Anderson,2019-02-14 This is not your grandfather s history of Texas Portraying nineteenth century Texas as a cauldron of  
racist violence Gary Clayton Anderson shows that the ethnic warfare dominating the Texas frontier can best be described as  
ethnic cleansing The Conquest of Texas is the story of the struggle between Anglos and Indians for land Anderson tells how  
Scotch Irish settlers clashed with farming tribes and then challenged the Comanches and Kiowas for their hunting grounds  
Next the decade long conflict with Mexico merged with war against Indians For fifty years Texas remained in a virtual state  
of war Piercing the very heart of Lone Star mythology Anderson tells how the Texas government encouraged the Texas  
Rangers to annihilate Indian villages including women and children This policy of terror succeeded by the 1870s Indians had  
been driven from central and western Texas By confronting head on the romanticized version of Texas history that made  
heroes out of Houston Lamar and Baylor Anderson helps us understand that the history of the Lone Star state is darker and  
more complex than the mythmakers allowed      **Hansard's Parliamentary Debates** Great Britain. Parliament,1849      The
