Night Listener The Part Two:

Programming Collective Intelligence Toby Segaran, 2007-08-16 Provides information on building Web 2.0 applications that have the capability to mine data created by Internet applications *The Films of Robin Williams* Johnson Cheu, 2019-05-28 From his first appearance as Mork from Ork on the 1970s sitcom *Happy Days* Robin Williams was heralded as a singular talent. In the pre-cable television era he was one of the few performers to successfully transition from TV to film. An Oscar-winning actor and preternaturally quick-witted comedian Williams became a cultural icon leaving behind a large and varied body of work when he unexpectedly took his own life in 2014. This collection of new essays brings together a range of perspectives on Williams and his oeuvre including beloved hits like *Mrs Doubtfire*, *Good Morning Vietnam*, *Good Will Hunting*, *The Fisher King*, *Dead Poets Society* and *Aladdin*. Contributors explore his earlier work *Mork and Mindy*, *The World According to Garp* and his political and satirical films *Moscow on the Hudson*, *Toys*. Williams's darker, less well-known fare such as *Being Human*, *One Hour Photo*, *Final Cut* and *Boulevard* is also covered. Williams's artistry has become woven into the fabric of our global media culture *Sound Effects: The Object Voice in Fiction*, 2015-09-01 *Sound Effects* combines literary criticism and psychoanalytic theory in eleven original articles which explore the potential of the object voice as an analytic tool to approach fiction. Alongside the gaze, the voice is Jacques Lacan's original addition to the set of partial objects of classical psychoanalysis and has only recently been theorised by Mladen Dolar in *A Voice and Nothing More* (2006). With notable exceptions like Garrett Stewart's *Reading Voices* (1990), the sonorous element in fiction has received little scholarly attention in comparison with poetry and drama. *Sound Effects* is a contribution to the burgeoning field of sound studies and sets out to fill this gap through selective readings of English and American fiction of the last two hundred years. Contributors: Fred Botting, Natalja Chestopalova, Mladen Dolar, Matt Foley, Alex Hope, Phillip Mahoney, Sylvia Mieszkowski, Jorge Sacido Romero, Marcin Stawiarski, Garrett Stewart, Peter Weise and Bruce Wyse *The Matter of Rhyme* Christopher Norris, 2018-05-30 The poetry of ideas, a long neglected genre, has now found a vigorous and resourceful champion in Christopher Norris. Hitherto best known as philosopher and literary theorist, he has treated that genre to a full-scale modern revival of singular scope and ambition. His poems combine intellectual agility with a verse music both keen-eared and frequently haunting. This latest collection sees Norris at the top of his bent as lyric poet, poet-philosopher, verse essayist, political satirist, social commentator and skilful re-worker of traditional verse forms to suit contemporary contexts and concerns. It exhibits all the wit and erudition that readers will have come to expect, along with a marked broadening of purview and heightened stylistic virtuosity. These poems engage with topics ranging from the personal though never private, confessional to the deeply enquiring though never abstruse, and the forcefully political though never excluding issues that transcend the narrowly partisan. Above all, they make the case for viewing rhyme, meter and prosodic structure as intrinsically a part of verse practice and a source of everything that is most distinctive and valuable in poetry *On Sexuality and Power*

Alan Sinfield, 2004-12-22 It is widely supposed that the most suitable partner will be someone very much like oneself gay fiction and cinema are often organized around this assumption Nonetheless power differentials are remarkably persistent as well as sexy What are the personal and political implications of this insight Sinfield argues that hierarchies in interpersonal relations are continuous with the main power differentials of our social and political life gender class age and race therefore it is not surprising that they govern our psychic lives Recent writing enables an exploration of their positive potential especially in fantasy as well as their danger On Sexuality and Power focuses on the writing of the last thirty years revisiting also Whitman Wilde Mann Forster and Genet and reassessing the very idea of a gay canon *The Advocate*, 2006-07-18 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States
