## **Pragmatism Its Sources And Prospects:**

**Pragmatism, Its Sources and Prospects** Robert J. Mulvaney, Philip M. Zeltner, 1981 Papers from a symposium held at the University of South Carolina Oct 31 Nov 1 1975 Includes bibliographical references and index *The Jamesian Mind* Sarin Marchetti, 2021-12-28 William James 1842 1910 is widely regarded as the founding figure of modern psychology and one of the most important philosophers of the nineteenth and twentieth centuries Renowned for his philosophical theory of pragmatism and memorable turns of phrase such as stream of consciousness and the will to believe he made enormous contributions to a rich array of philosophical subjects from the emotions and free will to religion ethics and the meaning of life The Jamesian Mind covers the major aspects of James s thought from his early influences to his legacy with over forty chapters by an outstanding roster of international contributors It is organized into seven parts Intellectual Biography Psychology Mind and Self Ethics Religion and Politics Method Truth and Knowledge Philosophical Encounters Legacy In these sections fundamental topics are examined including James s conceptions of philosophical and scientific inquiry habit self free will and determinism pragmatism truth and pluralism Considerable attention is also devoted to James in relation to the intellectual traditions of empiricism and Romanticism as well as to such other philosophical schools as utilitarianism British idealism Logical Empiricism and existentialism James s thought is also situated in an interdisciplinary context including modernism sociology and politics showcasing his legacy in psychology and ethics An indispensable resource for anyone studying and researching James s philosophy The Jamesian Mind will also interest those in related disciplines such as psychology religion and sociology [Theory and Methods](#) Chris Philo, 2017-05-15 This volume tackles the complex terrain of theory and methods seeking to exemplify the major philosophical social theoretic and methodological developments some with clear political and ethical implications that have traversed human geography since the era of the 1960s when spatial science came to the fore Coverage includes Marxist and humanistic geographies and their many variations over the years as well as ongoing debates about agency structure and the concepts of time space place and scale Feminist and other positioned geographies alongside poststructuralist and posthumanist geographies are all evidenced as well as writings that push against the very limits of what human geography has embraced over these fifty plus years The volume combines readings that are well known and widely accepted as classic with readings that while less familiar are valuable in how they illustrate different possibilities for theory and method within the discipline The volume also includes a substantial introduction by the editor contextualising the readings and in the process providing a new interpretation of the last half century of change within the thoughts and practices of human geography *Works about John Dewey, 1886-2012* Barbara Levine, 2013-11-05 Works of John Dewey 1886 2012 is an invaluable and meticulously compiled resource for the growing number of scholars and researchers seeking a deeper understanding of the work of the prominent American philosopher psychologist and educational reformer Dewey 1859 1952 an influential philosopher credited with the founding of pragmatism and also

recognized as a pioneer in functional psychology and the progressive moment in education was hailed by Life magazine in 1990 as one of the one hundred most important Americans of the twentieth century This rich and continually expanding compendium of historical and more recent essays research and references is a testament to the growing interest in Dewey's intellectual work and his measurable impact in the United States and throughout the world In Works of John Dewey 1886-2012 some four thousand new entries are presented in ebook format in addition to those from earlier print and electronic editions dating back to 1995 Copies of most of the works have been obtained and are stored at the Center for Dewey Studies For the first time users can access all items from all editions in one user friendly format Jump links to alphabetical sections facilitate movement through the vast collection of entries Users can search by keyword and author

**Works about John Dewey, 1886-1995** Barbara Levine, 1996 Although she has devised a new format for this bibliography Barbara Levine has included most of the materials published in the two editions of the Checklist of Writings about John Dewey Material new to this volume includes recently discovered items published during the ninety years covered by the Checklist as well as items published since 1977 Because certain studies at best have only marginal value or because they can be obtained through ordinary library research tools Levine has deleted some classes of material that appeared in the 1974 and 1978 Checklist editions primary sources with only brief references to Dewey the entire section entitled Unpublished Works about Dewey which included theses dissertations and papers presented at meetings and Educational Resources Information Center ERIC documents Levine has included all of the material published about Dewey during the 108 years between 1886 and 1994 and has included many 1995 items as well She has verified all items and whenever possible obtained copies She has discovered hundreds of items omitted from the second edition of the Checklist and has augmented the current bibliography by nearly two thousand items published since 1977 The bibliography is divided into four parts The first Books and Articles about Dewey lists works alphabetically by author Replies and responses to articles immediately follow the work cited The Reviews of Dewey's Works lists titles alphabetically Reviews are grouped alphabetically by journal under the Dewey work reviewed The Author Index includes multiple authors and editors authors of replies and responses and reviewers of works both by and about Dewey The Title Key Word Index lists key words from most titles and subtitles The CD ROM version of Works about John Dewey contains both Windows and Macintosh formats and provides increased search capabilities

*Pragmatist Realism* Sāmi Ludwig, 2002 Ludwig English U of Berne Switzerland argues that the artistic quality of American realist texts such as those written by Mark Twain William Dean Howells and Henry James is best appreciated by approaching them from a cognitive perspective rather than from a linguistic or formalistic one Annotation copyrighted by Book News Inc Portland OR

**Belief** Aaron Z. Zimmerman, 2018-04-12 Have you ever called yourself a pragmatist Have you ever wondered what that means Aaron Zimmerman traces the origins of pragmatism to a theory of belief defended by the nineteenth century Scottish philosopher Alexander Bain and defends a novel take on the pragmatic theory in light of contemporary cognitive

neuroscience social psychology and evolutionary biology Pragmatists define their beliefs in terms of information poised to guide our more attentive controlled actions Zimmerman describes the consequences of this definition for the reader's thinking on the relation between psychology and philosophy the mind and brain the nature of delusion faith pretence racism and more He employs research on animal cognition to argue against the propositional attitude analysis of belief now popular among Anglo American philosophers offers pragmatic diagnoses of Capgras syndrome and various forms of racial cognition and defends William James famous doctrine of the will to believe Zimmerman believes we often have room to believe what we want Indeed the adoption of a theory of belief is an instance of this very phenomenon      **Quine and His Place in History**

Gary Kemp, Frederique Janssen-Lauret, 2015-11-16 Containing three previously unpublished papers by W V Quine as well as historical exegetical and critical papers by several leading Quine scholars including Hylton Ebbs and Ben Menahem this volume aims to remedy the comparative lack of historical investigation of Quine and his philosophical context      The

Philosophical Project of Carnap and Quine Sean Morris, 2023-02-23 This book reassesses Carnap and Quine by presenting them as sharing philosophical motivations despite their notable differences      **The Enlightenment Project in the**

**Analytic Conversation** N. Capaldi, 2013-04-17 Analytic philosophy has been a dominant intellectual movement in the 20th century and a reflection of the cultural pre-eminence of scientism In response to analytic philosophy's peculiar reticence and inability to discuss itself this book provides its first comprehensive history and critique The central element in the analytic conversation has been the Enlightenment Project the appeal to an autonomous human reason freed of any higher authority and channeling itself through science as its privileged tool This centrality is demonstrated by systematically examining its presence and development in the philosophy of science metaphysics epistemology language psychology social science ethics political philosophy and the history of philosophy This journey highlights the internal logical disintegration of that project Post modern relativism is its natural offspring and not a viable alternative The Enlightenment Project's conception of physical science is defective this defective conception of physical science renders the analytic conception of social science philosophical psychology and epistemology defective and that defective conception of the human condition leads to defective conceptions of both moral and political philosophy specifically the idea of social engineering or social technology Throughout the book an alternative conception of philosophy is presented as a way out of the abyss of analysis an alternative that reconnects philosophy with the mainstream of Western civilization and initiates the process of providing a coherent cultural narrative This book will be of particular interest to any sophisticated reader concerned about the lack of a coherent cultural narrative      Creating Sociological Awareness Anselm L. Strauss, 2018-02-06 This volume of papers from the distinguished sociologist Anselm Strauss reflects his self-professed lifelong intention to create sociological awareness in his readers and students As Irving Louis Horowitz notes in his foreword to the book at the center of Strauss's effort has been the

democratization of sociology He has achieved this goal by making sure that relativities of status power and wealth are

acknowledged in the conduct of everyday life and by recognition that all collective life is subject to negotiation rearrangement and reconstruction Represented here is some of the work for which Strauss is best known and the principal themes that have captured his imagination throughout his productive career These include work leisure culture illness identity and policy All are linked by Strauss s web of negotiation by which organizational arrangements can be changed The volume concludes with a selection of his work in problems of method consultation and teaching affirming Strauss s commitment to passing along the sociological awareness reflected in this volume to a next generation Squarely in the long tradition of the Chicago School of sociology the work of Anselm Strauss represents the very best thinking in modern sociological and psychological analysis Those interested in the development of his major conceptual frameworks as well as those interested in the development of the specific subject areas to which Anselm Strauss has devoted his career will find this an essential volume Professionals in the history of sociology the sociology of knowledge or medical sociology will find the book of particular interest

*The Gleam of Light* Naoko Saito,2018-09-18 In the name of efficiency the practice of education has come to be dominated by neoliberal ideology and procedures of standardization and quantification Such attempts to make all aspects of practice transparent and subject to systematic accounting lack sensitivity to the invisible and the silent to something in the human condition that cannot readily be expressed in an either/or form Seeking alternatives to such trends Saito reads Dewey s idea of progressive education through the lens of Emersonian moral perfectionism to borrow a term coined by Stanley Cavell She elucidates a spiritual and aesthetic dimension to Dewey s notion of growth one considerably richer than what Dewey alone presents in his typically scientific terminology

The Reasonableness of Reason Bruce W. Hauptli,1995 Another school of rationalists realistic rationalists manages to avoid the paradox which besets justificatory rationalism but Hauptli shows this approach rests on a maxim as arbitrary as that of the kerygmatic rationalists

**John Dewey** Raymond D. Boisvert,1998-01-01 A concise eminently readable introduction to the thought of America s most prominent philosopher

**The Social Philosophy of Ernest Gellner** ,2023-12-28

**Truth and the End of Inquiry** Cheryl J. Misak,2004 Cheryl Misak presents a pragmatic account of truth C S Peirce the founder of pragmatism argued that truth is what we would agree upon were inquiry to be pursued as far as it could fruitfully go In the course of the past century pragmatism has remained one of the most significant movements in American philosophy Misak s book is one of the landmark publications in recent pragmatist thought She pays attention both to Peirce s texts and to the requirements for a suitable account of truth This new paperback edition includes a brand new additional chapter along with a new preface and revis

**Meaning without Analyticity** H.G. Callaway,2020-11-09 Meaning without Analyticity draws upon the author s essays and articles over a period of 20 years focused on language logic and meaning The book explores the prospect of a non behavioristic theory of cognitive meaning which rejects the analytic synthetic distinction Quinean behaviorism and the logical and social intellectual excesses of extreme holism Cast in clear perspicuous language and oriented to scientific discussions

this book takes up the challenges of philosophical communication and evaluation implicit in the recent revival of the pragmatist tradition especially those arising from its relation to prior American analytic thought This volume continues the work of Callaway's 1993 book *Context for Meaning and Analysis* building on the turn toward pragmatism The premise of this collection is that we begin to answer the questions posed by the revival of the pragmatist tradition by bring it into fuller contact with American analytic philosophy of the sort which eclipsed it during the Cold War In this book a lively and continuing interest in Frege Russell Wittgenstein Quine Davidson and Putnam meets up with equal engagement and competence concerning C S Peirce William James and John Dewey The formalism of analytic philosophy encounters a logically articulate version of the contextualism implicit in the pragmatist tradition and orientation to natural science is supplemented by a systematic stress on social and cultural contexts of inquiry

**The American Pragmatists** Cheryl Misak, 2013-02-21 Presents a history of the American philosophical tradition of pragmatism from its inception in the Metaphysical Club Cambridge MA of the 1870s to present

**The Oxford Handbook of American Philosophy** Cheryl Misak, 2008-09-25 This is the first collective study of the development of philosophy in America from the 18th century to the present Leading experts examine distinctive features of American philosophy trace notable themes and consider the legacy of key figures A fascinating resource for anyone interested in modern philosophy or American intellectual history

**Nihilism and Metaphysics** Vittorio Possenti, 2014-05-01 An assessment and reevaluation of nihilism's ascendancy over metaphysics Challenging the idea that nihilism has supplanted metaphysics Vittorio Possenti finds in this philosophical turn the grounds for a mature renewal of metaphysics Possenti takes the reader on a third voyage that goes beyond the second voyage indicated by Plato in the *Phaedo* He traces the ascendancy of nihilism in philosophy offering critical examinations of Nietzsche Gentile Heidegger Habermas Husserl Gadamer Ricoeur and Vattimo With penetrating accounts of philosophical movements such as hermeneutics and logical empiricism rich with both historical and theoretical insights Possenti provides a compelling defense of the power of human reason to apprehend the most obvious but also the most profound aspect of things that they exist By exploring the ubiquity of nihilism and probing its philosophical roots Possenti clears the way for a fresh reformulation of metaphysics

Getting the books **Pragmatism Its Sources And Prospects** now is not type of inspiring means. You could not single-handedly going once ebook stock or library or borrowing from your links to entry them. This is an definitely easy means to specifically acquire guide by on-line. This online statement Pragmatism Its Sources And Prospects can be one of the options to accompany you with having additional time.

It will not waste your time. how to me, the e-book will agreed flavor you other event to read. Just invest little period to edit this on-line publication **Pragmatism Its Sources And Prospects** as competently as evaluation them wherever you are now.
