Pragmatics And Classical Sanskrit A Pilot Study In Linguistic Politeness:

Pragmatics and Classical Sanskrit Lieve Van de Walle, 1993-11-19 This book explores the possibilities and limitations of pragmatic research in classical Sanskrit concentrating on linguistic politeness The four case studies it comprises are in essence empirical and try to accurately describe a fairly limited number of interactions between an also limited number of people The underlying assumption is that a micro analysis yields recognizable patterns of communicative styles and that these generalizations improve our insight in the workings of politeness deference in this language and in languages in general This book also shows that the relation between classical languages and pragmatics is not necessarily a one way street The data provide ample evidence that a detailed text study offers rich opportunities both to supplement experimental studies e g the Cross Cultural Speech Act Realization Project and to evaluate existing pragmatic theories constructed on the basis of contemporary languages

Discourse and Politeness Naomi Geyer, 2008-01-06 Discourse and Politeness examines Japanese institutional discourse and attempts to clarify the relationship between politeness facework and speaker identity The book seeks to establish an empirically grounded analysis of facework as the basis for evaluating politeness and describes facework in delicate situations such as disagreement teasing and talking about troubles which have rarely been discussed in politeness studies Insightful and cutting edge this research monograph will be of interest to researchers in discourse analysis sociolinguistics and Japanese language

Politeness in Mexico and the United States J. César Félix-Brasdefer, 2008-01-09 This book explores the issue of politeness phenomena and socially appropriate behavior in two societies Mexico and the United States in three different contexts refusing invitations requests and suggestions In addition to a state of the art review of the speech act of refusals in numerous languages the book provides a rigorous analysis of data collection methods utilized to examine speech act behavior at the production and perception levels Many examples of native speaker interactions illustrate the similarities and differences observed in the realization patterns and the perception of refusals by Mexicans and Americans in formal and informal situations The data are analyzed in terms of refusal sequences and pragmatic strategies which are strategically used to carry out relational work during the negotiation of face The results of the quantitative and qualitative analyses are interpreted in light of the notions of face politeness and relational work in Mexico and the United States This publication will be of interest to researchers and students in pragmatics and discourse analysis cross cultural communication and sociology

Aspects of a Cognitive-pragmatic Theory of Language Jan Nuyts, 1992 This book is about a theory of language that combines two observations 1 that language is based on an extensive cognitive infrastructure cognitivism and 2 that it is functional for its user functionalism These observations are regarded as two dimensions of one phenomenon that both need to be accounted for simultaneously and coherently in accounting for language Chapter 1 presents the cognitivist and functionalist points of view and their interrelation and discusses the integration of language research under a cognitive umbrella the issue of defining functions of language and the formalism functionalism debate Chapter 2 criticizes the Chomskyan formalist conception of language and cognition from the perspective of cognitive pragmatic theory The focus is on different aspects of the competence performance dichotomy and in

particular on the nature of linguistic knowledge The ontogenesis and phylogenesis of language are also discussed Chapter 3 deals with the potential contribution of a functional linguistic grammar to an integrated conception of the cognitive systems of language viz Dik's Functional Grammar and introduces the concept of a Functional Procedural Grammar as a more integrative model for language production Special attention is also paid to the nature of conceptual knowledge and the relationship between language production and interpretation The debate is illustrated by an analysis of negative raising

The Grammar-pragmatics Interface Nancy Ann Hedberg, Ron Zacharski, 2007-01-01 This collection of papers celebrates the work of Jeanette K Gundel who has contributed to the field of grammar pragmatics interface through her publications on the syntactic realization of topic and comment and the cognitive status of referring expressions as well as by inspiring colleagues to make contributions to the overall field of pragmatics This volume collects together papers from colleagues and former students on pragmatics and syntax pragmatics and reference and pragmatics and social variables The volume includes papers devoted to explicating the grammar pragmatics interface with the focus of the papers ranging from Gricean and post Gricean pragmatics construction grammar and genre theory to formal semantics as well as papers devoted to expanding on Gundel's own original approach to factors such as the cognitive status decisions underlying speakers choice of referring expression and the topic and focus decisions underlying speakers choice of referring expression and the topic and focus decisions underlying speakers choice of syntactic construction

Lexical Pragmatics and Theory of Mind Sandrine Zufferey, 2010 The concept of theory of mind ToM a hot topic in cognitive psychology for the past twenty five years has gained increasing importance in the fields of linguistics and pragmatics However even though the relationship between ToM and verbal communication is now recognized the extent causality and full implications of this connection remain mostly to be explored This book presents a comprehensive discussion of the interface between language communication and theory of mind and puts forward an innovative proposal regarding the role of discourse connectives for this interface The proposed analysis of connectives is tested from the perspective of their acquisition using empirical methods such as corpus analysis and controlled experiments thus placing the study of connectives within the emerging framework of experimental pragmatics

Style Shifting in Japanese Kimberly Jones, Tsuyoshi Ono, 2008 This innovative and interdisciplinary book on style shifting in Japanese brings together a wide range of perspectives and methodologies including discourse analysis sociolinguistics cognitive linguistics and functional linguistics to look at a variety of types of style shifting in both spoken and written Japanese discourse Though diverse in approach the contributions all reflect the belief that language use is inextricably linked to both context and language structure in mutually constitutive relationships Topics covered include shifting between polite and plain styles the emergence of a semi polite style speakers strategic use of gendered styles or regional dialects shifting between different deictic expressions and prosodic shifting This careful and detailed examination advances our understanding of the complex phenomenon of style shifting not only in Japanese but also more generally and

Cross-Linguistic and Cross-Cultural Perspectives on Academic

Discourse Eija Suomela-Salmi, Fred Dervin, 2009-11-19 The goal of this volume is to examine academic discourse AD from cross linguistic and cross cultural perspectives The adjective Cross cultural in the volume title is not just limited to national contexts but also includes a cross disciplinary perspective Twelve scientific fields are under scrutiny in the articles One of the unique aspects of the volume is the inclusion of a variety of foreign languages English as a lingua franca Spanish French Swedish Russian German Italian and Norwegian Besides in several articles dealing with oral AD comparisons and parallels are also established with written AD The research methodologies used in the studies are varied and they offer an overview of the diversity and richness of approaches to AD All in all it is hoped that the volume appeals not only to young researchers but also to confirmed scholars interested in cross linguistic and cross cultural aspects of AD It will also be of interest to language teachers or teachers who are involved with e g international students and academic mobility

Metapragmatics in Use

Wolfram Bublitz, Axel Hübner, 2007-12-12 This collection of papers fills a gap in current research on both metapragmatics and pragmatics in that it combines data based pragmatic analysis with metapragmatic theory and focuses on the ways in which metadiscourse is actually used The 12 contributions investigate speech acts and verbal as well as non verbal expressions which highlight meta linguistic aspects of ongoing discourse and thus provoke a deviation from the latter's original direction and purpose All case studies discuss ways and means which interactants employ to resolve diverging pragmatic expectations in communication The papers analyze authentic examples from English and other languages and cultures including Thai Chinese and Japanese and center around three principal domains of communication ordinary everyday interaction interaction in educational contexts and in specialized discourse The introductory chapter locates the various contributions within a systematically broader theoretical framework The wide scope of the collection its empirical orientation and the reader friendly form of presentation should appeal to anyone interested in pragmatics whether scholar or student

Social Roles

and Language Practices in Late Modern English Päivi Pahta, Minna Nevala, Arja Nurmi, 2010 This is a trailblazing volume Too often do studies in historical linguistics adopt social or other theories of yesterday But here we have cutting edge research on social roles identities and practices applied innovatively to historical data leading to new insights not just about Late Modern English but also about the dynamics of language social phenomena and change and lighting the way for future research

Metalanguage in

Interaction Yael Maschler, 2009-10-14 Metalanguage in Interaction is about the crystallization of metalanguage employed throughout interaction into the discourse markers which permeate talk Based on close analysis of naturally occurring Hebrew conversation it is a synchronic study of the grammaticization of discourse markers a phenomenon until now mostly studied from a diachronic perspective It constitutes the first monograph in the fields of Hebrew interactional linguistics and

Hebrew discourse markers The book first presents what is unique to the present approach to discourse markers and gives them an operational definition Discourse markers are explored as a system illuminating their patterning in terms of function structure and the moments in interaction at which they are employed Next detailed analysis of four Hebrew discourse markers illuminates not only the functions and grammaticization patterns of these markers but also what they reveal about quintessential aspects of Israeli society identity and culture The conclusion discusses commonalities and differences in the grammaticization patterns of the four markers and relates the grammaticization of discourse markers from interaction to projectability in discourse

Linguistic Creativity in Japanese Discourse Senko K. Maynard, 2007-07-13 Using theoretical concepts of self perspective and voice as an interpretive guide and based on the Place of Negotiation theory this volume explores the phenomenon of linguistic creativity in Japanese discourse i e the use of language in specific ways for foregrounding personalized expressive meanings Personalized expressive meanings include psychological emotive interpersonal and rhetorical aspects of communication encompassing broad meanings such as feelings of intimacy or distance emotion empathy humor playfulness persona sense of self identity rhetorical effects and so on Nine analysis chapters explore the meanings functions and effects observable in the indices of linguistic creativity focusing on discourse creativity style mixture borrowing others styles genre mixture rhetorical creativity puns metaphors metaphors in multimodal discourse and grammatical creativity negatives demonstratives first person references Based on the analysis of verbal and visual data drawn from multiple genres of contemporary cultural discourse this work reveals that by creatively expressing in language we share our worlds from multiple perspectives we speak in self s and others many voices and we endlessly create personalized expressive meanings as testimony to our own sense of being

Toddler and Parent Interaction Anna Filipi, 2009 This book provides a microanalysis of the interactions between four children and their parents starting when the children were aged 9 to 13 months and ending when they were 18 months old It tracks development as an issue for and of interaction In so doing it uncovers the details of the organisation of the sequence structure of the interactions and exposes the workings of language and social development as they unfold in everyday activities The study begins with a description of pre verbal children s sequences of action and then tracks those sequences as linguistic ability increases The analysis reveals a developing richness and complexity of the sequence structure and exposes a gap in Child Language studies that focus on the children s and their carers actions in isolation from their sequential environment By focusing on the initiating actions of both child and parent and the response to those actions and by capturing the details of how both verbal and nonverbal actions are organised in the larger sequences of talk a more complete picture emerges of how adept the young child is at co creating meaning in highly organised ways well before words start to surface The study also uncovers pursuit of a response and orientation to insufficiency and adequacy of response as defining characteristics of these early interactions Publisher s website

Constraints in Discourse 2 Peter Kühnlein, Anton Benz, C. L. Sidner, 2010 Text is highly structured and structured

at a variety of levels But what are the units of text which levels are at stake and what establishes the structure that binds the units together This volume just as the predecessor a spin off of one of the workshops on constraints in discourse contains the most recent thoroughly reviewed papers by specialists in the area that try to give answers to such questions It helps deepening the understanding of a multiplicity of mechanisms and constraints that are at work during production and comprehension of well formed discourse Researchers from linguistics both formal and psycholinguistics artificial intelligence and cognitive sciences will appreciate this book as a valuable resource for information and inspiration

New Adventures in Language and Interaction Jürgen Streeck, 2010 In this book sixteen international scholars of language and social interaction describe their distinct frameworks of analysis Taking conversation analysis and interactional sociolinguistics as their points of departure and investigating ordinary conversation as well as institutions such as health care therapy and city council meetings they often incorporate gesture prosody and the listener's behavior in the analysis of talk While some approaches are grounded in a critique of the major schools of interaction analysis others integrate the interactionist perspective with ideas from fields such as systemic functional linguistics distributed cognition and the sociology of knowledge Each chapter combines a statement of the terms and methods of analysis with an exemplary analysis of a moment of interaction New Adventures in Language and Interaction gives an excellent overview of the novelty and diversity of interaction focused perspectives on language and of the heterogeneity of approaches that have evolved from the pioneering work of Sacks and Schegloff Gumperz and their co workers

Ideology and Status of Sanskrit, 2023-07-31 The present volume is the outcome of a seminar on the Ideology and Status of Sanskrit held in Leiden under the auspices of the International Institute for Asian Studies The book contains studies of crucial periods and important areas in the history of the Sanskrit language from the earliest Vedic and pre Vedic periods through the period in which the restricted use of Sanskrit spread over practically all of South including part of Central and Southeast Asia sometimes referred to as the period of Greater India up to the recent history of Sanskrit in India The contributions of this volume are divided into three sections 1 Origins and Creation of the Eternal Language 2 Transculturation Vernacularization Sanskritization 3 The Sanskrit Tradition Continuity from the past or Construction from the present

The Contextualization of Language Peter Auer, Aldo Di Luzio, 1992-06-11 This volume suggests a novel treatment of context in the analysis of everyday interaction On a theoretical level it advocates a switch of focus from context as a preestablished monolithic category which constricts co participants verbal and nonverbal behaviour to an active notion of contextualization in order to make oneself understood participants have to establish and maintain those shared contextual frames which in turn are relevant to the local interpretation of their verbal and nonverbal activities On an empirical level the volume contains exemplary analyses that show how participants employ contextualization cues of prosodic rhythm intonation tempo etc or nonverbal gaze gesture etc nature in order to achieve context The volume is also an appraisal of the theory of contextualization developed by John Gumperz In their

contributions researchers from various schools of research such as conversation analysis micro ethnography phonetics phonology and metapragmatics relate their work to this theory
