Secret of the Veda Aurobindo Ghose, 1998 *The Secret of the Veda* Sri Aurobindo, 2003 A study of the way of writing of the Vedic mystics their philosophic system their system of symbols and the truths they figure and translations of selected hymns of the Rig Veda Is there at all or is there still a secret of the Veda Sri Aurobindo asks in the opening sentence of this book He examines the ritualistic and naturalistic theory of nineteenth century European scholars and then sets forth his own view The hypothesis I propose is that the Rig veda is itself the one considerable document that remains to us from the early period of human thought of which the historic Eleusinian and Orphic mysteries were the failing remnants when the spiritual and psychological knowledge of the race was concealed for reasons now difficult to determine in a veil of concrete and material figures and symbols which protected the sense from the profane and revealed it to the initiated To disengage this less obvious but more important sense of the Vedic ritual system by fixing the import of Vedic terms the sense of Vedic symbols and the psychological functions of the Gods is thus a difficult but necessary task for which these chapters and the translations that accompany them are only a preparation Contents The Problem and its Solution A Retrospect of Vedic Theory Modern Theories The Philological Method of the Veda Agni and the Truth The Victory of the Fathers The Conquest over the Dasyus Selected Hymns Hymns of the Atris The Origins of Aryan Speech Subjects Indology Philosophy **Secret of the**

Aurobind, 1982-06-01 Secret of the Veda, New U.S. Edition Sri Aurobindo, 2018-05-25 Sri Aurobindo breaks new ground in interpreting the ancient Vedas His deeper insight into this came from his own spiritual practices for which he found vivid allegorical descriptions in the Vedas Sri Aurobindo was able to uncover the mystery of the double meanings the inner psychological and yogic significance and practices and the consistent clear sense brought by this psychological view of the Vedic hymns Finally the true inner meaning of the Veda and its relevance to the seeking after self realization and enlightenment is revealed *Sri Aurobindo: The secret of the Veda* Aurobindo Ghose, 1970 *The secret of the Veda*

The Secret Teachings of The Vedas Stephen Knapp, 1993-01-01 NEW REVISED EXPANDED EDITION The Secret Teachings of the Vedas provides one of the best reviews of ancient Eastern philosophy and summarizes some of the most elevated and important of all spiritual knowledge This timeless and enlightening information is explained in a clear and

concise way and is essential for all who want to increase their spiritual understanding and awareness This is a book that can give you a new perspective of who you are and where you fit into the scheme of things This book supplies the straightforward answers to questions that are not resolved in other religions or philosophies and condenses information from a wide variety of sources that would take a person years to assemble It also uses many quotations from numerous Vedic texts that will show you the lofty insight and wisdom they have held for thousands of years *The Secret of the Veda :: with Selected Hymns* Sri Aurobindo Ashram Trust,1998 *The Knowledge in the Vedas* Sridhar Chitta,2022-01-07 About Book The book explores the relation between the Divine Reality and the ritualistic worship practised by Hindus The first chapter describes interpretations of the symbols used by Rishis in Rig Vedic hymns and of important slokas of Isha Upanishad and also describes the Vedic and Sankhyaic Paradigms which are frameworks for the knowledge embodying Creation In the following three chapters discussions of the origins of the Vedas and the evolution of Vedic auxiliary texts are provided In most Hindu households worshippers seldom discuss the spiritual significance of mantras and stothrams making it appear that the Gods they worship are different from reality The fifth and following chapters are interpretations of the Lalitha and Vishnu sahasranaamas Ganapathi Vaibhavam Sri Rudra and Gajendra Moksham including their spiritual context About the Author Sridhar Chitta is a retired Professor of Electronics and Communication Engineering after several years of service in industries in India the Middle East and Canada When discussing spiritual matters with friends and colleagues he noted their lack of awareness of the spiritual context of daily worship and felt a strong desire to write a book that discusses the connection Sri Aurobindo's scholarly interpretation of the Vedas and Upanishads made a deep impression on him and led him to explore the spiritual significance of the sahasranaamas and stothrams of Hindu Devathas After spending more than 5 years researching and listening to a few hundred discourses he began writing *The Knowledge in the Vedas* in 2018 He presently resides in Hyderabad India and continues to explore spirituality He has also authored *Fundamentals of Electric Theory and Circuits* marketed by Wiley India **Indian Mythology** Devdutt Pattanaik,2003-04-24 Provides a fresh understanding of the Hindu spiritual landscapes and pantheon of gods and goddesses through 99 classic myths **Secret of Rebirth** Mahesh Sharma,2015-01-02 Here the foundation of rebirth is there though rebirth is the belief of Indians but Christ also had said as similar to Shri Krishna that When Abraham was born I had taken birth before him too As Shri Krishna told about his presence before others similarly had Christ told about his presence before Abraham **The Integral Philosophy of Aurobindo** Brainerd Prince,2017-01-20 Sri Aurobindo was an Indian nationalist philosopher yogi guru and poet This book is an enquiry into the integral philosophy of Aurobindo and its contemporary relevance It offers a reading of Aurobindo's key texts by bringing them into conversation with religious studies and the hermeneutical traditions The central argument is that Aurobindo's integral philosophy is best understood as a hermeneutical philosophy of religion Such an understanding of Aurobindo's philosophy offering both substantive and methodological insights for the academic study of religion subdivides

into three interrelated aims The first is to demonstrate that the power of the Aurobindonian vision lies in its self conception as a traditional hermeneutical enquiry into religion the second to draw substantive insights from Aurobindo s enquiry to envision a way beyond the impasse within the current religious secular debate in the academic study of religion Working out of the condition of secularism the dominant secularists demand the abandonment of the category religion and the dismantling of the academic discipline of religious studies Aurobindo s integral work on religion arising out of the Ved nta tradition critiques the condition of secularity that undergirds the religious secular debate Finally informed by the hermeneutical tradition and building on the methodological insights from Aurobindo s integral method the book explores a hermeneutical approach for the study of religion which is dialogical in nature This book will be of interest to academics studying Religious Studies Philosophy of Religion Continental Hermeneutics Modern India Modern Hinduism as well as South Asian Studies The Human Cycle, Psychology of Social Development Sri Aurobindo,1999 Sri Aurobindo explores the cycles of human development with an eye toward showing the underlying trend and impulsion in that development He shows how humanity moves successively through various stages whereby different powers are developed and highlighted towards an ultimate integration and fulfillment of human destiny in an outflowing of our hidden spiritual nature in the diversity and vibrancy of our physical vital and mental life
