

Looking At Pictures

Susan Woodford

Looking At Pictures:

The Art of Looking at Pictures Carl H. P. Thurston, 1930

Looking at Pictures Susan Woodford, 1983-02-28

Looking at pictures can be enjoyable exciting or moving Some pictures are easily appreciated at first glance but others often the most rewarding require some explanation before they can be fully understood This clearly written and enjoyable book is intended to increase pleasure and stimulate thought It tackles many aspects of looking at paintings as well Starting with familiar ideas Dr Susan Woodford moves on to explore subtler less obvious concepts For example she shows how paintings can be appreciated as patterns on a flat surface emotional effect how ordinary objects can conceal hidden meanings and how knowledge of tradition improves our understanding of revolutionary works

Looking at Photographs Museum of Modern Art (New York, N.Y.), John Szarkowski, 1973 Originally published in 1973 this marvelous collection of photographs with accompanying texts by the revered late Museum of Modern Art photography curator John Szarkowski has long been recognized as a classic Reissued in 1999 with new digital duotones this volume is now available to a new generation of readers This is a picture book and its first purpose is to provide the material for simple delectation says Szarkowski in his introduction to this first survey of The Museum of Modern Art s photography collection A visually splendid album the book is both a treasury of remarkable photographs and a lively introduction to the aesthetics and the historical development of photography Since 1930 when the Museum accessioned its first photograph it has assembled an extraordinary and wide ranging collection of pictures for preservation study and exhibition Among the outstanding figures represented here are Hill and Adamson Cameron O Sullivan Atget Stieglitz Steichen Strand Weston Kertesz Evans Cartier Bresson Lange Brassai Ansel Adams Shomei Tomatsu Frank Arbus and Friedlander Some of these photographs are classics familiar and well loved favorites many are surprising little known works by the masters of the art

Pregnant Pictures Sandra Matthews, 2000-07-26 In this dazzling collection of over 200 photos of pregnant women taken from art libraries childbirth manuals maternity ads contemporary art and personal albums the authors explore the paradox between image and reality The photos illuminate how society creates feminine roles through the institution of pregnancy and how women resist such roles

A Companion to Motion Pictures and Public Value Mette Hjort, Ted Nannicelli, 2022-03-03 A singular collection of original essays exploring the varied intersections of motion pictures and public value A Companion to Motion Pictures and Public Value presents a cross disciplinary investigation of the past present and possible future contributions of the moving image to the public good This unique volume explores the direct and indirect public value developed through motion pictures of different types genres and screening sites Essays by world renowned scholars from diverse disciplines present original conceptual work philosophical arguments historical discussion empirical research and specific case studies Divided into seven thematically organized sections the Companion identifies the various kinds of values that motion pictures can deliver amongst them artistic ethical environmental cultural political cognitive and spiritual value Each section includes an

introduction in which the editors outline main themes and highlight connections between individual chapters Throughout the text probing essays interrogate the issue of public value as it relates to the cinema and provide insight into how motion pictures play a positive role in human life and society Featuring original research essays on a pioneering topic this innovative reference text Brings together work by expert authors in disciplines such as Philosophy Political Science Cultural Studies Film Studies Sociology and Environmental Studies Discusses a variety of institutional landscapes policy formations and types and styles of filmmaking Provides wide and inclusive coverage of cinema s relation to public value in Africa Asia China Europe the Middle East and the Americas Explores the role of motion pictures in community formation nation building and the construction of good societies Covers new and emerging topics such as cinema based fields focused on health and wellbeing A Companion to Motion Pictures and Public Value is an ideal textbook for advanced undergraduate and graduate courses in Film Media and Cultural Studies and is a valuable resource for scholars across a variety of disciplines
