## **Secrets Of Excellence:**

*The Secrets of Excellence* Segun Momoh, 2017-07-20 This book describes in a simple and practical way with experiential illustrations how anyone irrespective of one's background can attain to the pinnacle of success in every career. It also opens one's mind to different areas of mental ability based on the theory of Multiple Intelligence and the endless possibilities in every ability by following the revealed secrets. The author had gleaned from personal discoveries, books, and wealth of knowledge from successful leaders like Pastor W.F. Kumuyi, Bishop David Oyedepo, Dr. Ben Carson, and Bill Gates. He realized the potency of reading close to finishing high school when he was having a miserable academic career. His discovery brought him out of the mire of failures and hopelessness to a hope of a dignified career despite a challenging background. He has written this book having been involved in several career talks and seminars to motivate and encourage everyone having a desire for excellence. He is a Medical doctor by profession with interest in Paediatrics and also a passionate entrepreneur.

**Secrets of Excellence** George Sweeting, 1985      *The Book of Life: Secrets for Today's World* Rai Flowers, Rasheed Flowers, 2021-05-09 The Book of Secrets is a unique manuscript that aims to help its reader focus on different mindful thoughts for each day of the year. Each day's entry includes a focus point and that point is emphasized and supported by specific citations from The Bible. The author hopes to invite the reader to explore different aspects of their life and to find meaning and support for that exploration through God's words. Each day is structured with a thought starter and at least one Bible reference to support the idea that this thought starter is not unique but rather something that originates from God's words. The format of this manuscript is engaging. The daily entries give the reader a new thought to ponder each day. The inclusion of a Bible citation further solidifies the importance of that thought and gives the reader the motivation to think deeply about that prompt as well as feel comfort knowing that God's words support this thought.      **The 99 Success**

Microsoft Secrets Dave Jaworski,2017-08-29 A great deal has been written about Steve Jobs and Apple Not nearly as much has been produced about Bill Gates and Microsoft especially in the ten year period that Dave Jaworski was at Microsoft Microsoft was the company that drove the hardest and built the fastest He was there during this rapid rise to the top Dave kept meticulous notes and took lots of photos and documented the risks taken the dreams shared the lessons learned the hopes realized and the mistakes made Many of the issues at the time are similar to issues confronting leaders in business today All can learn from Microsoft s past Dave also details several secrets some only his family knows Some of these secrets were known to only a handful of people within the company at a time when it went through its explosive growth period like the secret recipe for Coca Cola or Colonel Sanders chicken recipe these secrets were literally changing the competitive landscape in the technology industry and were rewriting the business rules of the day Understanding these secrets and the thinking behind them can provide strategic insights and advantages to professionals and their businesses Better still they can help them define their own secrets to accelerate them past competitors and over hurdles to success

Strategy Lawrence Freedman,2015 One of the world s leading authorities on war and international politics synthesizes the vast history of strategy s evolution in this consistently engaging and surprising account of how it came to pervade every aspect of life

Strategy Sir Lawrence Freedman,2013-09-02 Selected as a Financial Times Best Book of 2013 In Strategy A History Sir Lawrence Freedman one of the world s leading authorities on war and international politics captures the vast history of strategic thinking in a consistently engaging and insightful account of how strategy came to pervade every aspect of our lives The range of Freedman s narrative is extraordinary moving from the surprisingly advanced strategy practiced in primate groups to the opposing strategies of Achilles and

Odysseus in The Iliad the strategic advice of Sun Tzu and Machiavelli the great military innovations of Baron Henri de Jomini and Carl von Clausewitz the grounding of revolutionary strategy in class struggles by Marx the insights into corporate strategy found in Peter Drucker and Alfred Sloan and the contributions of the leading social scientists working on strategy today The core issue at the heart of strategy the author notes is whether it is possible to manipulate and shape our environment rather than simply become the victim of forces beyond one's control Time and again Freedman demonstrates that the inherent unpredictability of this environment subject to chance events the efforts of opponents the missteps of friends provides strategy with its challenge and its drama Armies or corporations or nations rarely move from one predictable state of affairs to another but instead feel their way through a series of states each one not quite what was anticipated requiring a reappraisal of the original strategy including its ultimate objective Thus the picture of strategy that emerges in this book is one that is fluid and flexible governed by the starting point not the end point A brilliant overview of the most prominent strategic theories in history from David's use of deception against Goliath to the modern use of game theory in economics this masterful volume sums up a lifetime of reflection on strategy
