Empathy and the Strangeness of Fiction Maria C. Scott, 2020-03-02 Explores how and why narrative fiction engages empathy including Theory of Mind Offers a broad overview of current scientific work on the effects of fiction reading on empathy including Theory of Mind Provides an original intervention in the field of literary theory centring on the reflexive properties of the fictional stranger Includes stand alone close readings of three novels by important French authors This book studies recent psychological findings which suggest that reading fiction cultivates empathy encouraging us to be critically reflective suspicious readers as well as participatory nave readers Scott draws on literary theory and close readings to argue that engagement with fictional stories also teaches us to resist uncritical forms of empathy and reminds us of the limitations of our ability to understand other people The book treats figures of the stranger in Balzac s *La Fille aux yeux d or* Stendhal s *Le Rouge et le Noir* and Sand s *Indiana* as emblematic of the strangeness of narrative fiction both drawing us in and keeping us at a distance *Kissing Strangers* Neha Singh, 2019-05-20 Strawberries and cigarettes still taste like you Arya a vogueish overachiever gets into IIT and finds herself in a whirlwind of reckless antics and youthful highs She is a misfit at the prestigious engineering college as she resolves to pursue art As life happens on campus that seems estranged to her she keeps chasing highs with her friends until she stumbles upon an art instructor The irrevocable collision of their worlds turns out to be an aesthetic awakening for Arya She is caught up in an exquisite affair of love and pain as she encounters strangers on the way who make her world tragical and magical in their own ways **On the LookOUT** Diana Mereu, 2021-10-06 On the LookOUT for the better half is an invitation for a mindful journey towards the authentic self through the lenses of romantic relationships Captivating engaging and motivational the book illustrates the turbulence of youth while giving us an insight into the stability of adulthood by combining the romantic sarcasm of the poems with the pragmatic approach of today s reflections A book dedicated to those who seek and to those who discover I thought I was on the lookout for something or someone However it was there all along ME Diana Mereu What would you teach your younger version about love if you could be able to travel back in time On the lookout for the better half Diana gets lost in the whirlwind of emotions only to later find her identity on the self discovery path paved by her writing through the lenses of past relationships Her introspections create a parallel between her present adult self grounded in awareness and the past younger self looking for meaning in the reflection of others This book illustrates the turbulence of youth while giving us an insight into the stability of adulthood As I found myself in these pages I am convinced that so will others Dr Laura S G tz NV Publishing House *Strange Encounters* Sara Ahmed, 2013-02-01 Examining the relationship between strangers embodiment and community *Strange Encounters*

challenges the assumptions that the stranger is simply anybody we do not recognize and instead proposes that he or she is socially constructed as somebody we already know Using feminist and postcolonial theory this book examines the impact of multiculturalism and globalization on embodiment and community whilst considering the ethical and political implication of its critique for post colonial feminism A diverse range of texts are analyzed which produce the figure of the stranger showing that it has alternatively been expelled as the origin of danger such as in neighbourhood watch or celebrated as the origin of difference as in multiculturalism The author argues that both of these standpoints are problematic as they involve stranger fetishism they assume that the stranger has a life of its own *Acquaintances: The Space Between Intimates And Strangers*

Morgan, David,2009-09-01 As society becomes more and more fragmented we are building more complex networks of second level associations Although these are important social networks they all remain relatively impersonal and non permanent This book looks at such non intimate interpersonal relationships such as neighbours and work colleagues **Wizardmont**

Michael W. Lowe,2006-04-21 When Emory of Amur decides to apply for an apprenticeship with Abath the Wizard he has no idea of the ordeal to come He assumes that mastering the spirits and powers that move out of sight of his untrained eye will be a challenge but he never expects to be caught in a desperate quest to preserve the freedom of his homeland When the sorcerer Tolrak launches a war of conquest Abath is forced to cut short the apprenticeships of Emory his friend Tostan and the enigmatic Asurane Surprising events and unexpected twists of fate then leave Emory and Tostan standing alone against the sorcerer Emory and Tostan must summon every skill and tool at their command magic intellect skills with the sword and the speed of their horses to overcome the might of the sorcerer and his army Wizardmont will sweep you along as Emory embarks on a journey filled with magic adventure and battles of the sword heart and mind **Nub and Bow in History**

abducted by a stranger The stories go into detail about the positive aspects that Polly took each time to protect herself in each case scenario The encounters are based on a realistic chain of circumstances The second part of this book is aimed towards parents to look at self protection strategies suggested by some of the world s most prestigious experts on the subject of child safety and the criminal mind
