Secret Of Creating Your Future:

Creating Your Future David B. Ellis, 1999-11-09 The author of *Becoming a Master Student* presents a motivational road map for getting the most out of life through a five step program: commit, create, construct, carry out, and celebrate. **The Secret of Creating Your Future** Tad James, 1989 **The Complete Idiot's Guide to Secrets of Longevity** Kandeel Judge, Maxine Barish-Wreden, 2008 Furnishes a clear decisive approach to unlocking the secrets of a longer and healthier life with guidelines on diet, exercise, and nutritional supplements; tips on avoiding such longevity threatening lifestyle choices as bad relationships, stress, and insomnia; and advice on eliminating everyday toxins and promoting a positive attitude. Original *Real Beautiful: the Secret Energy of the Mind, Body, and Spirit* Cindy Heath, 2013-11-27 The painful search women experience as they try to reach the unrealistic levels of beauty and perfection promised in magic pills, wrinkle creams, digitally enhanced photos, media messages, and social learning disappears the minute they learn the POWERFUL SECRETS shared in this revolutionary book. In her own attempt to feel good enough in a society that stole this away from her, Cindy is on a mission to expose some powerful secrets inside the body that the ancient elite tried to hide and modern day research is trying to expose. It will change the way women see themselves and live their lives forever. Tap into the SECRET ENERGY and SACRED SCIENCE inside your body and in the highest power that surrounds you. Learn how to link these energy fields and create higher vibrations that possess the mystical power to heal, end depression, calm anxiety, release fear, and addiction; balance the body and recalibrate the energy inside you to create beauty, inspiration, infinite knowing, self love, bliss, success, abundance, prosperity, and more everyday miracles. EMBRACE Gifts, Beauty, Power, and Healing. Sacred Hidden Secrets: A Miracle Formula. Heaven on Earth. Magic Miracles and so much MORE. This book combines enlightened knowledge from Dr. Wayne Dyer, Gregg Braden, Donna Eden, Dr. Ranjee Singh, Yogi Bhaajan, and other noted experts along with the unique wisdom Cindy has gained from her work and study in the medical field. Cindy blends these insights with the connection she has made to those on the other side and her own near death experience to reveal a divinely lit path to a vibrational frequency that holds all the beauty and power many women seek and rarely find. Connect to the secrets and then pass them on. Get your sparkling heart. www.realbeautiful.ca *Sacred Practices for Conscious Living* Nancy J. Napier, 2016-06 Now nearly two decades later, Napier is ready to share more of her own life story while returning to the subject she was first introduced to by her grandmother. As she comes again to the topic that pervades her life story, she focuses on several themes including the importance of experiencing a sense of meaning in life, the sacred nature of all beings and life itself, the belief that everything is an essential part of the full expression of one life, both individually and collectively, and that we inherently draw from an underlying wholeness, the power of what it means to be aware in the present moment, and the fact that suffering is part of everyday life and we can learn to move through it. Napier explains that once we recognize our place within collective consciousness and focus on compassion and mindfulness, we can begin to experience more directly the interdependence and interconnection.

Neuro Linguistic Programming NLP is the study of excellence and how we get outstanding results It s an art and science designed for those who have a curiosity and an openness to learning more about the world we live in NLP is not only a collection of effective tools and techniques it is a process of replicating our conscious and unconscious patterns to get the right results that move us towards our desired successes The NLP Practitioner is a jargon free guide to NLP and is packed with step by step explanations and diagrams that untangle the mysteries of how to get outstanding results and success in your life Whether you re a complete beginner and avid student or an armchair expert you ll find lots of food for thought in this book *The Executive Guru* D. Patrick Georges, 2000-01-12 We are all familiar with the glass ceiling blocking womens access to top corporate positions But there is another largely unknown glass ceiling that blocks both womens and mens efforts to achieve optimum results It is made up of invisible factors such as expectations beliefs and the energy needed to carry out ones plans and decisions By now even kids know the habits of highly effective people but what about their secret habits This book is the result of research conducted following the frustration caused by the authors inability to answer certain irritating questions faced during his 30 year career as manager and consultant Why despite conscientious efforts sometimes effective managers fail to achieve certain attainable goals Why do intelligent and educated people sometimes say or do dumb things What is the use of sending people to training courses if they do not expect to derive any benefits or do not believe they are capable of improving performance What is the importance and interrelationship of self image and self esteem in personal development Are there ways of improving managerial performance other than by using conventional management skills Could improved performance perhaps be attained by tapping into the vast resources of the unconscious mind Such questions coupled with the painful shock caused by downsizing and outsourcing organizations and a diminishing sense of job security have also made increasing numbers of people seek answers and comfort within themselves As well an increasing number of people expect work to provide them not only with a paycheck but also with fulfillment And it is not only individuals who seek to access the vast resources that may exist within each one of us Major corporations have begun looking for ways to improve the bottom line through spirituality while the Spirituality in the Workplace theme now appears on business conference agendas But do we need gurus at work Empirical evidence suggests that fulfillment and creativity are related to an energy source commonly referred to as spirit Apparently results of using traditional management tools may be enhanced if we marshal our latent mental energies and incorporate new approaches to performance management focusing on factors that may help us smash the unconscious glass ceiling blocking the achievement of optimum results Businesses training organizations government agencies and the media have been following the movement towards exploration of inner space a topic that regardless of preconceived notions and skeptics reservations merits the attention of business leaders Spirituality is a sensitive issue and some workers already resent such corporate programs because they consider them an

intrusion into their private spiritual world The Executive Guru may serve as a down to earth guide for those interested in examining complementary ways of developing their potential or dealing with the rapid changes and stresses of our times It is written in parable form hopefully making it an easier read than a straight forward management book after a hard day at work The story is that of an effective manager baffled by requests from staff to attend off site training courses with mystifying names Huna Neurolinguistics Reiki Timeline Programming He seeks advice from a guru who surprisingly provides him with businesslike answers backed by scientific evidence The manager is convinced that there is more out there than meets the eye and decides to add the gurus lessons to his arsenal of management tools Reading management books and attending conventional training courses may have helped you to take charge of your work by using more effective managerial skills This book will provide you with businesslike ideas on complementary approaches to increased creativity personal development and fulfillment
