HOW DID THIS BOOK COME ABOUT About ten years ago I sustained a series of downward turns during which I lost everything I considered vital to my existence In the end I came to realize what Id really lost was me So I began to write daily journals to help myself heal Early in my recovery I had a dream about two celestial creatures Beast and Priest who decided to play The Game to decide which of them would control all mens souls including my own Never did I imagine those first few sentences I wrote in my journal the morning after my dream would result in a two volume book which documented the journey of a tortured soul named Kat Walker into the Great Abyss and beyond When his courage proved to all his heart was pure again he got one last chance at life Kat Walker and I completed this book together to prove to all who enter its pages there is always hope if you believe in the power of love and that miracles are real *The Rise & Fall of the Scandamerican Domestic* Christopher Merkner,2013-12-20 Christopher Merkner is a Shirley Jackson for the contemporary Midwest where the ties of family and community intersect darkly with suburban American life In these stories an enraged village gaslights unsuspecting vacationers and a young man delays a impending confession fondling the nostrils of his mother s pet pig Sharp and uneasy for these inheritors of tradition that which binds them most closely offering stability and identity and comfort are precisely the qualities that set them back pull them down burden limit and ruin them Merkner s first short story collection provides a voyeuristic vantage point on fractured lives He has the striking ability to turn the familiar into the uncanny and morph the comfortable into the weird and clearly he s at home in that strange realm In most of the stories we witness lives at the moment an individual s identity begins to fray sometimes slowly and sometimes swiftly These changes are

both painful and thought provoking to witness through the book's unrelenting first person perspective. At times Merkner's prose evokes unease but more often it encourages a chuckle and his plot twists will leave even the most seasoned reader surprised. In each story even those that only run for three pages the tension mounts deliciously many times with no foreseeable relief. The true beauty of these tales lies in their delicate endings which manage to both tie up loose ends and leave everything hanging so that they are simultaneously satisfying and mysterious. Such complexity makes great reading for lovers of short fiction and for all who wish to witness a new master at work. Booklist Christopher Merkner teaches creative writing at West Chester University. His work has appeared in Black Warrior Review, Cincinnati Review, Fairy Tale Review, Gettysburg Review, New Orleans Review, and Best American Mystery Stories. He and his wife and kids live in West Chester, Pennsylvania.

The Rise and Fall of the Oil Nation Venezuela Carlos A. Rossi, 2023-12-28 This book explains why Venezuela is so rich in natural resources it has been producing oil since 1922 and harbors the largest oil reserves in the world and yet it is also a failed nation of class-divided citizens exhibiting deep poverty in a corrupt incompetent state. Venezuela is a bipolar nation where two marked poles in the society exist which have historical origins and are mutually exclusive. The book provides a critical analysis of Venezuela's history, economy, and politics and explains the context and implications of the bipolar poles known as the elite pole and the resentful pole. Both have done serious harm to Venezuela's prosperity. The author describes the vicious circle of oil wealth, corruption, inefficiency, and world market dependency and gives recommendations for a better future.

Descent: My Epic Fall from Cycling Superstardom to Doping Dead End Thomas Dekker, Thijs Zonneveld, 2017 The Award-Winning International Best Seller. I have success, money, women. I've been lionized by the public and the press. The world is at my feet. I've spread my wings and here I am soaring above everything and everyone. But in reality the descent has already begun. At age 20, Thomas Dekker was already earning 100,000 a year as an amateur bike racer. The next year he turned pro and his salary quadrupled, then rose again to 900,000 as he established his position as a super domestique among Europe's wealthiest superteams. The sport marveled at Dekker's rise as the young racer set his ambitions on capturing cycling's biggest prizes for himself. Before long, though, Dekker found himself corrupted by money, dazzled by fame, and cracking under the relentless pressure to perform at a superhuman level. In his tell-all book *DESCENT: My Epic Fall from Cycling Superstardom to Doping Dead End*, Dekker reveals a sordid way of life full of blood, bags, drugs, prostitutes, and money. *DESCENT* tells the story of a year-long bender that exposes the brutal truth of his life as a professional cyclist. And Dekker is not alone; he names those who fell with him and those who aided in his downfall. In *DESCENT*, we take an unflinching look at the European peloton as it roars through its modern boom years—the height of the EPO era—and what we see is shocking. You won't be able to turn away from this page-turning read about one man's rise, fall, and redemption, and what his story reveals about professional sports.
