Practicing Passion Youth And The Quest For A Passionate Church:

Practicing Passion Kenda Creasy Dean, 2004-04-26 Every stage of life brings out certain human characteristics and according to Kenda Creasy Dean adolescence is particularly characterized by passion If the church is to speak meaningfully to youth and in turn reap the many benefits that young people have to offer then its ministry must be predicated on passion the Passion of Christ the passion of youth and the passionate faith that results when these two things come together The uniqueness of Practicing Passion lies in its relocating youth ministry in practical theology rather than in educational theory or psychological or social development While youth ministry has routinely capitalized on the passions of adolescents little attention has been given to the theological mooring that youth need to connect with the church and hold firm amid the growing demands of popular culture Focusing on the theological resonance between the Passion of Christ and adolescents experience of passion Dean develops a framework for youth ministry that draws on the historic practices of the Christian community as a curriculum of passion Offering a compelling new model for reaching discipling and empowering today s young adults Practicing Passion is a vital resource for anyone already engaged in or preparing for youth ministry

Embodying Youth Wesley Ellis, Michael Langford, 2020-05-21 Embodying Youth Exploring Youth Ministry and Disability seeks to help close the gap between disability theology and youth ministry education What is youth ministry And who is it for Christian youth workers and ministers in the West have been answering these questions either implicitly or explicitly for decades The ways we answer these questions and the ways in which we go about answering them have huge implications with regards to the faithfulness and effectiveness of the church s ministry with young people These questions have not always been pursued with the experience of disability in mind In fact it is often excluded not only from the academic field but from the church s practice of youth ministry as well In this book scholars and youth workers seek to attend to the questions of youth ministry by putting the experience of disability at the forefront with hope not only that the church might include young people with disabilities but also that our very understanding of what youth ministry is and who youth ministry is for might be transformed for the sake of the gospel This book was originally published as a special issue of the Journal of Disability Religion

Ministry with Youth in Crisis, Revised Edition Harley T. Atkinson, W. Lee Barnett, Michael Severe, 2016-11-09 Ministry with Youth in Crisis is a comprehensive treatment of major adolescent crises related to life themes including self identity faith formation family life social relationships sexuality suicide substance abuse and eating disorders The distinctiveness of this book is that it offers a fine blend of solid research workable theory and specific strategies for successfully ministering to and with youth in crisis Furthermore it emphasizes the caring and sensitive side of working effectively with adolescents experiencing both normal and extreme crisis situations This volume therefore is both descriptive and prescriptive in nature in that it describes the world teens live in and offers biblical responses for ministry

From a Ministry for Youth to a Ministry of Youth Ruth Lukabyo, 2020-09-30 At a time of unprecedented secularization and

declining church attendance youth ministry in the twenty first century should be doomed So why is Protestant youth ministry in Sydney vibrant and in many places growing This book sets out to answer this question which is of such importance for the future of the Australian church A pioneering model of youth ministry evolved in the 1930s and was already flourishing in churches schools and university by the 1950s Its early high point was the Billy Graham Crusade of 1959 which may legitimately be seen as an Australian youth revival The new model broke with past practice by cultivating ministry leadership by young people by promoting peer groups to nurture and share faith and by fostering ministry collaboration between young men and women The model used by theological conservatives and liberals alike and has proved both enduring and fruitful This book will engage with the model of youth ministry and the religious experiences of young people in Sydney By reading it you will not only learn from the significant achievements of young people in the past but be better equipped to creatively consider new methods of ministry for the twenty first century *Worship with Teenagers* Eric L. Mathis, 2022-02-15 This book addresses the vital role of public Christian worship in adolescent spiritual formation and shows how important youth ministry and worship ministry are to each other Despite numerous research projects books articles and resources that have been published about teenagers and about worship in recent years the relationship between the two has been addressed only peripherally if not altogether overlooked Drawing on his extensive experience in worship ministry and youth ministry Eric Mathis offers insights into the worship practices of teenagers corrects common misperceptions about worship and critically examines four prominent worship models in current practice Mathis invites youth pastors worship leaders ministerial students and congregations to elevate the voices of young people in the worshiping community and enhance worship for all ages The book includes a foreword by Kenda Creasy Dean **Making Jesus Attractive** Gretchen Schoon Tanis, 2016-02-02 Making Jesus Attractive is an in depth look at the history and theology of this parachurch organization dedicated to ministry with young people Beginning with the theological background of founder Jim Rayburn and moving through the decades of the ministry this book examines not only the articulated theological statements of the organization but the lived theology as well This book provides a thorough overview of the theological underpinnings of the Young Life organization and challenges their model of an attractive Christianity providing insights that could be utilized by all youth ministry workers *The Adolescent Journey* Amy E. Jacober, 2011-04-07 Adolescence is a time of individuation children are slowly finding their identity as adults separate from their parents and other adult influences Such a critical time of psychological development is complicated by cultural influences that shape their expectations of adulthood and color how they relate to other people and even God The task of the youth pastor becomes to help adolescents navigate this often treacherous journey helping young people reconcile their experience of childhood to the reality of their impending adulthood and rooting and establishing them in a faith that can sustain them through their adult journey as well Drawing on the insights of sociology and psychology Jacober reveals youth ministry to be an act of practical theology and helps youth pastors find their footing as they guide young people through

adolescence **Understanding Teenage Sexuality** Steven Emery-Wright,2009 *Presence-Centered Youth Ministry*
Mike King,2006-08-29 Mike King proposes a youth ministry centered in the presence of God Here young people encounter Christ not in the flash and pop of arena ministry but in the sacred shadow of his presence This book gives shape to such ministry through the classic disciplines and potent symbols and practices that have sustained the church over the centuries
