Vampires Today Joseph P. Laycock, 2009-05-14 This book about real vampires and the communities they have formed explores the modern world of vampirism in all its amazing variety Long before Dracula people were fascinated by vampires The interest has continued in more recent times with Anne Rice's Lestat novels Buffy the Vampire Slayer the HBO series True Blood and the immensely popular Twilight But vampires are not just the stuff of folklore and fiction Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States this fascinating book looks at the details of real vampire life and the many expressions of vampirism as it now exists In Vampires Today The Truth about Modern Vampirism Joseph Laycock argues that today's vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human

Creatures of the Night Gregory L. Reece, 2012-02-28 Vampires and werewolves phantoms and phantasms looming out of the fog leaps the menacing spectre of the lycanthrope ghoul or blood crazed zombie Intrigued by some of the most sinister yet at the same time most compelling legends of western civilization Gregory L Reece dusts down his stake and crucifix loads his silver bullets and takes off into the wilds in search of answers and fresh adventures Rummaging around in crumbling tombs and cobwebbed sarcophagi his latest quest leads him into the haunted realm of the dead and the undead of those carnivorous nocturnal hunters that might perhaps better be left undisturbed Why he asks is our culture obsessed by the eerie and the macabre Why despite its horrors does the dark side of the supernatural its seances and ghost hunting demonic possession and the occult call to us with such dangerous allure Whether tracking night stalking werewolves chanting black magic mantras with Satanists or interviewing a funereal modern day Count Dracula Reece is determined to uncover the truth A wry exploration of a secret and secretive subculture Creatures of the Night is at the same time a bold and startling journey into a wraithlike world that has so often seemed to lie beyond the limits of rational comprehension until now
