Galactic Heritage Cards Lyssa Royal Holt,2013-04-02 The Galactic Heritage Cards were first introduced in Japan where hundreds of Lyssa s students have since used them with profound results USING THE CARDS The overall concept of the cards is to explore the journey from unity to fragmentation polarity and back to reintegration Since each of us is part of the same one consciousness this is a holographic journey that unifies us all The card system uses the holographic concept that we are experiencing both unity and separation simultaneously The components of the cards explore this journey in a variety of ways including SPECIES or STAR SYSTEM Twenty one different species or star systems are represented in the four suits or time streams of cards to symbolize the main archetypal groups who have influenced the development of our galactic family THEME Each card has a theme or lesson that is connected to the civilization it depicts Contemplative text and deeper commentary are presented for each card to help users understand how to apply this wisdom in their current lives ARTWORK The architect of these cards the multidimensional consciousness Germane channeled through Lyssa also assisted Hong Kong artist David Cow in the channeling of the images Contemplating the artwork allows more information and energy to be transmitted that goes beyond the text for each card The art works deeply with the subconscious and adds a powerful dimension to the user s inner work with the cards In addition to the individual card art an underlying image spans all the cards when they re laid out on a grid with 18 cards per row This image represents our journey back to integration and thus each card carries an embedded energy

of unity even within the uniqueness and separate journey of each card When the final card was channeled the total number was 108 a sacred number in many traditions that reflects the idea of wholeness and completion GETTING STARTED In the accompanying booklet we offer more information the text and commentary for each card and several recommended spreads to help you get started Galactic Liberty David Hartline,2008 Supposed allies attack his homeworld on the same day that his parents are murdered In Galactic Liberty David Hartline introduces the vast Galactic Democracy which is on the verge of shattering after five centuries of peace Fleeing with his sister and her boyfriend to bring help Alex the young scientist discovers that there is more to the attack as the Democracy is on the verge of being subverted at the highest level by its corrupt president Alex finds out more about himself as well as new and mysterious abilities enter his consciousness He finds that he is the heir to the galaxy's protectors the Valor Guardians but he must journey far through dangerous space to find the only remaining information Can Alex complete the journey and learn to use his powers before Galactic Liberty is destroyed
