Contracting for ABS Shakeel Bhatti, Tomme Young, Santiago Carrizosa, Patrick McGuire, 2009 Contracts relating to scientific technical development are effective only where they are enforceable or valid under relevant law can be practically implemented by the parties and address matters arising from the relevant scientific technical issues and practices

Negotiators are often hampered by their lack of knowledge of contract law and of the biotechnological techniques used to derive new molecules and genes or genetic or biochemical formulas from biological samples This lack of knowledge means they may not make the best choices This book examines the special issues in applying contract law to the rights to take and utilize genetic resources and the scientific issues and the manner in which they affect the negotiation of ABS agreements

More than just another new theoretical study this book really is a practical and useful tool that I sincerely recommend From the foreword by Mr Marc van der Woude President of the General Court of the European Union The new Rules of Procedure of the General Court in force as of 2015 as well as the reform of the General Court and the re establishment of a two tier EU judiciary in September 2016 are the last bricks in the post Lisbon legal structure governing litigation before the EU Courts This work covers the already sizeable case law developed after the completion of these reforms and explains the changes in the Courts practice entailed by them Written by experienced EU Court and Commission insiders it gives a detailed and practice oriented overview of the whole spectrum of litigation procedure before the EU judiciary It also presents the entire

system of judicial avenues that enable litigants to enforce their rights under EU law against European institutions Member States or private parties The book is thus a comprehensive reference tool for practising lawyers and helps them present their cases effectively while at the same time offering valuable guidance to national judges dealing with cases raising points of EU law Moreover it provides insights into the reasoning process of the EU Courts which will be of interest to scholars in the field and is built around a structure that facilitates its use as a teaching material
