know that going through practice questions is one of the most effective strategies that students are using to pass the exam. That is exactly why you need to grab a copy of this book. Inside we're going to share 35 of our best TMC Practice Questions with you. All of course covering the one of the most important sections of the exam: Pulmonary Function Testing. Each practice question in this book also comes with a detailed rationale that explains exactly why the answer is correct. Not to mention it also explains why the other answer choices are wrong. This is so important when it comes to actually learning the information that you need to know. So if you're ready to master PFTs, I'll see you on the inside.
