of democratic governance When articles of impeachment were voted by the House of Representatives the state Senate faced the difficult task of establishing trial protocols that would balance the political and juridical responsibilities devolved on them simultaneously by the state constitution Having struck that balance the trial they conducted would finally acquit Brock of all charges Nevertheless David Brock s impeachment was a highly consequential ordeal that provided a needed catalyst for reforms intended to produce a
