The Practice of Counselling in Primary Care Robert Bor, Damian McCann, 1999-07-06 Useful for the insights about introducing a new service into the general practice environment Family Practice Counselling practitioners in primary care settings have unique circumstances to contend with This book offers practical guidance for managing the issues these counsellors face exploring the complex dynamics of health care teams and providing a guide to the safe and effective practice of counselling in primary health care contexts The book highlights potential sources of difficulty for this group from needing to maximize therapeutic contact while using time limited techniques to working with a wide range of patients and problems and relying increasingly on evidence based practice

Clinical Counselling in Primary Care John Lees, 2020-12-14 Clinical Counselling in Primary Care examines the complexities and variety of uses of clinical counselling employed in a medical setting With an estimated 2 in 3 GP surgeries now employing a counsellor or referring patients on a regular basis this book tackles key debates head on It discusses a range of important clinical issues such as therapeutic framework clinical work as part of the greater whole the need to develop suitable therapeutic models Clinical Counselling in Primary Care looks at possible developments in the future and argues for the improvement of the standing of counselling in relation to other primary care professions

Time Limited Therapy in Primary Care Richard Bryant-Jefferies, 2017-11-22 Many counsellors who work in primary care find it difficult to explain to colleagues in the primary care team what they actually do with clients behind the closed door of their room In this book the author brings to life in a gripping way what really does go on when a counsellor sees a patient in the primary healthcare setting It's good to read for once a book that describes so realistically and movingly the minute by minute account of what actually happens not a book describing clever therapists getting it right all the time The book should be required reading for newly appointed non clinical managers of counselling services and for primary healthcare staff about to start working with a counsellor as a member of their team

Graham Curtis Jenkins in his Foreword

Understanding Counselling in Primary Care Marilyn Pietroni, Alison Vaspe, 2000 This unique book presents the real life experiences of the counseling service created by a pioneering primary care team at the Marylebone Health Centre a busy inner city general practice in the UK The book details the counselling team in action as they set up service manage and supervise counsellors and evaluate and audit their work as a multi professional health team taking an integrated approach to health and social care in a broader network of community services
