Pray For Snow The History Of Skiing In Southern California:

Pray for Snow Ingrid P. Wicken,2001-01-01 *Lost Ski Areas of Southern California* Ingrid P. Wicken,2012-10-09 The snow laden slopes of the San Bernardino and San Gabriel Mountains have beckoned Southland skiers since the 1930s Many once cherished ski areas have disappeared yet their history remains A short drive from the sun and sand places like Rebel Ridge and Kratka Ridge offered snowy escapes Thrilling races were held at the First International Pine Needle Ski Tournament in North Hollywood while the San Diego Ski Club boasted Dorothy McClung Wullich the first female member of the National Ski Patrol Ingrid Wicken ski historian and founder of the California Ski Library chronicles Southern California's lost mountain getaways and the vanished ski areas that introduced everything from rope tows to artificial snow *Skiing in Southern California* Ingrid P. Wicken,2007 Known for its sunshine and sandy beaches filled with bathing beauties and musclemen Southern California is a Mediterranean climate haven for winter weary Americans from Michigan to Maine But for those with a hankering for winter sports one could scarcely ignore the snowcapped peaks of Mount Baldy and San Geronimo shimmering in the bright California sunshine By the 1930s skiing was all the rage with the towns of Big Pines Lake Arrowhead and Big Bear Lake evolving into popular snow sport locales Southern California was also home to many who made their mark in the world of American skiing Walter Mosauer the father of skiing in Southern California Tyler Van Degrift owner of Los Angeles first ski shop Clarita Heath Bright talented member of the first U S Womens Olympic ski team Dorothy McClung Wullich first woman member of the National Ski Patrol and Sepp Benedikter and Tommi Tyndall both leading the way with ski schools and instruction These and many others are documented here in this collection of rare and vintage images of Southern California skiing *Historical Dictionary of Skiing* E. John B. Allen,2012 Skiing is one of the oldest modes of transportation known predating the wheel with dated artifacts to prove its pedigree Skiing for sport however did not become common until about 150 years ago The first Winter Olympic Games held in Chamonix France in 1924 were the first to introduce skiing as a competition Events were held in both ski jumping and cross country skiing With advances in technology and increased leisure time the popularity of skiing as a sport has risen exponentially since it was first introduced The Historical Dictionary of Skiing relates the history of the sport through a comprehensive alphabetical dictionary with detailed cross referenced entries on key figures places competitions and governing bodies within the sport Author E John B Allen introduces the reader to the history of skiing through a detailed chronology an introductory essay appendixes and an extensive bibliography This book is an excellent access point for researchers students and anyone interested in the history of skiing *Lost Ski Areas of Tahoe and Donner* Ingrid P. Wicken,2020-11-09 At the beginning of the twentieth century Lake Tahoe and the Donner Summit region became California's first developed winter sports areas Plentiful snowfall and newly built highways opened up the summer playground for visitors year round and skiing flourished The Sierra Ski Club formed in 1925 attracting members eager to experience everything the mountains had to offer People flocked to the slopes visiting

places like Clair Tappaan Lodge in Soda Springs boasting one of the summit's earliest ski tows and the Yuba Gap Lodge a pioneer in night skiing Join Ingrid P Wicken award winning author and ski historian as she recounts the fascinating beginnings of this celebrated ski hub

Colorado Powder Keg Michael W. Childers, 2016-05-23 Downhill skiing is a vital economic engine for many communities in the Rocky Mountain states attracting 20 million skier days per season Colorado is by far the most popular destination with more than two dozen major ski resorts creating a thriving industry that adds billions to the state's coffers But many ask at what cost Michael Childers traces the rise of Colorado's ski industry alongside that of the burgeoning environmental movement which sprang up in opposition to rampant commercial development on mountains that had been designated as public lands Combining official ski resort figures U S Forest Service documents real estate and tourism records wildlife data newspaper articles and public comments Childers shows how what started as an innocent leisurely pursuit has morphed into a multi billion dollar business that forever changed the landscape of Colorado and brought with it serious environmental consequences This first environmental history of skiing in Colorado traces the recreation's rise in popularity as a way of examining major changes in public land management in the American West during the last century As more people headed to Colorado's mountains in search of thrills on the slopes the USFS quickly became overwhelmed by the demand and turned resort development over to the private sector The result has been a decades long battle between developers and environmentalists with skiers and Colorado residents caught in the middle Childers examines the history of the ski industry within Colorado throughout the twentieth century along with the challenges the industry's growth posed in balancing the private development of public lands and mounting environmental concerns over issues such as rural growth wildlife management and air and water pollution He then traces the history of radical environmentalism back to the 1960s to show how it picked up momentum culminating in the Earth Liberation Front's 1998 arson at Vail Ski Resort which ended up doing more harm than good to the environmentalist cause by recasting the mega resorts as victims and turning public opinion against all environmental activists in the area As Americans weigh their desire for fresh powder against their concern for protecting unspoiled lands Childers's book provides valuable food for thought Colorado Powder Keg opens a new window on the history of skiing in the American West as it adds to the broader debate over the management and purpose of national forests

Will Thrall and the San Gabriels Ronald C. Woolsey, 2004 In the 1930s and 40s Will Thrall was the leading voice in encouraging people to walk the San Gabriels mountain trails and camp under the stars A thorough biography of this influential and fascinating conservationist

The Acts of the Holy Spirit: Our Personal Journey Chris Morris, 2018-11-12 Is God still in the miracle business Did miracles only occur for the early church Can God really do the impossible Is the Bible trustworthy and was Jesus telling the truth Can we physically experience or even see miracles Like most people when I was young I had faith in Jesus but scoffed at people who said they had witnessed miracles Then I witnessed one little miracle I was dumbfounded I then witnessed another and then another and before long I witnessed miracle after miracle incredible miracles that I had been told only the early church could experience I wrote this book for my children because I wanted them to have a record of the acts of the Holy Spirit we had witnessed on our journey through life Everything Jesus said proved to be true Our family is not special We are not saints We are not unusual We have our problems and shortcomings I suspect our family is not much different than yours except perhaps for one thing We pray for the Lord's help and believe His help is on the way Jesus said in Mark 11:23-24 For assuredly I say to you whoever says to this mountain Be removed and be cast into the sea and does not doubt in his heart but believes that those things he says will be done he will have whatever he says Therefore I say to you whatever things you ask when you pray believe that you receive them and you will have them
