## **Prairie School Architecture Studies From The Western Architect:**

**Prairie School Architecture** H. Allen Brooks, 1983      *The Prairie School* Harold Allen Brooks, Vincent Scully, 2006  
Inspired by Louis Sullivan and given guidance and prominence by Frank Lloyd Wright the members of the movement sought to achieve a fresh architectural expression Their designs were characterized by precise angular forms and highly sophisticated interior arrangements an approach that proved immensely significant in residential architecture H Allen Brooks discusses the entire phenomenon of the Prairie School not just the masters but also the work of their contemporaries Drawing on unpublished material and original documentation as well as on interviews he assesses each architect's contribution and traces the course of the movement itself how and why it came into existence what it achieved and what caused its abrupt end      Frank Lloyd Wright and the Prairie School Allen H Brooks, 1984 Shows the floor plans and designs for homes banks public buildings and furniture created by Wright and other members of the Prairie School      Purcell & Elmslie David Gebhard, 2006 Purcell and Elmslie *Prairie Progressives* explores the work of two important members of the organic architecture movement and celebrates their tremendously important contributions to American architecture and the Prairie School Wishing to return to simplicity and honesty Purcell and Elmslie created homes and buildings that were consistent with a democratic society simple forms the natural use of textural materials and decoration and buildings that accommodated the nature of a site As did Louis Sullivan and Frank Lloyd Wright Purcell and Elmslie held the conviction that a building does not end with its simple structure but reaches its final and logical culmination in the clothing color situation and natural environment together with its decoration of glass terra cotta and other textural materials The firm of Purcell and Elmslie was tremendously successful in the sense that their small open planned free flowing houses could be shared by a great number of Americans of moderate means Projects discussed in this book can be found throughout the Midwest including Minnesota Michigan Iowa North Dakota Illinois Wisconsin and more The time has come to recognize the work of these progressive architects of the Midwest Purcell and Elmslie *Prairie Progressives* includes Comprehensive biographies of George Grant Elmslie and William Gray Purcell *The Work of the Firm The Domestic and Non Domestic Work of Purcell Feick and Elmslie Work after the Firm Broke Up The Late Work of Purcell and Elmslie A Catalog of Major Projects*      **Cities of the Heartland** Jon C. Teaford, 1993-04-22 During the 1880s and 90s the rise of manufacturing the first soaring skyscrapers new symphony orchestras and art museums and winning baseball teams all heralded the midwestern city's coming of age In this book Jon C Teaford chronicles the development of these cities of the industrial Midwest as they challenged the urban supremacy of the East The antebellum growth of Cincinnati to Queen City status was followed by its eclipse as St Louis and then Chicago developed into industrial and cultural centers During the second quarter of the twentieth century emerging Sunbelt cities began to rob the heartland of its distinction as a boom area In the last half of the century however midwestern cities have suffered some of their most trying times With the 1970s and 80s came signs of age and obsolescence the

heartland had become the rust belt Teaford examines the complex heartland consciousness of the industrial Midwest through boom and bust Geographically economically and culturally the midwestern city is a legitimate subspecies of urban life book jacket *Death in a Prairie House* William R. Drennan, 2007-04-15 Supplying both a gripping mystery story and a portrait of the artist in his prime William Drennan wades through the myths surrounding Wright and the massacre casting fresh light on the formulation of Wright's architectural ideology and the cataclysmic effects that the Taliesin murders exerted on the fabled architect and on his subsequent designs *At Home on the Prairie* Dixie Legler, Dixie Legler Guerrero, 2006-10-05 The houses of William Gray Purcell and George Grant Elmslie built mainly in the Midwest and Northeast are the embodiment of the early 20th century marriage of fine craftsmanship and modern technology Masterpieces of the Prairie Style each home was designed with the groundbreaking idea that comfort and utility could harmonize with grace and style Characterized by open plans and site specific designs Purcell and Elmslie residences are tied to the land by local materials and low spreading forms Their signature use of nature based ornament and brilliant color further distinguished them from their contemporaries Frank Lloyd Wright's houses among them In 24 residential profiles and gorgeous new photographs Prairie Style expert Dixie Legler and photographer Christian Korab vividly bring to life the pair's enduring dedication to simple elegance and honest design *At Home on the Prairie* is the deluxe treatment that this ingenious duo deserves *Frank Lloyd Wright and Mason City: Architectural Heart of the Prairie* Roy R. Behrens, 2016-12-05 In the early 1900s Frank Lloyd Wright transformed a small midwestern prairie community into one of the world's most important architectural destinations Mason City Iowa became home to his City National Bank and Park Inn the last surviving Wright hotel In addition his prototype Stockman House helped launch the Prairie School architectural style Soon after architect Walter Burley Griffin followed in Wright's footsteps designing a cluster of Prairie School homes in the Rock Crest Rock Glen neighborhood Design historian Roy Behrens leads the way through Mason City's historic development from the Industrial Revolution to the modern era of Frank Lloyd Wright *Once There Were Castles* Larry Millett, Take a tour of the lost mansions of the Twin Cities *Le Corbusier's Formative Years* H. Allen Brooks, 1999-05 In *Le Corbusier's Formative Years* we learn what made Le Corbusier the person and the designer that he was Using twenty years of research H Allen Brooks has unearthed an incredible wealth of documents that show every facet of the formative years of this influential architect There is much in this fine volume for anyone interested not just in architecture but in the roots of human creativity and in the origins of the most powerful artistic current of our century This book is a life's work of scholarship It has been well spent Toronto Globe and Mail *The Oak Park Studio of Frank Lloyd Wright* Lisa D. Schrenk, 2024-05-31 Between 1898 and 1909 Frank Lloyd Wright's residential studio in the idyllic Chicago suburb of Oak Park served as a nontraditional work setting as he matured into a leader in his field and formulized his iconic design ideology Here architectural historian Lisa D Schrenk breaks the myth of Wright as the lone genius and reveals new insights into his early career With a rich narrative voice and meticulous detail Schrenk tracks

the practice's evolution addressing how the studio fit into the Chicago area design scene identifying other architects working there and their contributions and exploring how the suburban setting and the nearby presence of Wright's family influenced office life Built as an addition to his 1889 shingle style home Wright's studio was a core site for the ideological development of the prairie house one of the first truly American forms of residential architecture Schrenk documents the educational atmosphere of Wright's office in the context of his developing design ideology revealing three phases as he transitioned from colleague to leader This heavily illustrated book includes a detailed discussion of the physical changes Wright made to the building and how they informed his architectural thinking and educational practices Schrenk also addresses the later transformations of the building including into an art center in the 1930s its restoration in the 1970s and 80s and its current use as a historic house museum Based on significant original and archival research including interviews with Wright's family and others involved in the studio and 180 images The Oak Park Studio of Frank Lloyd Wright offers the first comprehensive look at the early independent office of one of the world's most influential architects *Catalog of the Avery Memorial Architectural Library of Columbia University. 2d ed., enl* Avery Library, 1968 **By Design 2**, 1989 The Good Country Jon K. Lauck, 2022-11-21 At the center of American history is a hole a gap where some scholars indifference or disdain has too long stood in for the true story of the American Midwest A first ever chronicle of the Midwest's formative century The Good Country restores this American heartland to its central place in the nation's history Jon K Lauck the premier historian of the region puts midwestern squares center stage an unorthodox approach that leads to surprising conclusions The American Midwest in Lauck's cogent account was the most democratically advanced place in the world during the nineteenth century The Good Country describes a rich civic culture that prized education literature libraries and the arts developed a stable social order grounded in Victorian norms republican virtue and Christian teachings and generally put democratic ideals into practice to a greater extent than any nation to date The outbreak of the Civil War and the fight against the slaveholding South only deepened the Midwest's dedication to advancing a democratic culture and solidified its regional identity The good country was of course not the perfect country and Lauck devotes a chapter to the question of race in the Midwest finding early examples of overt racism but also discovering a steady march toward racial progress He also finds many instances of modest reforms enacted through the democratic process and designed to address particular social problems as well as significant advances for women who were active in civic affairs and took advantage of the Midwest's openness to women in higher education Lauck reaches his conclusions through a measured analysis that weighs historical achievements and injustices rejects the acrimonious tones of the culture wars and seeks a new historical discourse grounded in fair readings of the American past In a trying time of contested politics and culture his book locates a middle ground fittingly in the center of the country **The Domestic Scene (1897-1927)** Cheryl Robertson, 2008 A fully illustrated examination of a central figure in the history of interior design and the Prairie Style George Mann Niedecken 1878 1945 was

a major designer in the Prairie Style known primarily for his collaborations with Frank Lloyd Wright to furnish the interiors of several houses including the Susan Lawrence Dana House in Springfield Illinois the Avery Coonley House in Riverside Illinois and the Frederick Robie House in Chicago Niedecken ran a successful Milwaukee business that helped revolutionize design in the upper Midwest He called himself an interior architect and created domestic environments decorated with geometric abstractions conventionalized natural motifs muted colors with iridescent accents and innovative furniture ensembles His work is preserved at the Milwaukee Art Museum in the Prairie Archives containing colored presentation renderings working drawings and business records from the Niedecken Walbridge Company The Domestic Scene reveals Niedecken as a forward looking designer influenced by European Art Nouveau and Secessionist design as well as by the Arts and Crafts Movement Cheryl Robertson focuses on three examples of Niedecken s commissions between 1907 and 1917 and an article by Niedecken himself reprinted in this volume to explore the evolving relationship between architect interior designer and client in the first quarter of the twentieth century This expanded second edition includes updated photography additional color images and an essay by John C Eastberg that deepens our understanding of Niedecken s career by presenting his lesser known work in the context of Milwaukee s artistic and social history Niedecken worked not only in the Prairie style but also in the Colonial and Renaissance Revival modes and these works illustrate his versatility as a designer and entrepreneur

**Prayers in Stone** Paul Eli Ivey, 1999 The classical revival style of architecture made famous by the 1893 World s Columbian Exposition in Chicago left its mark on one of the most sustained classical building movements in American architectural history the Christian Science church building movement By 1920 every major American city and many smaller towns contained an example of this architecture financed by the followers of Mary Baker Eddy the church s founder These buildings represented a new burgeoning American institution that appealed to business people and to young men and women working to succeed Characterized by middle class congregations that in the early part of the century were over 75 percent women Christian Science suggested radical civic reform solutions based on an idealistic and pragmatic individualism It attracted criticism from traditional churches and from the medical establishment due to its rapid growth and to its reinstatement of primitive Christianity s lost elements of physical healing and moral regeneration Prayers in Stone spins out the close connections between Christian Science church architecture and its social context This architecture served as a focal point for debates over the possibilities for a new twentieth century urban architecture that proponents believed would positively shape the behavior of citizens Thus these buildings played a critical role in discussions concerning religious and secular architecture as major elements of religious and social reform Drawing on a wide range of documentary evidence including material from the archives of the Mother Church in Boston Paul Ivey uses Christian Science architecture to explore the social implications of architectural styles and new building technologies to illuminate class based notions of civic reform and beautification and to investigate the use of architecture to bring about religious and social change In addition the book

explores complex gender issues including early attempts to define a professional space for women as Christian Science practitioners Lavishly illustrated Prayers in Stone focuses on four major city arenas of Christian Science building Boston Chicago New York and the San Francisco Bay area to demonstrate the vital intersection of architecture and religion at the so called margins of American society      **Encyclopedia of Twentieth Century Architecture** R. Stephen Sennott,2004 For more information including the introduction a full list of entries and contributors a generous selection of sample pages and more visit the Encyclope dia of 20th Century Architecture website Focusing on architecture from all regions of the world this three volume set profiles the twentieth century s vast chronicle of architectural achievements both within and well beyond the theoretical confines of modernism Unlike existing works this encyclopedia examines the complexities of rapidly changing global conditions that have dispersed modern architectural types movements styles and building practices across traditional geographic and cultural boundaries      *The Curve of the Arch* Larry Millett,1985      **Sullivans City** Zanten David Van,2000-07-04 Finally the brilliant pencil execution of ornament in his old age became a surrogate for the great architectural projects realized earlier David Van Zanten s essay on how Sullivan s ornament shaped the city is illuminated by archival views and new color photographs by architectural photographer Cervin Robinson BOOK JACKET      **Professing Rhetoric** Frederick J. Antczak,Cinda Coggins,Geoffrey D. Klinger,2005-04-11 Representing current theory and research in rhetoric this volume brings together scholarship from a variety of orientations theoretical critical historical and pedagogical Some contributions cover work that has previously been silenced or unrecognized including Native American African American Latino and women s rhetorics Others explore rhetoric s relationship to performance and to the body or to revising canons stases topoi and pisteis Still others are reworking the rhetorical lexicon to comprise contemporary theory Among these diverse interests rhetoricians find common themes and share intellectual and pedagogical enterprises that hold them together even as their institutional situations keep them apart Topics discussed in this collection include Rhetoric as figurality comparative and contrastive rhetorics rhetoric and gender and rhetorics of science and technology Rhetoric and reconceptions of the public sphere rhetoric and public memory and rhetorics of globalization and social change including issues of race ethnicity and nationalism Rhetoric s institutionalized place in the academy in relation to other humanities and to the interpretive social sciences and The place of rhetoric in the formation of departments and the development of pedagogy With its origins in the 2000 Rhetoric Society of America RSA conference this volume represents the range and vitality of current scholarship in rhetoric The conversations contained herein indicate that professing rhetoric is at the turn of the millennium an intellectual activity that engages with and helps formulate the most important public and scholarly questions of today As such it will be engaging reading for scholars and students and is certain to provoke further thought discussion and exploration
