Egyptian Pharaoh Thutmose III's Campaigns during 1479-1459 BCE through the Iraq War of 2003-2011. For hundreds of years wars have played a determining role in history and have decided the rise and fall of civilizations. Many believe that understanding the causes and consequences of warfare may move humankind towards world peace. This selection of the 50 most consequential wars compiled by award-winning military historian Spencer C. Tucker presents each conflict in chronological order and discusses its causes, its course, and its significance in world history. Through thoughtful essays and supporting visual evidence, this reference work examines the types of weapons systems employed and their effects in the field, the roles played by individual leaders such as Alexander the Great, Julius Caesar, Abraham Lincoln, and Adolf Hitler, and the impact of geography and economics on the battlefield. The work includes fascinating information about warfare, addressing subjects such as how transportation and logistics changed the face of war over time, what invention marked the ascendancy of infantry over cavalry, why World War I remains the most important war in the 20th century, and which war killed nearly half of the population of Germany. Each essay includes the latest interpretations of strategy, agendas, and consequences of the featured event.

excerpt Klaemten paused in his flight through the richly verdured foothills of the Mlopts which towered in the blue haze of distance He heard the shrill screeches of the pursuing Chebs and he turned in the direction of that sound the deep set eyes in his spherical head searching for them Klaemten s body was also round but flattened slightly in front and back Powerfully muscled legs had given him a good start on the Chebs but their animal speed and endurance was closing the distance A pair of tentacles like snakes curled gracefully from the sides of his round body while sharp ears projected from his head to give him an alert and listening appearance Escape lay in the mountains but a desperate despair struck at his heart He would never make it He had come far indeed on his strength and endurance and had even successfully employed a bit of trickery on the pursuing Chebs Had he only to reckon with the ignorant animals he might now be free But not all the Chebs were ignorant Many of them including those pursuing him were mentally endowed by the master race the Heolons for whom Klaemten had lately slaved Klaemten was an Urgyul one of the slave race who not only were slaves of the Heolons but served as food for their great pets the Chebs By a secret art of their own the Heolons gave many of these fearsome carnivores intellects Klaemten had been purposely released by his masters so that he might be hunted by the Chebs for their amusement Moreover and this was the worst Klaemten was not the only one who had been condemned His mate Eulud at that moment lay in the crypt at Thoth the food store house for the Chebs Klaemten looked longingly at the mountains on the horizon Safety and security lay in the upper reaches of the high peaks where dwelt a colony of free Urgyuls one of the few known strongholds of that subjugated race Neither the Heolons nor the Chebs could stand the thin cold air of the mountains A
