Pragmatism And The Problem Of Race

David Kenny

Pragmatism And The Problem Of Race:

Pragmatism and the Problem of Race Bill E. Lawson, Donald F. Koch, 2004-04-21 How should pragmatists respond to and contribute to the resolution of one of America's greatest and most enduring problems? Given that the most important thinkers of the pragmatist movement—Charles S. Peirce, William James, John Dewey, and George Herbert Mead—said little about the problem of race, how does their distinctly American way of thinking confront the hardship and brutality that characterizes the experience of many African Americans in this country? In 12 thoughtful and provocative essays, contemporary American pragmatists connect ideas with action and theory with practice to come to terms with this seemingly intractable problem. Exploring themes such as racism and social change, the value of the concept of race, the role of education in ameliorating racism, and the place of democracy in dealing with the tragedy of race, the voices gathered in this volume consider how pragmatism can focus new attention on the problem of race. Contributors are Michael Eldridge, Eddie S. Glaude Jr., Judith M. Green, D. Micah Hester, Donald F. Koch, Bill E. Lawson, David E. McClean, Gregory F. Pappas, Scott L. Pratt, Alfred E. Prettyman, John R. Shook, Paul C. Taylor, and Cornel West. *In a Shade of Blue* Eddie S. Glaude, 2008-10 Publisher description

Pragmatism, Nation, and Race Chad Kautzer, Eduardo Mendieta, 2009-06-09 Pragmatism has been called the chief glory of our country's intellectual tradition by its supporters and a dog's dinner by its detractors. While acknowledging pragmatism's direct ties to American imperialism and expansionism, Chad Kautzer, Eduardo Mendieta, and the contributors to this volume consider the role pragmatism plays for better or worse in current discussions of nationalism, war, race, and community. What can pragmatism contribute to understandings of a diverse nation? How can we reconcile pragmatism's history with recent changes in the country's racial and ethnic makeup? How does pragmatism help to explain American values and institutions and fit them into new national and multinational settings? The answers to these questions reveal pragmatism's role in helping to nourish the fundamental ideas, politics, and culture of contemporary America. [African American Bioethics](#) Lawrence J. Prograis Jr., Edmund D. Pellegrino, 2007-05-03 Do people of differing ethnicities, cultures, and races view medicine and bioethics differently? And if they do, should they? Are doctors and researchers taking environmental perspectives into account when dealing with patients? If so, is it done effectively and properly? In *African American Bioethics*, Lawrence J. Prograis Jr. and Edmund D. Pellegrino bring together medical practitioners, researchers, and theorists to assess one fundamental question: Is there a distinctive African American bioethics? The book's contributors resoundingly answer yes, yet their responses vary. They discuss the continuing African American experience with bioethics in the context of religion and tradition, work, health, and U.S. society at large, finding enough commonality to craft a deep and compelling case for locating a black bioethical framework within the broader practice, yet recognizing profound nuances within that framework. As a more recent addition to the study of bioethics, cultural considerations have been playing catch-up for nearly two decades. *African American Bioethics* does much to advance the field by exploring how medicine and ethics accommodate differing cultural and

racial norms suggesting profound implications for growing minority groups in the United States

Race and Epistemologies of Ignorance Shannon Sullivan, Nancy Tuana, 2012-02-01 Offering a wide variety of philosophical approaches to the neglected philosophical problem of ignorance this groundbreaking collection builds on Charles Mills's claim that racism involves an inverted epistemology an epistemology of ignorance Contributors explore how different forms of ignorance linked to race are produced and sustained and what role they play in promoting racism and white privilege They argue that the ignorance that underpins racism is not a simple gap in knowledge the accidental result of an epistemological oversight In the case of racial oppression ignorance often is actively produced for purposes of domination and exploitation But as these essays demonstrate ignorance is not simply a tool of oppression wielded by the powerful It can also be a strategy for survival an important tool for people of color to wield against white privilege and white supremacy The book concludes that understanding ignorance and the politics of such ignorance should be a key element of epistemological and social political analyses for it has the potential to reveal the role of power in the construction of what is known and provide a lens for the political values at work in knowledge practices

Habits of Whiteness Terrance MacMullan, 2022-03 Offering a revised and updated look at the concept of whiteness in the United States this title provides a distinctive way to talk about race and racism by focusing on racial habits and how to change them

Breaking Bad Habits of Race and Gender Sarah Marie Stitzlein, 2008-10-23 Every day teachers encounter moments of racial and gender tension in their classrooms In the most drastic cases these situations erupt into overt conflict or violence while in other instances they go largely unnoted Such incidents reveal that despite equality legislation and the good intentions of many teachers racial and gender problems persist How can teachers more effectively handle these moments How can they prevent them in the future This book is the first to unite two major schools of educational philosophy traditional American pragmatism and contemporary poststructuralism to offer both theoretical and concrete suggestions for dealing with actual classroom race and gender related events While schools are one of the most common settings of race and gender discord this book upholds schools as the primary location for alleviating systems of oppression For it is within schools that children learn how to enact and respond to race and gender through the cultivation of habits including dispositions bodily comportment and ways of interacting In a spirit of social transformation this book argues that when students learn to inhabit their races and genders more flexibly many classroom problems can be prevented and current social structures of identity based oppression can be alleviated

The Philosophy of Race Albert Atkin, 2014-10-14 Race is so highly charged and loaded a concept it often hampers critical thinking about racial practice and policy A philosophical approach allows us to isolate and analyse the key questions What is race Can we do without race What is racism and why is it wrong What should our policies on race and racism be The Philosophy of Race presents a concise and up to date overview of the central philosophical debates about race It then builds on this philosophical foundation to analyse the sociopolitical questions of racism and race relevant policy Throughout the discussion is illustrated

with a wide range of examples Afro American blackness British Asian racial formation Aboriginal identity in Australia the racial grouping of Romany Gypsies and Jews in Europe categories of race in Brazil and the concept of model minorities in the US and UK

Pragmatism, Law, and Literature David Kenny, 2024-08-06 This book uses literary examples to make the case for understanding law and the legal system through the lens of philosophical pragmatism For pragmatists experience is everything they argue against understanding the world through any abstraction maintaining that it is simply too complicated to fit into categories or theories Legal pragmatism is the application of this philosophy to the making of law the practice of law and the practice of judging This book maintains that the best way to understand legal pragmatism is not through bare theoretical exegesis but through literature that is through stories that cast light on various pragmatic aspects of law Engaging a range of literary sources including works by Seamus Heaney Hilary Mantel Harper Lee and Ian McEwan the book makes a compelling case for the contemporary relevance of pragmatism This book will appeal to legal theorists law and literature humanities scholars readers of literary criticism and those with interests in pragmatist philosophy

African American Philosophers and Philosophy Stephen Ferguson II, John McClendon III, 2019-06-13 This book presents the first introduction to African American academic philosophers exploring their concepts and ideas and revealing the critical part they have played in the formation of philosophy in the USA The book begins with the early years of educational attainment by African American philosophers in the 1860s To demonstrate the impact of their philosophical work on general problems in the discipline chapters are broken down into four major areas of study Axiology Social Science Philosophy of Religion and Philosophy of Science Providing personal narratives on individual philosophers and examining the work of figures such as H T Johnson William D Johnson Joyce Mitchell Cooke Adrian Piper William R Jones Roy D Morrison Eugene C Holmes and William A Banner the book challenges the myth that philosophy is exclusively a white academic discipline Packed with examples of struggles and triumphs this engaging introduction is a much needed approach to studying philosophy today

The Oxford Handbook of Philosophical Methodology Herman Cappelen, Tamar Gendler, John P. Hawthorne, 2016 This is the most comprehensive book ever published on philosophical methodology A team of thirty eight of the world's leading philosophers present original essays on various aspects of how philosophy should be and is done The first part is devoted to broad traditions and approaches to philosophical methodology including logical empiricism phenomenology and ordinary language philosophy The entries in the second part address topics in philosophical methodology such as intuitions conceptual analysis and transcendental arguments The third part of the book is devoted to essays about the interconnections between philosophy and neighbouring fields including those of mathematics psychology literature and film and neuroscience

Democracy and Education Reconsidered Jim Garrison, Stefan Neubert, Kersten Reich, 2015-12-22 Democracy and Education Reconsidered highlights the continued relevance of John Dewey's Democracy and Education while also examining the need to reconstruct and re contextualize Dewey's educational philosophy for our time The authors propose ways of

revising Dewey's thought in light of the challenges facing contemporary education and society and address other themes not touched upon heavily in Dewey's work such as racism feminism post industrial capitalism and liquid modernity As a final component the authors integrate Dewey's philosophy with more recent trends in scholarship including pragmatism post structuralism and the works of other key philosophers and scholars

The Routledge Companion to the Philosophy of Race Paul Taylor, Linda Alcoff, Luvell Anderson, 2017-11-28 For many decades race and racism have been common areas of study in departments of sociology history political science English and anthropology Much more recently as the historical concept of race and racial categories have faced significant scientific and political challenges philosophers have become more interested in these areas This changing understanding of the ontology of race has invited inquiry from researchers in moral philosophy metaphysics epistemology philosophy of science philosophy of language and aesthetics The Routledge Companion to Philosophy of Race offers in one comprehensive volume newly written articles on race from the world's leading analytic and continental philosophers It is however accessible to a readership beyond philosophy as well providing a cohesive reference for a wide student and academic readership The Companion synthesizes current philosophical understandings of race providing 37 chapters on the history of philosophy and race as well as how race might be investigated in the usual frameworks of contemporary philosophy The volume concludes with a section on philosophical approaches to some topics with broad interest outside of philosophy like colonialism affirmative action eugenics immigration race and disability and post racialism By clearly explaining and carefully organizing the leading current philosophical thinking on race this timely collection will help define the subject and bring renewed understanding of race to students and researchers in the humanities social science and sciences

The Relevance of Royce Kelly A. Parker, Jason Bell, 2014-02-03 This collection represents the rediscovery of Josiah Royce's rich legacy that has occurred over the past decade The first part presents a series of historical explorations The second takes up practical extensions of Royce's work bringing his ideas and methods to bear on contemporary philosophical matters Among the topics addressed are the paradoxes of individualism loyalty democracy and community Royce's efforts to respond to historical American racism his contributions to engaged inter faith religious discourse the promise of his theory of error for a feminist account of knowledge and his ethics of loyalty as a component in medical ethics

The Racial Order Mustafa Emirbayer, Matthew Desmond, 2024-05-31 Proceeding from the bold and provocative claim that there never has been a comprehensive and systematic theory of race Mustafa Emirbayer and Matthew Desmond set out to reformulate how we think about this most difficult of topics in American life In *The Racial Order* they draw on Bourdieu Durkheim and Dewey to present a new theoretical framework for race scholarship Animated by a deep and reflexive intelligence the book engages the large and important issues of social theory today and along the way offers piercing insights into how race actually works in America Emirbayer and Desmond set out to examine how the racial order is structured how it is reproduced and sometimes transformed and how it penetrates into the innermost reaches of our

racialized selves They also consider how and toward what end the racial order might be reconstructed In the end this project is not merely about race it is a theoretical reconsideration of the fundamental problems of order agency power and social justice The Racial Order is a challenging work of social theory institutional and cultural analysis and normative inquiry

Race J. Kameron Carter, 2008-09-02 In Race A Theological Account J Kameron Carter meditates on the multiple legacies implicated in the production of a racialized world and that still mark how we function in it and think about ourselves These are the legacies of colonialism and empire political theories of the state anthropological theories of the human and philosophy itself from the eighteenth century Enlightenment to the present Carter s claim is that Christian theology and the signal transformation it along with Christianity underwent is at the heart of these legacies In that transformation Christian anti Judaism biologized itself so as to racialize itself As a result and with the legitimation of Christian theology Christianity became the cultural property of the West the religious ground of white supremacy and global hegemony In short Christianity became white The racial imagination is thus a particular kind of theological problem Not content only to describe this problem Carter constructs a way forward for Christian theology Through engagement with figures as disparate in outlook and as varied across the historical landscape as Immanuel Kant Frederick Douglass Jarena Lee Michel Foucault Cornel West Albert Raboteau Charles Long James Cone Irenaeus of Lyons Gregory of Nyssa and Maximus the Confessor Carter reorients the whole of Christian theology bringing it into the twenty first century Neither a simple reiteration of Black Theology nor another expression of the new theological orthodoxies this groundbreaking book will be a major contribution to contemporary Christian theology with ramifications in other areas of the humanities

Habits of Whiteness Terrance MacMullan, 2022-03-01 Habits of Whiteness A Pragmatist Reconstruction second edition offers a revised and updated look at the concept of whiteness in the United States Lauded when it was first published and even more relevant today Habits of Whiteness offers a distinctive way to talk about race and racism by focusing on racial habits and how to change them Author Terrance MacMullan examines how the concept of racial whiteness has undermined attempts to create a truly democratic society in the United States By getting to the core of the racism that lives on in unrecognized habits MacMullan argues that it is possible for white people to recognize the distance between their color blind ideals and their actual behavior Revitalizing the work of W E B Du Bois and John Dewey MacMullan demonstrates how it is possible to reconstruct racial habits and close fissures between people This second edition of Habits of Whiteness also contains a new introduction which looks closely at race relations during the Obama and Trump presidencies including such recent challenges as police brutality in 2020 white supremacy and the Capitol insurrection Its persuasive analysis of the impulses of whiteness ultimately reorganizes them into something more compatible with our country s increasingly multicultural heritage

Education, Philosophy and Politics Michael A. Peters, 2013-06-17 In the World Library of Educationalists series international experts themselves compile career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings major

theoretical and practical contributions so the world can read them in a single manageable volume Michael A Peters has spent the last 30 years researching thinking and writing about some of the key and enduring issues in education He has contributed over 60 books authored co authored and edited and 500 articles to the field In Education Philosophy and Politics Michael A Peters brings together 15 of his key writings in one place including chapters from his best selling books and articles from leading journals Starting with a specially written Introduction which gives an overview of Michael s career and contextualises his selection the essays are then arranged thematically to create a pathway of a way of thinking in philosophy of education which is forward looking but takes account of tradition and the past The subjects of the chapters include Wittgenstein Studies Philosophical Critique of Modernity French Poststructuralism Jean Francois Lyotard Foucault Deleuze Derrida American Pragmatism Rorty Cavell Philosophy and racism Through this book readers can follow the themes and strands that Michael A Peters has written about for over three decades and clearly see his important contribution to the field of education The Journal of Speculative Philosophy ,2006 **Uncertain Chances** Maurice S. Lee,2013-06-06 Maurice Lee s study illustrates how writers such as Poe Melville Douglass Thoreau Dickinson and others participated in a broad intellectual and cultural shift in which Americans increasingly learned to live with the threatening and wonderful possibilities of chance

Pragmatism And The Problem Of Race Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Pragmatism And The Problem Of Race PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Pragmatism And The Problem Of Race PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Pragmatism And The Problem Of Race free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Pragmatism And The Problem Of Race Books

1. Where can I buy Pragmatism And The Problem Of Race books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
