The Sociology of Healthcare Alan Clarke, 2013-09-13 The *Sociology of Healthcare* Second Edition explores the impact of current social changes on health, illness, and healthcare and provides an overview of the fundamental concerns in these areas. This new edition features a brand new chapter entitled End of Life, which will help health and social care workers to respond with confidence to one of the most difficult and challenging areas of care. The End of Life chapter includes information on changing attitudes to death, theories of death and dying, and palliative care. All chapters have been thoroughly updated to address diversity issues such as gender, ethnicity, and disability. In addition, expanded and updated chapters include Childhood and Adolescence and Health Inequalities. The text is further enhanced through the use of case studies that relate theory to professional practice and discussion questions to aid understanding. Links to websites direct the reader to further information on health, social wellbeing, and government policies. This book is essential reading for all students of healthcare, including nursing, medicine, midwifery, and health studies, and for those studying healthcare as part of sociology, social care, and social policy degrees. In an age when health policy follows an individualist model of personal responsibility, this book by Alan Clarke demonstrates, with a vast array of evidence, just how much there is such a thing as society. An excellent overall book. Dr Stephen Cowden, Senior Lecturer in Social Work, Coventry.

Daring to Care Susan Gelfand Malka, 2022-08-15 Beginning in the 1960s second wave feminism inspired and influenced dramatic changes in

the nursing profession Susan Gelfand Malka argues that feminism helped end nursing's subordination to medicine and provided nurses with greater autonomy and professional status She discusses two distinct eras in nursing history The first extended from the mid 1960s to the mid 1980s when feminism seemed to belittle the occupation in its analysis of gender subordination but also fueled nursing leaders drive for greater authority and independence The second era began in the mid 1980s when feminism grounded in the ethics of care appealed to a much broader group of caregivers and was incorporated into nursing education While nurses accepted aspects of feminism they did not necessarily identify as feminists Nonetheless they used passed on and developed feminist ideas that brought about nursing school curricula changes and the increase in self directed and specialized roles available to caregivers in the twenty first century
