Second Thoughts Former Radicals Look Back At The Sixties

Brad Stetson

Second Thoughts Former Radicals Look Back At The Sixties:

Reflecting on the 1960s at 50 Alexander Riley, 2020-11-16 Reflecting on the 1960s at 50 A Concise Account of How the 1960s Changed America for Better and for Worse is a punchy conversational look at some of the most interesting pieces of cultural and social conflict from the 60s reflected through the lens of our own vantage point today This approachable informative volume uses transcripts of public interviews to provide the viewpoints of half a dozen nationally known scholars with long records of writing in scholarly and popular realms They represent a range of disciplinary and political perspectives from the humanities to the social sciences and from the progressive left to the conservative right These scholars offer their thoughts on the place of youth in American society that emerged from the 60s the lingering contributions the counterculture made to American institutions and social life the legacy in contemporary America of the struggles over racial disparities in the 60s the ways in which the revolution of sexual mores and relations of that decade have affected marriage and family today the war in Vietnam and its effects on contemporary views of America's military power and responsibility in the world the evolution of American state power and administration that was energized by Lyndon Johnson's Great Society This book will be of interest to students of American history and the history and politics of the 1960s as well as sociologists It searches for meaning in a period that made major contributions to the shape of America as a country

Screening the Sixties

Oliver Gruner, 2016-09-17 This book provides a detailed and engaging account of how Hollywood cinema has represented and remembered the Sixties From late 1970s hippie musicals such as *Hair* and *The Rose* through to recent civil rights portrayals *The Help* and *Lee Daniels The Butler* Oliver Gruner explores the ways in which films have engaged with broad debates on America's recent past Drawing on extensive archival research he traces production history and script development showing how a group of politically engaged filmmakers sought to offer resonant contributions to public memory Situating Hollywood within a wider series of debates taking place in the US public sphere *Screening the Sixties* offers a rigorous and innovative study of cinema's engagement with this most contested of epochs

A Cultural History of the Radical Sixties in the San Francisco Bay Area

Anthony Ashbolt, 2015-10-06 The San Francisco Bay Area was a meeting point for radical politics and counterculture in the 1960s Until now there has been little understanding of what made political culture here unique This work explores the development of a regional culture of radicalism in the Bay Area one that underpinned both political protest and the counterculture

The Sixties Arthur Marwick, 2011-09-28 If the World Wars defined the first half of the twentieth century the sixties defined the second half acting as the pivot on which modern times have turned From popular music to individual liberties the tastes and convictions of the Western world are indelibly stamped with the impact of this tumultuous decade Framing the sixties as a period stretching from 1958 to 1974 Arthur Marwick argues that this long decade ushered in nothing less than a cultural revolution one that raged most clearly in the United States Britain France and Italy Marwick recaptures the events and movements that shaped life as we know it the rise of a youth subculture across the

West the sit ins and marches of the civil rights movement Britain's surprising rise to leadership in fashion and music the emerging storm over Vietnam the Paris student uprising of 1968 the growing force of feminism and much more For some it was a golden age of liberation and political progress for others an era in which depravity was celebrated and the secure moral and social framework subverted The sixties was no short term era of ecstasy and excess On the contrary the decade set the cultural and social agenda for the rest of the century and left deep divisions still felt today **What Really**

Happened to the 1960s Edward P. Morgan, 2010-11-18 Wherever we turn these days we encounter reminders of the sixties They're invoked in presidential campaigns American military actions and outbursts of mass protest We're bombarded with media saturated anniversaries of iconic events from JFK's inauguration and assassination to urban riots and Woodstock But as Edward Morgan suggests these references offer little more than an endless stream of distracting imagery that has more to do with today's politics and economics than with the reality of yesterday's social movements In his provocative look at mass media's connection with those turbulent years Morgan simultaneously seeks to explain what happened in the 1960s and what happened to how we remember it His comprehensive overview and critical analysis reveal how the mass media have shaped the popular image of a raucous decade in ways that have curtailed its promise of democracy Morgan's in depth study of sixties social movements and their depictions in corporate America's print media film and television helps to explain why the past still provokes deep emotions even antagonism half a century later He blends history sociology political science media and cultural studies and critical theory to explain why the 1960s have been so virulently targeted particularly by critics on the right who blame today's self indulgent culture on baby boomers and sixties permissiveness instead of the real culprits consumer driven capitalism and neoliberal politics Emphasizing the tensions between capitalism and democracy Morgan investigates the fate of democracy in our media driven culture first by examining the ways that the 1960s were represented in the media at the time then by exploring how popular versions of the sixties have glossed over their more radically democratic qualities in favor of sensationalism and ideological constructions He reminds us of what really happened then shows us how the media trivialized and satirized those events co-opting and commercializing the decade's legacy and in doing so robbing it of its more radical democratic potential By revisiting this chapter of the past Morgan shows that it has much to tell us about where we are today and how we got here Whether you lived through the sixties or only read about them or only saw Hollywood's version of them in *Forrest Gump* this book will put their lessons in clearer perspective **Leaders**

from the 1960s David De Leon, 1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With

major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies Leaders from the 1960s includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person s basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period *Sixties Radicalism and Social Movement Activism* Bryn Jones, Mike O'Donnell, 2012-10-15 This book s four main aims are to examine firstly why movements happened in the socio historical context of sixties radicalism secondly its distinctive legacy of crucial cultural societal and political interconnections thirdly continuing links between seminal ideas and movements and socio political activism today fourthly little discussed national instances and divergent impacts of sixties radicalism in relation to contemporary global social movements A conclusion traces all these dimensions from current social movements back to sixties radicalism s pioneering upheavals Richard John Neuhaus Randy Boyagoda, 2015-02-10 A brilliant biography of one of the intellectual mavericks of 20th Century Catholicism Richard John Neuhaus 1936 2009 was one of the most influential figures in American public life from the Civil Rights era to the War on Terror His writing activism and connections to people of power in religion politics and culture secured a place for himself and his ideas at the center of recent American history William F Buckley Jr and John Kenneth Galbraith are comparable willing controversialists and prodigious writers adept at cultivating or castigating the powerful while advancing lively arguments for the virtues and vices of the ongoing American experiment But unlike Buckley and Galbraith who have always been identified with singular political positions on the right and left respectively Neuhaus life and ideas placed him at the vanguard of events and debates across the political and cultural spectrum For instance alongside Abraham Heschel and Daniel Berrigan Neuhaus co founded Clergy Concerned About Vietnam in 1965 Forty years later Neuhaus was the subject of a New York Review of Books article by Garry Wills which cast him as a Rasputin of the far right exerting dangerous influence in both the Vatican and the Bush White House This book looks to examine Neuhaus s multi faceted life and reveal to the public what made him tick and why Anti-Americanism Paul Hollander, In its domestic manifestations anti Americanism may be equated with alienation or an embittered radical social criticism Abroad it may take the form of nationalism anti capitalism and protest against modernity This volume examines the phenomenon within American society and aboard especially among intellectuals *The People of This Generation* Paul Lyons, 2013-07-17 At the heart of the tumult that marked the 1960s was the unprecedented scale of student protest on university campuses around the world Identifying themselves as the New Left as distinguished from the Old Left socialists who engineered the historic labor protests of the 1930s these young idealists quickly became the voice and conscience of their generation The People of This Generation is the first comprehensive case study of the history of the New Left in a

Northeast urban environment Paul Lyons examines how campus and community activists interacted with the urban political environment especially the pacifist Quaker tradition and the rising ethnic populism of police chief and later mayor Frank Rizzo Moving away from the memoirs and overviews that have dominated histories of the period Lyons uses this detailed metropolitan study as a prism for revealing the New Left's successes and failures and for gauging how the energy generated by local activism cultivated the allegiance of countless citizens Lyons explores why groups dominated by the Old Left had limited success in offering inspiration to a new generation driven by the civil rights movement and opposition to the Vietnam War The number and diversity of colleges in this unique metropolitan area allow for rich comparisons of distinctly different campus cultures and Lyons shows how both student demographics and institutional philosophies determined the pace and trajectory of radicalization Turning his attention off campus Lyons highlights the significance of the antiwar Philadelphia Resistance and the antiracist People for Human Rights Philadelphia's most significant New Left organizations revealing that the New Left was influenced by both its urban and campus milieus Combining in depth archival research rich personal anecdote insightful treatment of the ideals that propelled student radicalism and careful attention to the varied groups that nurtured it *The People of This Generation* offers a moving history of urban America during what was perhaps the most turbulent decade in living memory

Across the Great Divide Wayne Karol, 2004 Praise for Wayne Karol's *The Sixties as Science Fiction* An Appreciation of Paul Kantner Easily the best thing I've ever seen written on him and his music and what it all means Jeff Tamarkin author of *Got A Revolution* The Turbulent Flight of Jefferson Airplane One of the finest pieces of writing about music and society that it's been my pleasure to read Bill Parry co editor *Holding Together* The Sixties were such a long time ago why can't America seem to stop re-fighting the battles we fought then Why are we still so bitterly divided Why does so much of what's happening now seem like weird repetitions of the past from the Monica Lewinsky scandal and Watergate to Iraq and Vietnam In *Across the Great Divide* Wayne Karol offers an original and insightful perspective on how we ended up in this mess and what we might be able to do about it It's his duty as a baby boomer to hope that it will change the world

The Conservative Ascendancy Donald T. Critchlow, 2011-09-07 Hailed as perhaps the best scholarly overview of the conservative movement in print American Conservative Donald Critchlow's *The Conservative Ascendancy* has depicted as no other book has the wild ride of the Republican Right Newly updated and available for the first time in paperback it continues to offer the best account of the conservative struggle to reverse the momentum of the New Deal In tracing the conservative revival Critchlow chronicles how conservative beliefs were translated into political power He shows how conservatives from think tank theorists to grassroots mobilizers gained control of the Republican party by defeating its liberal eastern wing only to find that the welfare state was not so easily dismantled Looking back at the 1964 Goldwater debacle and the scandal plagued Nixon years he then revisits the triumph of the Reagan presidency and describes how George W Bush injected into American politics a level of partisanship not seen since the nineteenth century Critchlow

recounts the conflict between purity of principle and political practice for conservatives and the dilemma of maintaining an anti statist ideology in an era of mass democracy and Cold War hostilities Throughout he delineates the intellectual foundations of the Right s positions including the ongoing schism that separates social conservatives from libertarians while plumbing America s increasing ideological divide This updated edition not only features a new preface and conclusion but also boasts an entirely new chapter covering the 2008 presidential election the 2008 financial meltdown the first two years of Obama s presidency the emergence of the Tea Party the 2010 midterms and ongoing economic problems Here Critchlow foresees a new epoch in which the old conservative progressive divide is unable to address the problems caused by national debt entitlement deficits and a new global economy a new reality sure to transform both parties As conservatives continue to wave the banners of limited government individual responsibility and free enterprise Critchlow s book provides a clear guide to the country s most dynamic political movement and is essential reading for students and citizens alike as the political center continues to tack to the right

The Sixties Dimitry Anastakis,2008-02 A new approach to one of the most memorable decades in recent history

Human Dignity and Contemporary Liberalism Brad Stetson,1998-01-21 The author of Human Dignity and Contemporary Liberalism argues that the nature and application of contemporary liberalism is significantly dissonant with the deepest inclinations and most persistent moral sentiments of human beings and it therefore distorts human self understanding and defaces human dignity This mismatch between human nature and the essence of contemporary liberalism hobbles our public life and the author suggests is the Gordian knot that must be loosed if the new millennium is to manifest a more humane and satisfying American civitas This wide ranging book begins with a discussion of certain consequences and implications of contemporary liberalism s heavy emphasis on individual rights moving into a reflection on two general categories of human dignity suggesting that there is in contemporary liberal thought a lack of clarity concerning the meaning and gravity of this concept The focus then shifts to the idea of desert or deservingness The viability of desert rightly understood is advanced as a useful general concept for understanding American public life and as an important tool for restoring a measure of common sense to our politics The second section of the book concentrates on the actual application of contemporary liberalism s values as it has occurred since the 1960s particularly in the culturally contentious areas of race and abortion Emerging from this survey is an unflattering image of a political paradigm which according to the author must be abandoned or at least radically revised if America is to strike a posture of moral intensity and genuine social understanding

Dissent and the Dynamics of Cultural Change Matthew Pifer,2019-11-08 Dissent and the Dynamics of Cultural Change Lessons from the Underground Presses of the Late Sixties examines alternative presses critique of culture at a time of infamous transformation and revolution in the United States In this new study author Matthew Pifer seeks to delineate the structure of dissent to better understand how cultural change is realized and explores the relationships between the public and those cultural institutions that define the values and social norms that shaped daily life

Floyd Patterson Alan H. Levy, 2008-10-06 Floyd Patterson delivered a number of knockout punches during his Hall of Fame career but it might have been the fights he won outside the ring that made him great Born in 1935 he overcame poverty and prejudice to become the youngest world heavyweight champion in history and he would later become the first man to regain the crown after losing it Muhammad Ali called Patterson the most skillful fighter he ever faced This first complete biography of the former heavyweight champion covers Patterson's meteoric rise as a boxer while giving equal attention to his life away from sport including his work as a civil rights activist in the 1960s Joining Ali and Joe Frazier as boxers who used their celebrity to bring attention to social issues he became an icon of the movement

Farewell to Prosperity Lisle A. Rose, 2014-07-30 Farewell to Prosperity is a provocative in depth study of the Liberal and Conservative forces that fought each other to shape American political culture and character during the nation's most prosperous years The tome's central theme is the bitter struggle to fashion post World War II society between a historic Protestant Ethic that equated free market economics and money making with Godliness and a new secular Liberal temperament that emerged from the twin ordeals of depression and world war to stress social justice and security Liberal policies and programs after 1945 proved key to the creation of mass affluence while encouraging disadvantaged racial ethnic and social groups to seek equal access to power But liberalism proved a zero sum game to millions of others who felt their sense of place and self progressively unhinged Where it did not overturn traditional social relationships and assumptions liberalism threatened and in the late sixties and early seventies fostered new forces of expression at radical odds with the mindset and customs that had previously defined the nation without much question When the forces of liberalism overreached the Protestant Ethic and its millions of estranged religious and economic proponents staged a massive comeback under the aegis of Ronald Reagan and a revived Republican Party The financial hubris miscalculations and follies that followed ultimately created a conservative overreach from which the nation is still recovering Post World War II America was thus marked by what writer Salman Rushdie labeled in another context thin skinned years of rage defined identity politics This politics and its meaning form the core of the narrative Farewell to Prosperity is no partisan screed enlisting recent history to support one side or another Although absurdity abounds it knows no home affecting Conservative and Liberal actors and thinkers alike

[The Neoconservative Persuasion](#) Irving Kristol, 2011-01-11 Irving Kristol the godfather of neoconservatism and one of our most important public intellectuals played an extraordinarily influential role in the development of American intellectual and political culture over the past half century These essays many hard to find and reprinted here for the first time since their initial appearance are a penetrating survey of the intellectual development of one of the progenitors of neoconservatism Kristol wrote over the years on a remarkably broad range of topics from W H Auden to Ronald Reagan from the neoconservative movement's roots in the 1940s at City College to American foreign policy from religion to capitalism Kristol's writings provide us with a unique guide to the development of neoconservatism as one of the leading strains of thought one

of the leading persuasions in recent American political and intellectual history Black and Right J. G. Conti,Stan Faryna,Brad Stetson,1997-04-22 Black conservatism is no oxymoron Recent polls have indicated that an increasing number of black Americans identified themselves as conservatives favoring smaller government lower taxes tougher crime laws welfare reform and personal initiative While applauding the moral and legal victories of the Civil Rights Movement the conservative spokespeople in this dynamic new collection reject the claims of inequities and what they consider to be the self serving agenda of the present civil rights establishment National leaders such as Justice Clarence Thomas and former Representative Gary Franks and writers such as Shelby Steele and Glenn Loury appear either as contributors or as subjects in this volume They emphasize the grassroots aspects of black conservatism with a reliance on common sense and common humanity The strength of the black conservative voice lies in the growth of its numbers and social influence As more African Americans shift to the right and embrace conservative ideology they are signalling what may be one of the most politically significant trends in American public life as the 20th century draws to a close This provocative collection of essays shatters the myth that black Americans are uniformly left of center and that conservatism is an ideology with a white face Unique in its personal and political portrait of black conservatives in America this book shows the remarkable diversity of ideas from one of the most talked about political movements to emerge in recent years **Conservatism in the Black Community** Angela K. Lewis,2013-01-04 Conservatism in the Black Community examines the contemporary meanings of Black Conservatism and its influence on black political behavior providing a basis for understanding the impact this phenomenon has on black political behavior Lewis analyzes conservatism within the black ideological framework while also explaining the meaning of conservatism in the black community While scholars have argued that the level of support for conservatism among blacks is minimal because conservatism is antithetical to black interest there are a cadre of conservative political intellectuals and political elites in America Do their views influence those of the wider Black population Or does the media merely amplify their voices but with little support What part of contemporary Black conservatism has found a home in the Tea Party movement Focusing on what conservatism means to Blacks at the grassroots level and in what issue areas Blacks as a whole tend to have more conservative views this work neither critiques nor praises Black Conservatism The results of Lewis s mix of quantitative and qualitative methodologies will be of strong interest to students and scholars of Black politics Black studies and political behavior more generally

The book delves into Second Thoughts Former Radicals Look Back At The Sixties. Second Thoughts Former Radicals Look Back At The Sixties is a crucial topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Second Thoughts Former Radicals Look Back At The Sixties, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Second Thoughts Former Radicals Look Back At The Sixties
 - Chapter 2: Essential Elements of Second Thoughts Former Radicals Look Back At The Sixties
 - Chapter 3: Second Thoughts Former Radicals Look Back At The Sixties in Everyday Life
 - Chapter 4: Second Thoughts Former Radicals Look Back At The Sixties in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Second Thoughts Former Radicals Look Back At The Sixties. This chapter will explore what Second Thoughts Former Radicals Look Back At The Sixties is, why Second Thoughts Former Radicals Look Back At The Sixties is vital, and how to effectively learn about Second Thoughts Former Radicals Look Back At The Sixties.
 3. In chapter 2, the author will delve into the foundational concepts of Second Thoughts Former Radicals Look Back At The Sixties. This chapter will elucidate the essential principles that need to be understood to grasp Second Thoughts Former Radicals Look Back At The Sixties in its entirety.
 4. In chapter 3, the author will examine the practical applications of Second Thoughts Former Radicals Look Back At The Sixties in daily life. The third chapter will showcase real-world examples of how Second Thoughts Former Radicals Look Back At The Sixties can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Second Thoughts Former Radicals Look Back At The Sixties in specific contexts. The fourth chapter will explore how Second Thoughts Former Radicals Look Back At The Sixties is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Second Thoughts Former Radicals Look Back At The Sixties. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Second Thoughts Former Radicals Look Back At The Sixties.

Second Thoughts Former Radicals Look Back At The Sixties Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information.

No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Second Thoughts Former Radicals Look Back At The Sixties PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Second Thoughts Former Radicals Look Back At The Sixties PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Second Thoughts Former Radicals Look Back At The Sixties free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your

fingertips.

FAQs About Second Thoughts Former Radicals Look Back At The Sixties Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Second Thoughts Former Radicals Look Back At The Sixties is one of the best book in our library for free trial. We provide copy of Second Thoughts Former Radicals Look Back At The Sixties in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Second Thoughts Former Radicals Look Back At The Sixties. Where to download Second Thoughts Former Radicals Look Back At The Sixties online for free? Are you looking for Second Thoughts Former Radicals Look Back At The Sixties PDF? This is definitely going to save you time and cash in something you should think about.
