## **Second Assassin:**

*My Way* John Martin Fischer, 2006-03-02 This is a selection of essays on moral responsibility that represent the major components of John Martin Fischer's overall approach to freedom of the will and moral responsibility. The collection exhibits the overall structure of Fischer's view and shows how the various elements fit together to form a comprehensive framework for analyzing free will and moral responsibility. The topics include deliberation and practical reasoning, freedom of the will, freedom of action, various notions of control and moral accountability. The essays seek to provide a foundation for our practices of holding each other and ourselves morally and legally accountable for our behavior. A crucial move is the distinction between two kinds of control. According to Fischer, regulative control involves freedom to choose and do otherwise, alternative possibilities, whereas guidance control does not. Fischer contends that guidance control is all the freedom we need to be morally responsible agents. Further, he contends that such control is fully compatible with causal determinism. Additionally, Fischer argues that we do not need genuine access to alternative possibilities in order for there to be a legitimate point to practical reasoning. Fischer's overall framework contains an argument for the contention that guidance control, and not regulative control, is associated with moral responsibility; a sketch of a comprehensive theory of moral responsibility that ties together responsibility for actions, omissions, consequences, and character; and an account of the value of moral responsibility. On this account, the value of exhibiting freedom of the relevant sort and thus being morally responsible for one's behavior is a species of the value of artistic self-expression.

*The Assassination of JFK* Robert A. Wagner, 2017-03-07 *The Assassination of JFK: Perspectives Half a Century Later* is the result of a reconciliation of widely divergent views of the assassination and who was responsible. For more than fifty years, the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man, Lee Harvey Oswald, acted alone in killing President John F. Kennedy, and those who believe that the assassination was spearheaded by the KGB, Castro, the mob, anti-Castro revolutionaries, the military complex, the CIA, or even Kennedy's successor, Lyndon Baines Johnson, to name only a few. The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald. Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators, researchers, and historians. Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces. Once all the puzzle pieces are organized and properly fit together, however, as Bob's painstaking work shows, a real picture emerges and the truth comes into focus. Bob thoroughly reviews the head-spinning morass of fact, conjecture, and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination, much less all of the conspiracy theories that abound. *The Assassination of JFK: Perspectives Half*

a Century Later presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22, 1963. Falco, 2010-07-25 When their father is given the honor of becoming the next Duke of Leven two sisters find themselves thrust into the middle of a seething court filled with intrigue and betrayal. Battling for survival in this strange world of alliances amongst the noble houses, the women soon come to suspect that the troubles in the kingdom go far beyond mere power struggles of the ruling elite. The malice of a dark god from distant lands threatens to destroy everything and everyone they know. *Significant* W. J. Brown, 2020-08-18 Johann Smedley Oberhausen is a 16-year-old child prodigy with gifts in academics and baseball, but when he and his friends in the Eleutheria Club record top secret phone calls from two devious powerful men, Johann is forced to take a break from his college classes to help stop an impending world disaster. With family friend Chief Ryan leading their efforts, Johann teams up with Chinese student Huang Tai, Eleutheria Club members, and many others from various U.S. departments, corporations, and countries to launch a satellite into space that could save millions of lives from two dominating men who can't fight their own battles. In his fight against the clock, Johann realizes the beauty of humanity and that perhaps every life is significant. **Rise of the Ruinations (Essence Guild Series) Part B** Avi Nash, 2025-02-22 Before the first star falls, shadows shall rise. Before the last light fades, ruin shall claim its price. Before all else ends, a choice must shatter the void. The Door is breaking. The Ruinations are rising. Poseidon Fulminata bears the weight of duty, honor, sacrifice, and a fragile hope that something can always be saved. But hope falters as the Door between worlds fractures, bleeding a void that twists existence and births horrors beyond comprehension. The Ruinations follow heralds of eternal change and destruction. Watching from the edges is the Masked One, feeding on Poseidon's doubt and despair, driving him closer to collapse. As Poseidon fights this encroaching apocalypse, the weight of his failures and sacrifices begins to crack his mind. His memories falter, his sense of self dissolves, and the Voice of One whispers truths and lies alike. Yet when all seems lost, Poseidon rises because he must. Visions of the past and voices of what is to come lead him to the Knights of Oaths, a sacred order protecting the world from a secret to end all worlds. In a war between ruinous creatures and their counterparts, Poseidon uncovers truths long buried and a destiny tied to a power that carries the omen of death. As the void consumes existence, Poseidon must transcend what he is to become the Vessel of Beyond, a force of unity and truth sought by all forces. He must choose between preserving the worlds as they are or forging something new at a cost so great that hope itself may vanish. Against the rising Ruinations and the shadow of despair, Poseidon faces one choice: Will he rise above the Darkness, or will it claim him and all worlds with him? For when the last shadow falls, one truth remains: the light he carries must save more than he believes can be saved. **Celestial Empire** R. K. Singer, 2016-09-03 Communities around the galaxy have lived in relative seclusion for millennia, that is, until a faction of warring worlds spawned an evil that would bring horror to the galaxy. As the

reptilian Rapturans face the feline Trivarins which race will win the conflict As Rapturas technological prowess grows its ruler Sancura begins seeking out allies to help him conquer more of the galaxy When the Rapturans encounter the world of Reptillon an alliance is formed that will threaten the entire galaxy But when the combined might of the Reptilians and Rapturans leads to the destruction of an entire planet and the deaths of trillions other worlds band together to resist their tyranny As the galactic conflict known as the Blood War begins a race of immortal beings known as the Sirrouns join the battle and only time will tell whether their intervention will stop the spread of Reptilian conquest in the galaxy In this science fiction tale of action adventure and war an alliance of reptilian races seeking to conquer the galaxy faces off against an immortal warrior race
