Rev Richard Baxter Under The Cross 1662:

The Reverend Richard Baxter Under the Cross (1662-1691). Frederick James Powicke, 1927 Richard Baxter's Reformed Liturgy Glen J. Segger, 2016-04-08 The English Civil War and its aftermath was a time of human devastation political uncertainty and religious instability Amid the turmoil of those times however the Church of England also saw intense liturgical inventiveness The Directory for Public Worship Jeremy Taylor's Communion Office and Richard Baxter's Reformed Liturgy are all examples of resourceful liturgies born out of the ashes of the English Civil War The Church of England had not witnessed such liturgical innovation since Thomas Cranmer and would not see such creativity again until the end of the twentieth century at least in terms of liturgical texts In Richard Baxter's Reformation of the Liturgy Glen J Segger examines the theology and ecclesiology of Baxter's liturgical opus While never approved for public use the Reformed Liturgy remains an important and creative liturgy representative of those who fought for their Puritan convictions but lost The Reverend Richard Baxter Under the Cross (1662-1691), by Frederick J. Powicke Frederick James Powicke, 1927 *John Owen, Richard Baxter and the Formation of Nonconformity* Dr Tim Cooper, 2013-07-28 John Owen 1616 1683 and Richard Baxter 1615 1691 were both pivotal figures in shaping the nonconformist landscape of Restoration England Yet despite having much in common they found themselves taking opposite sides in several important debates and their relationship was marked by acute strain and mutual dislike By comparing and contrasting the parallel careers of these two men this book not only distils the essence of their differing theology it also offers a broader understanding of the formation of English nonconformity Placing these two figures in the context of earlier events experience and differences it argues that Restoration nonconformity was hampered by their strained personal relationship which had its roots in their contrasting experiences of the English Civil War This study thus contributes to historiography that explores the continuities across seventeenth century England rather than seeing a divide at 1660 It illustrates the way in which personality and experience shaped the development of wider movements **The Nonconformity of Richard Baxter** Irvonwy Morgan, 2017-06-14 Though we do not normally connect air raid shelters with peace I must confess that the fact that I had to live in an air raid shelter during the blitz of 1940 and 1941 gave me time and opportunity to do the reading necessary for this study in the life and importance of Richard Baxter Some may consider that this work is merely another example of flogging a dead horse but ideas which have rocked nations do not die as quickly as horses and with the emergence of talk on Church reunion it is well that all parties should remind themselves of the origins and purpose of what is termed Nonconformity From the Preface The Reformed and Celibate Pastor Seth D. Osborne, 2021-12-06 Richard Baxter 1615 1691 was arguably the greatest English Puritan of the seventeenth century He is well known for his ministerial manual The Reformed Pastor in which he expressed the unusual conviction that parish ministers were better off unmarried And yet Baxter seemed to contradict himself by marrying one of his parishioners Margaret Charlton Though Baxter claimed to be happily married he continued to champion celibacy for the rest of his life

This book explores Baxter's argument for clerical celibacy by placing it in the context of his life and the turbulent events of seventeenth century England. His viewpoint was shaped by several factors including the Puritan literature he read, the context of his parish ministry, his burdensome model of soul care and the formative life experiences shaping his theology and perspective. These factors not only explain why Baxter became the only Puritan to champion clerical celibacy but also why he continued to do so even after marrying.

10 Great Ideas from Church History Mark R. Shaw, 2013-09-07 Mark Shaw offers ideas from the most significant Christian leaders of the last five hundred years including Martin Luther, John Calvin, Jonathan Edwards, William Carey, John Wesley, Richard Baxter and Dietrich Bonhoeffer.

Spirituality in Adversity Raymond Brown, 2014-07-08 The unique feature of this scholarly and very readable work is that it examines the way those persecuted responded to hardship: their faith, their worship, their perseverance. With marvellous warmth, Raymond Brown shows us the spirituality of these men and women: spirituality centred on Jesus Christ and the Father's love, even in such times. Brown dives into the writings of those persecuted and demonstrates the rich theology that could only be written with such depth by those who lived in suffering and found God faithful and satisfying. I highly recommend this book to scholars as well as common sufferers looking for solace in God. Larry Siekawitch, pastor and author of *Balancing Head and Heart in Seventeenth Century Puritanism*, Paternoster 2012. At a time when Evangelicals interested in the study of spirituality often overlook the immense resources of their own antecedents, I hope that this book will help to redress the balance. Timothy Grass, church historian, author and associate editor for the Ecclesiastical History Society.

A Grief Sanctified (Including Richard Baxter's Timeless Memoir of His Wife's Life and Death) J. I. Packer, 2002-09-24 Their love story is not one of fairy tales. It is one of faithfulness from the beginning through to its tragic ending. Richard and Margaret Baxter had been married only nineteen years before she died at age forty-five. A prominent pastor and prolific author, Baxter sought consolation and relief the only true way he knew in Scripture: with his discipline of writing. Within days he produced a lover's tribute to his mate and a pastor's celebration of God's grace. It is spiritual storytelling at its best, made all the more poignant by the author's unveiling of his grief. J. I. Packer has added his own astute reflections along with his edited version of this exquisite memoir that considers six of life's realities: love, faith, death, grief, hope and patience. He guides you in comparing and contrasting the world's and the Bible's ideals on coping with these tides of life. The powerful combination of Packer's insights and Baxter's grief gives you a beacon if you are searching for God, a pathfinder for your relationships and a lifeline if you are grieving.

The Rhetoric of Conversion in English Puritan Writing from Perkins to Milton David Parry, 2021-12-30 This rhetorical study of the persuasive practice of English Puritan preachers and writers demonstrates how they appeal to both reason and imagination in order to persuade their hearers and readers towards conversion, assurance of salvation and godly living. Examining works from a diverse range of preacher-writers such as William Perkins, Richard Sibbes, Richard Baxter and John Bunyan, this book maps out continuities and contrasts in the theory and practice of persuasion. Tracing the emergence of

Puritan allegory as an alternative imaginative mode of rhetoric it sheds new light on the paradoxical question of how allegories such as John Bunyan's *The Pilgrim's Progress* came to be among the most significant contributions of Puritanism to the English literary canon despite the suspicions of allegory and imagination that were endemic in Puritan culture. Concluding with reflections on how Milton deploys similar strategies to persuade his readers towards his idiosyncratic brand of godly faith this book makes an original contribution to current scholarly conversations around the textual culture of Puritanism the history of rhetoric and the rhetorical character of theology

The Bookseller and the Stationery Trades'
Journal, 1927 *The Outlook*, 1927 **The Value of Time in Early Modern English Literature** Tina

Skouen, 2017-10-02 The stigma of haste pervaded early modern English culture more so than the so-called stigma of print. The period's writers were perpetually short on time but what does it mean for authors to present themselves as hasty or slow or to characterize others similarly? This book argues that such classifications were a way to define literary value. To be hasty was in a sense to be irresponsible but in another sense it signaled a necessary practicality. Expressions of haste revealed a deep conflict between the ideal of slow writing in classical and humanist rhetoric and the sometimes grim reality of fast printing. Indeed the history of print is a history of haste which carries with it a particular set of modern anxieties that are difficult to understand in the absence of an interdisciplinary approach. Many previous studies have concentrated on the period's competing definitions of time and on the obsession with how to use time well. Other studies have considered time as a notable literary theme. This book is the first to connect ideas of time to writerly haste in a richly interdisciplinary manner drawing upon rhetorical theory book history poetics religious studies and early modern moral philosophy which only when taken together provide a genuinely deep understanding of why the stigma of haste so preoccupied the early modern mind. *The Value of Time in Early Modern English Literature* surveys the period from ca 1580 to ca 1730 with special emphasis on the seventeenth century. The material discussed is found in emblem books devotional literature philosophical works and collections of poetry drama and romance. Among classical sources Horace and Quintilian are especially important. The main authors considered are Robert Parsons Edmund Bunny King James 1 Henry Peacham Thomas Nash Robert Greene Ben Jonson Margaret Cavendish John Dryden Richard Baxter Jonathan Swift Alexander Pope. By studying these writers' expressions of time and haste we may gain a better understanding of how authorship was defined at a time when the book industry was gradually taking the place of classical rhetoric in regulating writers' activities.

John Owen, Richard Baxter and the Formation of Nonconformity Tim Cooper, 2016-05-06 John Owen 1616-1683 and Richard Baxter 1615-1691 were both pivotal figures in shaping the nonconformist landscape of Restoration England. Yet despite having much in common they found themselves taking opposite sides in several important debates and their relationship was marked by acute strain and mutual dislike. By comparing and contrasting the parallel careers of these two men this book not only distills the essence of their differing theology it also offers a broader understanding of the formation of English nonconformity. Placing these two

figures in the context of earlier events experience and differences it argues that Restoration nonconformity was hampered by their strained personal relationship which had its roots in their contrasting experiences of the English Civil War This study thus contributes to historiography that explores the continuities across seventeenth century England rather than seeing a divide at 1660 It illustrates the way in which personality and experience shaped the development of wider movements

From Puritanism to Platonism in Seventeenth Century England James Deotis Roberts,2012-12-06 The research of Professor J D Roberts has interested me for several years It has interested me because he has been working in a really rich area of intellectual history Even before Professor Whitehead taught us to speak of the seventeenth century as the century of genius many of us looked with wonder on the creativity of the men who produced religious and philosophical literature in that period of contro versy and of power It was in a most unusual way a flowering time of the human spirit The present volume is devoted to one fascinating chapter in the history of ideas We know now far better than we knew a generation ago how incendiary Puritan ideas really were They had tremendous consequences many of which continue to this day in spite of the absurd caricature of Puritanism which is popularly accepted The best of Milton s contemporaries were great thinkers as well as great doers *Enlightenment, Ecumenism, Evangel* Alan P.F. Sell,2007-09-01 What is the Gospel and how is it to be commended This question encapsulates the running theme of this collection of papers In five essays Professor Sell discusses some Puritans Cambridge Platonists Quakers and critics of deism and pantheism who sought to articulate the Gospel in the intellectual environment in which they had been set Their underlying concerns are of continuing relevance in current ecumenical discussion as are questions of doctrinal change and development the subjects of two further papers A paper on spirituality echoes some of the concerns of the Separatists Platonists and Quakers but views them in relation to the widespread interest in the topic at the present time Two papers concern the ways in which the Gospel is shared in ecumenical circles with special reference to the Holy Spirit ecclesiology and the Reformed contribution to interconfessional discussion A bibliographical survey of Reformed theology in twentieth century Britain shows the range of interest within one ecclesiastical tradition while such wider issues as contextual theology inclusivism and the peril of sectarianism are discussed in a further paper The book concludes with an attempt to answer the question what is involved in proclaiming the Gospel of reconciliation today **Cromwellian Ireland** Toby Christopher Barnard,2000 In this important study reissued here in paperback along with a new historiographical essay T C Barnard anatomizes the Irish problem of the mid seventeenth century and connects it to the English politics and policies both before and after the interregnum He looks closely at how and by whom Ireland was ruled and how its government was financed and he explores in detail the primary Cromwellian goals in Ireland propagating the Protestant gospel providing English and Protestant education advancing learning and reforming the law Science in an Enchanted World Julie Davies,2018-06-14 Best known as the Saducismus triumphatus 1681 Joseph Glanvill s book on witchcraft is among the most frequently published from the seventeenth century and its arguments for the

reality of diabolic witchcraft elicited passionate responses from critics and supporters alike Davies untangles the intricate development of this text and explores how Glanvill's roles as theologian philosopher and advocate for the Royal Society of London converge in its pages Glanvill's broader philosophical method and unique approach to the supernatural provide a case study that enables the exploration of the interaction between the rise of experimental science and changing attitudes to witchcraft

Daniel Defoe Paula R. Backscheider, 1989 Throughout one of English history's most tumultuous periods Daniel Defoe 1660-1731 took part in and reported on nearly every major political religious and social controversy This widely acclaimed biography offers a fascinating account of Defoe's remarkable life Paula Backscheider reveals new information about Defoe's secret career as a double agent his daring business ventures his dangerous pen and his cat and mouse games with those who sought to control it This is the definitive biography of one of eighteenth century England's most influential figures and one of the most prolific and widely read authors of all time
