Place To Stand A Reformed Study Of Creeds And Confessions:

A Place to Stand Cornelius Plantinga, 1979 This study is an introduction to the history and content of the three ecumenical creeds Apostles Nicene and Athanasian and three Reformed confessions Heidelberg Catechism Belgic Confession and Canons of Dort The materials can be used in various adult study groups taking as few as four or as many as 31 sessions The last section of A Place To Stand contains Postscripts which are to be used in class sessions *Introducing the Reformed Faith* Donald K. McKim, 2001-01-01 In this book Donald McKim examines Reformed beliefs on sixteen theological topics including Scripture the Trinity sin salvation the person of Jesus and Baptism He also discusses distinctive emphases of the Reformed faith and shows how Reformed beliefs relate to the broader ecumenical family of Christian teachings

Presbyterian Creeds Jack Rogers, 1985-01-01 This book provides clergy laity and students with a thorough introduction to their faith as set forth in the Book of Confessions Jack Rogers explains technical terms and places current issues in perspective by examining the meaning of the creeds confessions and declarations found in the Book of Confessions He examines their role in history their full meaning and their continued relevance to the Christian community **Historical Dictionary of the Reformed Churches** Robert Benedetto, Donald K. McKim, 2023-10-15 As its name implies the Reformed tradition grew out of the 16th century Protestant Reformation The Reformed churches consider themselves to be the Catholic Church reformed The movement originated in the reform efforts of Huldrych Zwingli 1484 1531 of Zurich and John Calvin 1509 1564 of Geneva Although the Reformed movement was dependent upon many Protestant leaders it was Calvin s tireless work as a writer preacher teacher and social and ecclesiastical reformer that provided a substantial body of literature and an ethos from which the Reformed tradition grew Today the Reformed churches are a multicultural multiethnic and multinational phenomenon Historical Dictionary of the Reformed Churches Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on leaders personalities events facts movements and beliefs of the Reformed churches This book is an excellent resource for students researchers and anyone wanting to know more about reformed churches **The Covenant Connection** Daniel Judah Elazar, John Kincaid, 2000-01-01 American European political and theological histories intersect in this important new exploration of the founding of the United States The Covenant Connection examines the way in which the Protestant Reformation and federal covenant theology which lay at the foundation of Reformed Protestantism in its Calvinist version played a major role in shaping the political life and ideas of the colonies of British North America and ultimately the new United States of America Contributors to the volume look at the most critical facets of this connection over nearly three centuries from the beginning of the Reformation in sixteenth century Zurich to the declaration of American independence and the writing of the U S Constitution Individual chapters show how federal theology led to a revival of Biblical republicanism in Reformation Europe how it was applied and modified in countries such as Switzerland the Netherlands

Scotland and England and how it was carried across the Atlantic by the early settlers of North America most particularly the Puritans but also other groups such as the Dutch and the Scots to form the matrix for American constitutionalism democratic republicanism and federalism As a collection *The Covenant Connection* provides an irrefutable analysis of the profound biblical and Reformation influences on the founding of America

The Oxford Handbook of Reformed Theology Michael Allen, Scott R. Swain, 2020-10-30 The Oxford Handbook of Reformed Theology looks back to past resources that have informed Reformed theology and surveys present conversations among those engaged in Reformed theology today First the volume offers accounts of the major historical contexts of reformed theology the various relationships ancient and modern which it maintains and from which it derives Recent research has shown the intricate ties between the patristic and medieval heritage of the church and the work of the reformed movement in the sixteenth century The past century has also witnessed an explosion of reformed theology outside the Western world prompting a need for attention not only to these global voices but also to the unique and contingent history of reformed theology in the West hence reflecting on its relationship to intellectual developments like scholastic method or the critical approaches of modern biblical studies Second the volume assesses some of the classic representative texts of the reformed tradition observing also their reception history The reformed movement is not dominated by a single figure but it does contain a host of paradigmatic texts that demonstrate the range and vitality of reformed thought on politics piety biblical commentary dogmatic reflection and social engagement Third the volume turns to key doctrines and topics that continue to receive attention by reformed theologians today Contributors who are themselves making cutting edge contributions to constructive theology today reflect on the state of the question and offer their own proposals regarding a host of doctrinal topics and themes

The Belgic Confession Albert J. Coetsee, Sarel P. van der Walt, D Francois Muller, 2023-10-31 This book investigates the contemporary relevance of the Belgic Confession The book groups the 37 articles of the Belgic Confession together to cover the confession in 12 chapters alongside an introductory chapter The emphasis of the publication falls on two aspects 1 providing a scope of contemporary theological ethical and general issues and possible controversies regarding the content of the Belgic Confession and 2 formulating ethical perspectives and guidelines from the Belgic Confession that may assist in the building of societies Where applicable chapters also discuss the history of the text of the Belgic Confession the organic unity between the articles of the Belgic Confession a dogmatic historical perspective on the development of the doctrine content of the Belgic Confession and the relationship between the Belgic Confession and other confessions

A Place to Stand Teacher's Manual, 1979

New Dictionary of Theology: Historical and Systematic (Second Edition), 2016-04-21 Since its first publication in 1988 the New Dictionary of Theology has been widely appreciated by students and readers as a trustworthy and informative guide After almost thirty years however there are many new writers issues and themes on the agenda for theology does not stand still Hence this completely revised second edition includes over 400 new articles in the full set of over 800 Many of the original

articles have been expanded and updated and almost all have additional bibliographical references Since material on biblical theology is now covered at length in IVP's New Dictionary of Biblical Theology this volume is therefore more specifically a dictionary of historical and systematic theology The New Dictionary of Theology Historical and Systematic has an international team of contributors and many are acknowledged experts in their fields The Dictionary combines excellence in scholarship with a high standard of clarity and insight into current theological issues yet it avoids being unduly technical Students teachers and ministers as well as scholars and everyone seeking a better understanding of theology will value it as an indispensable reference work The volume is enhanced by a spacious and clear design an extensive and easy to use cross reference system and bibliographies which feature the best and most readily available works in English
