Multicultural Groups follows the ASGW Principles for Diversity Competent Group Workers and is intended to provide group leaders with essential information about different cultural groups and their world views, perceptions of groups, naturalistic healing methods, suggested group interventions, and implications for groups. Chapters cover Native Americans, Latinos, Asians, and African Americans, disabled persons, and gender and sexuality groups. This section presents readers with theoretical and empirical support for group work in such settings as the Veterans Administration system, university counseling centers, and more. Across the Lifespan consists of chapters across many age groups. For children and adolescents, cognitive and developmental issues are addressed. For adults, socialization and interpersonal issues are addressed, including separate chapters for male and female groups. Finally, a chapter on the elderly deals with cognitive health and life review issues. Special Topics Groups presents a continuum of different types of groups used to treat people with interpersonal and developmental issues such as grief, substance abuse, depression, and others. Each chapter in this section provides definitions and descriptions of the issues along with theoretical and empirical support. Finally, Critical Issues and Emerging Topics attempts to reflect the zeitgeist and provide a glimpse into group interventions for the future.
