Brueggemann,2022-11-01 The Walter Brueggemann Library brings together the wide ranging and enlivening thought of popular biblical scholar Walter Brueggemann over his storied career Each volume collects previously published work on a biblical theme that has deeply informed Brueggemann s scholarship in an accessible digest for readers who want to freshly engage his prophetically minded but approachable writing on the topic In *Our Hearts Wait* Brueggemann meditates on the emotional range of our longings and gratitudes in the psalms revealing how this bold outpouring of our full selves to the divine has effects far beyond introspection He traces how the language of the psalms offers a template for liturgies that shape not only our collective worship and communities but the worlds they create and sustain Words of worship do not fall vacant and inactive they help bring into being realities both sacred and sociopolitical Throughout this exploration of the psalms Brueggemann shows readers how the language we use in worship performs what it proclaims It nurtures and challenges us in seasons of orientation and praise disorientation and grief reorientation and thanksgiving bringing our full attention to each experience in its turn But in doing so the words and deeds of worship can also sharpen our awareness of social constructions and relationships that undergird our common life They reveal power imbalances and uneven distributions of resources and if we let them urge us forward in our efforts toward justice Thus psalms of praise express trust in and abandonment to God and also pose sharp critiques of unjust public policies that abandon those who are socially invisible The psalms of grief and lament accompany communities through real experiences of loss and suffering but also make room for the sufferers to be heard and to challenge the status quo The language of worship when used intentionally and with care helps to create a reality marked by fidelity abundance truth hope and dependence on God With Brueggemann as guide readers can apprehend the potency of the psalms bold petition and dialogue with God giving voice to the distressed and anticipating the transformation of our lives together and as a society Questions for reflection are included at the end of each chapter making this book ideal for individual or group study *Tyndale Concise Bible Commentary* Robert B.

Strawn,2009-04-10 *Psalms for Preaching and Worship* a key addition to the critically acclaimed three volume *Lectionary Commentary* Despite the rich resources available for studying the Psalms few are as focused on their place in worship and preaching as is this volume The responsorial Psalms of the Revised Common Lectionary are here taken up in careful and often illuminating interpretation with attention also to their

interaction with other lectionary texts The many ways that psalms can function meaningfully in the liturgical life of congregations are explored especially in John Witvliet s concluding section I know of no work that combines practice and substance better than this lectionary commentary Patrick D Miller Princeton Theological Seminary A fascinating book well organized well written and edited thorough and informative An excellent resource not only for preachers using the Revised Common Lectionary but also for those wishing to preach a series of sermons on the Psalms In addition worship leaders and worship committees will appreciate the many excellent ideas for using the Psalms in worship Highly recommended Sidney Greidanus author of *Preaching Christ from the Old Testament* and *Preaching Christ from Genesis* Here is something even better than a simple completion of *The Lectionary Commentary* which would be cause enough for gratitude Serious attention paid to this one book could go a long way toward remedying the scandalous neglect of the treasure of the Psalms in too much contemporary worship Marguerite Shuster Fuller Theological Seminary Contributors Nancy R Bowen William P Brown Walter Brueggemann Richard J Clifford Nancy L deClaiss Walford Jennifer S Green Karl N Jacobson Rolf A Jacobson Melody D Knowles Eunny P Lee Joel M LeMon James Limburg J Clinton McCann James K Mead Carol A Miles Luke A Powery Stephen Breck Reid Sandra L Richter Cynthia L Rigby Kathryn L Roberts Brent A Strawn Beth LaNeel Tanner Roger E Van Harn Raymond C Van Leeuwen J Ross Wagner Gerald H Wilson John Witvliet Christine Roy Yoder *Psalms for Sojourners* James Limburg, 1986 A book of consolation as well as clarification *Psalms for Sojourners* is reissued with examples of each type of Psalm Limburg s reader friendly introduction to the psalms acquaints readers with the strength passion and fire of this ancient hymnbook Copyright Libri GmbH All rights reserved **Walking with God Through the Valley** May Young, 2025-01-07 What does it mean for the church to recover the biblical practice of lament Drawing deeply from key passages in Scripture Old Testament scholar May Young offers a guide for readers to gain deep understanding of lament texts and grow a true practice of lament that helps us move through pain and suffering to experience God s renewed hope

**Psalms** S Edward Tesh, Walter Zorn, 2004-08 *A Canonical Exegesis of the Eighth Psalm* Hubert James Keener, 2013-11-07 Since Brevard Childs first introduced it as a fresh approach in the late 1960s canonical exegesis has grown into a widely discussed and developed program virtually a school of biblical interpretation with many scholars carrying forward an approach to theological exegesis that emphasizes the role of canon as the central context for interpretation of the Christian Scriptures In this study Keener takes a twofold approach 1 he demonstrates that a canonical exegesis is tenable if the task is approached with clarity regarding its core theological foundation and 2 he applies the approach to the interpretation of the often thorny questions surrounding the understanding of Psalm 8 This is useful in that Psalm 8 touches upon several questions germane to the successful implementation of canonical exegesis due to the many intertextual connections it shares with the rest of the Bible Keener concludes that Psalm 8 in the Old Testament represents the intersection of two trajectories 1 the reversal motif in which YHWH maintains the created order through the exaltation of

the weak and the humble and 2 the motif of the conflicted and conflicting human in which humans are shown as beset by trials often failing and even occupying the role of the enemies of YHWH A third trajectory becomes visible in the context of the New Testament that of the redeeming Christ this third trajectory intersects with the two Old Testament trajectories and makes possible the redemption of conflicted humanity giving the ultimate answer to the psalmist's question What is the human

**The 'Uncertainty of a Hearing'** Federico Villanueva,2008-08-31 An interesting feature in the lament psalms is the sudden change of mood Unfortunately as the term that has come to be associated with the subject indicates Certainty of a Hearing the change of mood is understood only in terms of a movement from lament to praise This has led to a redefinition of lament in terms of petition and an overemphasis on praise The present book seeks to redress this one sided emphasis by drawing attention to the other movements in the Psalter the reverse movement from praise to lament return to lament after praise and the alternation between the two We do not only have a Certainty of a Hearing we also have an Uncertainty of a Hearing

*The Lure of Transcendence and the Audacity of Prayer* Samuel E. Balentine,2022-06-24 The discourse of prayer responds to the abiding lure of transcendence From Gilgamesh to the primordial human beings in Eden to Odysseus the quest for ultimate truths has summoned forth all manner of human effort courageous desperate pious impious successful failed invited forbidden and like all such lures one can never be certain whether the glimmer of transcendence is that of a bright and shining star that illuminates the shadows or only a shiny object that seduces one into an inescapable darkness a fishing lure for example In this study Samuel E Balentine demonstrates how prayer's invocation of God transgresses the limits of human beings The author shows how inviting let alone commanding God to speak may be the acme of bardic pretention but in the ancient world such transgression characterizes the audacity of prayer
