Beyond Ronald Radhoff, 2011-05-13 The world is on the brink of major changes The vibrations are increasing on the planet and act as a catalyst that is empowering the light and suppressing the dark energies During this process great opportunities to be a part of a magnificent spiritual evolution are opening for those who choose the way of the loving light of God There is enormous confusion for many who have been subjected to false perceptions and are controlled through fear the great tool of the dark side of governments and yes even some religions This book is a result of the authors 33 year search for greater truths enhanced by communications from several spirit sources of the Deity plus answers about other life in the Cosmos including mind expanding descriptions from highly evolved beings about life on other planetary systems The author included several communications from friends and family when they described their transition experiences after crossing over to the World Beyond These messages go beyond fundamental religious myths and describe various dimensions in the spiritual realm This book is for you if youve ever wondered what your purpose in life is if you want to unleash greater powers of your mind if youve wondered whether there is intelligent life out there if youve wondered what the Afterlife is really like if you have any fear of dying death or crossing over if you really want to evolve spiritually Ron has given many lectures and presentations over several years to a variety of organizations Expressing his creativity Ron also paints in oil and is the cover artist From a reader Once I started reading your book it was so interesting I couldnt put it down and read it straight through I need eight more copies for family and friends Beverly R Novi Michigan **Weekly World News** ,1985-07-09 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site Original Christianity Peter Novak, 2005-09-29 Offers more information about the first century world of early Christians asking Could Christ s original teachings have truly been lost Foreword Reviews Whoever finds the interpretation of these sayings will not experience death from the Gospel of Thomas The work of scholars such as Elaine Pagels and Marvin Meyer have captured the imagination of the public by setting forth the Gospel of Thomas and other lost teachings of Jesus Now Peter Novak in Original Christianity brings forth a critical element essential for fully understanding these scriptures Novak argues that the authors of these early texts subscribed to the Binary Soul Doctrine an ancient belief system that allows for both reincarnation and an eternal afterlife Novak s interdisciplinary approach offers fresh insights on the beliefs and politics of the early church founders He points out that reincarnation was a commonly held Christian belief until it was voted out of official Christianity and the record expunged This newfound key reveals the true identities of many mysterious Biblical figures such as Lazarus Barabbas Judas and especially the Apostle Thomas who may not only have been Jesus identical twin brother but indeed a second Christ in his own right who lived to produce a genetically identical bloodline More important still the rediscovery of the lost theology of Original Christianity means Christ s central message of personal integrity can again take center stage
