Practical Pacifism:

Practical Pacifism Andrew Fiala, 2004 The United States has a unique responsibility and opportunity to use democracy to end war but after 9 11 many can no longer imagine pacifism in any form Practical Pacifism argues for an approach to peace that aims toward a moral consensus that is developed pragmatically through dialogue aimed at overlapping consensus Andrew Fiala is an Associate Professor of Philosophy and Humanistic Studies at the University of Wisconsin He has written many articles for Philosophy in the Contemporary World Metaphilosophy Res Publica the Internet Encyclopedia of Philosophy Practical Pacifism and Its Adversaries Severin Nordentoft, 1918 and The Humanist The Individual and the Political Order Norman E. Bowie, Robert L. Simon, 2008 This fourth edition of The Individual and the Political Order provides a careful accessible and reasoned liberal justification for the democratic state and political authority. The central feature of liberalism is the commitment to individual autonomy. The authors show how that commitment provides a defense of democracy and they give a liberal interpretation to such core values as liberty equality and political authority Although the authors support liberal theory they also provide a sympathetic treatment of the critics of liberalism The authors give a sound explanation of such positions as feminist political theory communitarianism and post modernism but they also argue persuasively that these theories fall short as adequate theories of the political order A significant feature of the new edition is the treatment of international issues and globalization particularly the war on terrorism and poverty in the third world This edition retains its balanced treatment of such major theorists as Hobbes Locke Rousseau Rawls and in this edition Marx This edition continues the tradition of readability balance and careful argumentation that characterized the earlier editions The Individual and the Political Order is accessible to a wide audience and to nearly all individuals who are interested in how citizens in a state should be governed Practical Pacifism and Its Adversaries.
