Secret War Against The Jews How Western Espionage Betrayed The Jewish People:

The Secret War Against the Jews John Loftus, Mark Aarons, 1997-04-15 A hugely controversial work that exposes a series of scandals from Oliver North to the British royal family *The Secret War Against the Jews* reveals as much about political corruption inside Western intelligence as it does about Israel Using thousands of previously top secret documents and interviews with hundreds of current and former spies Loftus and Aarons both veteran investigators Nazi hunters and authors present a compelling narrative The authors demonstrate that numerous Western countries especially the United States and Great Britain have conducted repeated and willful spying missions on Palestine and later Israel over many decades While on the surface these two countries and others profess to be ardent allies of Israel they work in fact through their intelligence services to betray Israel's secrets to the Arabs Their motive oil and multinational profits which must be attained at any price through international covert policies The pageant of characters appearing in this narrative is vast and shocking This is not only a compelling work of history but also a volume whose grave allegations will be debated for years to come **The**

Secret War Against the Jews John Loftus, Mark Aarons, 2017-05-16 The coauthors of *Unholy Trinity* uncover a wide ranging international conspiracy against the Jews from WWI to the Reagan administration Drawing on thousands of declassified documents and numerous insider accounts attorney John Loftus and investigative reporter Mark Aarons expose nearly a century of clandestine operations against Israel and the Jews carried out by Western countries such as the United States and Great Britain Professed allies of Israel on the world stage these countries are revealed to have repeatedly spied on Palestine and Israel in pursuit of money oil and geopolitical gains Unearthing a series of scandals from Oliver North to the British royal family *The Secret War Against the Jews* reveals as much about political corruption inside Western intelligence as it does about the history of Israel This book transcends the realm of mere history raising grave allegations that will be the subject of debate for years to come *The Secret War Against Sweden* Ola Tunander, 2004-07-22 Following the stranding of a Soviet

Whiskey class submarine in 1981 on the Swedish archipelago a series of massive submarine intrusions took place within Swedish waters However the evidence for these appears to have been manipulated or simply invented Classified documents and interviews point to covert Western rather than Soviet activity The Liberty Incident Revealed A. Jay Cristol, 2013-09-15 *The Liberty Incident Revealed* is the complete and final story about the Israeli Air Force and Navy attack on the USS *Liberty* during the Six Day War in June 1967 Cutting through all of the controversy and conspiracy theories about Israel's deadly attack Cristol revises his well regarded book about the event with an expanded and in depth analysis of all of the sources including the released tapes of the National Security Agency NSA intercepts When Cristol's first book on the subject *The Liberty Incident* was published in 2002 there remained many unanswered questions about Israeli Air Force audio tapes The NSA intercepts tapes had not yet been released in 2002 Some conspiracy theorists alleged the NSA tapes would prove that the Israeli attack was premeditated Cristol's successful Freedom of Information Act lawsuit against the NSA while resulting

in the release of those tapes has been greeted by anti Israel sources insisting that the NSA tapes are fraudulent and are part of a larger conspiracy to deceive the American public After a quarter of a century of intensive research in both Israel and the U S researching all relevant archives from NSA CIA and the State Department reviewing both formerly classified and open source documents and interviewing all then living individuals directly involved in the incident the factual and documentary record is clear Cristol maintains that despite the fact that all of the official records and transcripts are now available for review the truth has proven to be of no interest to those individuals and organizations who are motivated by hidden agendas wish to keep conspiracy theories alive or are trying to feed sensational stories to the media Documenting his findings in six new chapters Cristol establishes definitively that the Israeli attack was a tragic mistake and presents a convincing argument that will be regarded as the final chapter in the long simmering debate about this incident **The Profiteers** Sally

Denton,2017-02-14 The tale of the Bechtel family dynasty is a classic American business story It begins with Warren A Dad Bechtel who led a consortium that constructed the Hoover Dam From that auspicious start the family and its eponymous company would go on to build the world from the construction of airports in Hong Kong and Doha to pipelines and tunnels in Alaska and Europe to mining and energy operations around the globe Today Bechtel is one of the largest privately held corporations in the world enriched and empowered by a long history of government contracts and the privatization of public works made possible by an unprecedented revolving door between its San Francisco headquarters and Washington **Essays**

on Diverse Topics Kalman Dubov,2021-12-23 This revised and updated volume includes twenty two essays on timely topics The volume begins with topics on Judaism and Jewish Ideology the book reviews the multiplicity of languages Jewish people used throughout their history At last count these number 55 an amazing way to create a localized language for daily interaction rather than use Hebrew the sacred language reserved for prayer and study The brief review of Lurianic Kabbalah follows together with a discussion of human suffering The mystery of Ashkenazic Jewry follows offering a serious question to this dilemma What follows is an exposition on the Jewish law of mosur the informer and the many issues affecting sexual predation in ultra Orthodox Judaism both in the United States and Australia as in Israel The Cairo Genizah reviews how two Scottish sisters brought the Book of Ecclesiasticus to Cambridge and the vast treasure of Cairo brought to Cambridge and other universities to examine this ancient repository The issue of Apostate Rabbis follows discussing several rabbis who converted to Christianity I then discuss the Radhanites the mysterious group of super merchants who traveled from France to China and back for about 500 years centuries before Marco Polo I then discuss Chabad Messianism a topic of interest as Chabad expands its message across the globe Several topics follow Medieval Blood Libel the mystery of Jews in Sri Lanka today a minimal number but in earlier centuries numbering several thousand I then discuss several topics on the human condition essays designed to reflect on Man s ethical dilemma of life in the post World War Two era I then discuss the two original ideas regarding religion One of these is attributed to the Patriarch Abraham whose reflection on Deity and how to

relate to spirituality predominates in the three great Western religions The other original thought is found in Hinduism reflecting an entirely different way to relate to Deity Because Hinduism is a Far Eastern phenomenon not readily accessible in the West I've included an overview of Hinduism so that the Western and Jewish views can be appreciated A new topic reflect on the Atrocity Soul and its counterpart reflecting of the Son of Darkness and the Son of Light each bringing messages one of despair and darkness and the other of hope and redemption While these persons may be religious it is not a primary matter to the Son of Light but their message of hope predominates I conclude the book with a discussion on Calculating Zero an advancement only made twice in human history in the New World by the Maya and by the ancient Mesopotamians Each of the essays and reviews reflects my understanding of these and other diverse topics Each essay provides grist for discussion and reflection

Maggie's Hammer Geoffrey Gilson, 2015-08-28 Intimate Strangers Fredric Richard Brandfon, 2023-05 2024 Catholic Media Association Book Award Winner in History The Jewish community of Rome is the oldest Jewish community in Europe It is also the Jewish community with the longest continuous history having avoided interruptions expulsions and annihilations since 139 BCE For most of that time Jewish Romans have lived in close contact with the largest continuously functioning international organization the Roman Catholic Church Given the church's origins in Judaism Jews and Catholics have spent two thousand years negotiating a necessary and paradoxical relationship With engaging stories that illuminate the history of Jews and Jewish Catholic relations in Rome *Intimate Strangers* investigates the unusual relationship between Jews and Catholics as it has developed from the first century CE to the present in the Eternal City Fredric Brandfon innovatively frames these relations through an anthropological lens how the idea and language of family have shaped the self understanding of both Roman Jews and Catholics The familial relations are lopsided the powerful family member often persecuting the weaker one the church ghettoized the Jews of Rome longer than any other community in Europe Yet respect and support are also part of the family dynamic for instance church members and institutions protected Rome's Jews during

the Nazi occupation and so the relationship continues Brandfon begins by examining the Arch of Titus and the Jewish catacombs as touchstones painting a picture of a Jewish community remaining Jewish over centuries Papal processions and the humiliating races at Carnival time exemplify Jewish interactions with the predominant Catholic powers in medieval and Renaissance Rome The Roman Ghetto the forcible conversion of Jews emancipation from the Ghetto in light of Italian nationalism the horrors of fascism and the Nazi occupation in Rome the Second Vatican Council proclamation absolving Jews of murdering Christ and the celebration of Israel s birth at the Arch of Titus are interwoven with Jewish stories of daily life through the centuries Intimate Strangers takes us on a compelling sweep of two thousand years of history through the present successes and dilemmas of Roman Jews in postwar Europe

Politics of Confrontation Babak Ganji,2006-04-28 Did the United States know more than it acknowledges about growing unrest under the Shah in mid 1970s Iran Have historians of American Iranian relations focused too narrowly on prevailing historical theory and personal

recollection In a period of escalating tension between the United States and Iran what can the two nations history of conflict tell us about their diplomatic future Covering Carter s policy from the end of the Shah s reign to the revolution under Ayatollah Khomeini Babak Ganji explores the nature of their perpetually antagonistic relations and the mistrust and misunderstanding that fuels it Politics of Confrontation is a penetrating critique of international relations theory within the historical framework of US Iranian relations as well as a thorough examination of American policy towards Iran It is the first in depth look at documents seized by revolutionary students from the American Embassy during the infamous hostage crisis and debunks the myth that US officials were unaware of the nature of opposition to the Shah or of Soviet influence on senior clerics These findings are an essential addition to the discourse of foreign policy theorists and invaluable for historians of the US Iran and the Cold War

American Latvians Ieva Zake,2017-09-08 This book analyzes the political experience of a small and unique American ethnic group American Latvians This community was constituted by post World War II political refugees who fled Communism and arrived in the United States seeking safety and protection For decades they insisted on preserving their ethnic identity and therefore did not call themselves Latvian Americans Instead they formed a distinctive double identity that is they blended into the American society economically and socially but refused to become assimilated culturally and politically The book offers a detailed look into the life of this community of political refugees which also provides a novel

perspective on the Cold War as experienced by certain ethnic groups From a theoretical point of view the book makes two major contributions First it reasserts the need to understand the generalized category of white Americans or white ethnics with more nuance and attention to differences and second it strengthens the so called realist claim that refugees are not like other immigrants In order to achieve these goals the book provides compelling descriptions and interpretations of the most politically relevant moments in the experience of American Latvians in the period between the 1950s and the 1990s Concretely the book deals with topics as the American Latvians anti communist activism the impact of the hunt for Nazis on Latvian emigres the Soviet Union s anti emigre propaganda campaigns and the exiled Latvians involvement in the politics of national liberation in Latvia The author strives to reveal the complexity of the refugee experience in the United States during the Cold War and its aftermath Since such aspects of the life of ethnic groups in the United States have not been sufficiently studied this book makes a substantial contribution to a fuller understanding of American immigration history and sociology of ethnic groups It is well written expertly organized and will be of interest to a large readership at many levels of academia

Decision on Palestine Deferred Monty Noam Penkower, 2013-10-23 Professor Penkower s latest book *Decision on Palestine Deferred* offers the first sustained documented account of Palestine and the Anglo American alliance during the Second World War Firmly grounded in three decades of archival research his spirited narrative offers a fascinating cast of characters against the backdrop of the larger Middle Eastern context The latter relates to Jewish and Arab activities during the War the grave threat of Erwin Rommel s Afrika Korps U S interest in Saudi Arabian oil and the effort to achieve Arab unity Zionism s shift to viewing the United States as the center of decision making in international affairs and hence the Archimedean point for forging Jewry s destiny occurred in these same six years British anxieties about imperial security while administering the Palestine mandate by means of a stringent immigration quota jostled with the first American steps taken to formulate a stance vis vis Palestine and the region as a whole The differing approaches of Churchill and Roosevelt to the Palestine imbroglio are also explored as are the varied avenues that were then championed within the Jewish camp The impact of the Holocaust with both governments breathing the very spirit of defeatism and despair surfaces throughout

Privacy on the Line, updated and expanded edition Whitfield Diffie, Susan Landau, 2010-02-26 A penetrating and insightful study of privacy and security in telecommunications for a post 9 11 post Patriot Act world Telecommunication has never been perfectly secure The Cold War culture of recording devices in telephone receivers and bugged embassy offices has been succeeded by a post 9 11 world of NSA wiretaps and demands for data retention Although the 1990s battle for individual and commercial freedom to use cryptography was won growth in the use of cryptography has been slow Meanwhile regulations requiring that the computer and communication industries build spying into their systems for government convenience have increased rapidly The application of the 1994 Communications Assistance for Law Enforcement Act has expanded beyond the intent of Congress to apply to voice over Internet Protocol VoIP and other modern data services attempts are being made to

require ISPs to retain their data for years in case the government wants it and data mining techniques developed for commercial marketing applications are being applied to widespread surveillance of the population In Privacy on the Line Whitfield Diffie and Susan Landau strip away the hype surrounding the policy debate over privacy to examine the national security law enforcement commercial and civil liberties issues They discuss the social function of privacy how it underlies a democratic society and what happens when it is lost This updated and expanded edition revises their original and prescient discussions of both policy and technology in light of recent controversies over NSA spying and other government threats to communications privacy

American Heart of Darkness Robert Kirkconnell,2013-05-21 These days most Americans know that the country has serious problems Problems that will have to be addressed before the country can move forward What are these problems Where did they come from Before we can move forward we have to know where we are and how we got there American Heart of Darkness paints an unvarnished picture of the seeds of destruction that were sown into the foundations of the Republic from the very beginning How did slavery come about in the land of the free How did a pre Columbian native population in North America alone of over eighteen million yes you heard it right native peoples dwindle down to about two hundred thousand Was it really Small Pox Why has a people who constantly talk about freedom democracy equality human rights life liberty and the pursuit of happiness continually practiced racism genocide and war How do drugs come into the

country and who is really behind the most profitable product sold in the world There are also other unanswered questions that need to be explored Why were thousands of the worst Nazi war criminals given refuge in the U S Who financed Hitler Where did Hitler get his master race and genocidal ideas from Was Lee Harvey Oswald a C I A agent Were Oswald Sirhan Sirhan Ted Kaczynski Timothy McVey and the Peoples Temple all mind control MKULTRA subjects What really happened in the Jeffery MacDonald so called Fatal Vision case How does hundreds of billions of dollars come into the United States every year without detection The answers to these questions and many more will surprise you They are not in the History books although they should be American Heart of Darkness Volume I explores the ugly side of America that has been hidden for far too long and it is literally killing us This book is not for the reader looking for an uplifting story to escape everyday life for a few hours It is for true patriots who are sick and tired of being lied to and stolen from It is for those who know they need to do something but do not know where to start It is for those who feel powerless and that Americas problems are far too big for little ol me to handle It is for those with the courage to go from darkness to light As comedian and activist Dick Gregory once said If you been in the DARK for so long LIGHT will hurt your eyes This book will hurt your eyes The reader will be shocked then angry then motivated and finally in the authors next two books empowered and liberated It is better to see where we are and where we need to go right now before it is too late Congratulations If you have read this far this book is probably for you Please keep in mind the universal truth that with any form of government the leaders only have the power that the people allow them have This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire and won There is no question that the American people have the power to reclaim a government that is clearly not being run for them We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals who have proven that they only care about making more and more money Let us all stop giving them the power that belongs to us Reading this book is a beginning and then we will talk about what to do about it in the authors next two books
