Looking At Iran:

Iran Looking East Annalisa Perteghella, 2020-01-12 In February 2018 anticipating the US withdrawal from the JCPOA Iran's Supreme Leader Ayatollah Ali Khamenei declared a policy of preferring East over West thus paving the way for deeper cooperation with Asian powers such as China Russia and India Differently from the Look East policy promoted during the presidency of Ahmadinejad 2005 2013 the current Iranian strategy is not only functional to escape the US led isolation but it rather seems devoted to the consolidation of a block of power which can commit to security and economic schemes in alternative to the Western dominated ones This ISPI report aims to answer few crucial questions Which are the major initiatives promoted within Iran's Look East 20 strategy To what extent will Tehran succeed in creating a solid Eastern block What will be the influence of the wider geopolitical context And finally what role is left for the EU **Through the Looking Glass** Anu Sharma, 2022-01-31 This book analyses Iran's foreign policy in order to better assess its relations with India and the factors that are propelling the two nations closer In a region susceptible to power plays how far can India Iran partnership go This book will be of interest to scholars of International Relations Iranian Politics and Iranian Foreign Policy Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Looking East Shirzad Azad, 2020-05-01 Know yourself that's great advice but how do we get there In a lively conversation about the meaning of life three characters explore a wide range of concepts including friendship and love self discipline and self respect trust and justice **Iran's Great Invasion and Why It's Next in Bible Prophecy** Mark Davidson, 2017-02-24 What would you do What if you stumbled across a message a simple interpretation of scripture much simpler than scholars had been telling us and it opened your eyes and completely transformed your perspective of the end times What if you knew in your heart and mind it was true because news coming from the Middle East confirmed this message every day What if millions of lives were about to be deeply affected and someone had to say something And what if that someone had to be you What would you do If you want to know the truth regarding present day events in the Middle East and how they will affect you and your family you need to get this book A major fire has been lit and few are paying attention Dr Sonny Payne founder of New Gate Ministries and host of the international television program Jerusalem Chronicles What Mark has done is create a very quick read for those Christians who can feel something coming but can't put their finger on it who know that God is in control but in a world spiraling into chaos don't know where to go scripturally Chris Mantei Northeast Region Community Voice Voice of the Martyrs The message in this book needs to be heard today I wholeheartedly and enthusiastically recommend this book It will change the way you face the future Carl Sutter senior pastor Foundations Church Loveland Colorado **Iran and China** Shirzad Azad, 2017-02-09 Because of their historical roles and politico economic significance in contemporary international politics Iran and China have perpetually been in the crosshairs of both policy circles and interested observers in almost every other part of the world Crucial interactions touching upon any aspect of Tehran Beijing

ties from diplomatic and military links to economic and cultural connections have especially been in the limelight of such riveting inquisitiveness which has often given rise to a flurry of rash comments sensational claims and impetuous conclusions But a detached probe into critical developments involving Iran and China however elucidates this rather inconvenient eventuality that the relations between the two important countries are not essentially based on pivotal principles and clear cut commitments nor do their ties really rest on tenuous thoughts and flimsy foundations devoid of any common interests in short term or well conceived objectives in long run In the same way the two political systems in Tehran and Beijing may ultimately end up each contributing to a separate pole of power regionally and internationally rather than moving faithfully and steadfastly in lockstep with what it requires them to truly materialize their more recent aspiration and design to move toward achieving a very close strategic partnership

Ceasefire! Ivan Molloy,2020-02-27 This is a true story On one level it is part my autobiography On another it deals with three generations of my family s active involvement in war terrorism political and social conflict and the tragic emotional and psychological consequences my family endured as a result In 2009 as an Australian academic with expertise in global terrorism and a one time aspiring federal politician I fled to France to try and deal with clinical depression and associated Post Traumatic Stress Disorder PTSD I was fleeing the nightmare of a destroyed career and a shattered family As I tried to battle the Black Dog of depression suicide was a very real option for me But first I decided to write a book about my research and involvement with Muslim terrorists and revolutionary guerrilla groups in the Philippines It was a way of combating a

public media campaign that had destroyed my professional and private life But to do this I needed to retrace both my own and my family's earlier experiences with conflicts elsewhere which influenced me to choose such research In so doing I discovered new realities about the psychological condition I was battling and how it impacted on and haunted my own extended family over generations and all due to war and social conflict with horrific human consequences Ultimately I have concluded I'm certainly not alone in my struggle I'm merely another casualty of a brutal primeval human phenomenon which continually infects the psychology of the next generation It is the phenomenon of the subconscious human struggle for the survival of the fittest Now with a greater understanding of my condition I have at least so far managed a stand off with the Black Dog I realise it wasn't spawned by any particular condition of my own but rather the very nature of human society So far society still fails to take responsibility for generating such a condition and instead still promotes our innate species drive to achieve the survival of the fittest an endgame which usually results in warfare In the 21st century if we do not challenge and change our notion of what is needed to survive then forget the Koreas ISIS nuclear warfare etc human kind will eventually psychologically and then physically self destruct How did I come to this realisation It all played out in a small village called Ouroux En Morvan in France
