companies and federal Medicare systems which have proven to be somewhat flawed in the method in which they fund patients Interspersed within the memoir are hilarious anecdotes about nursing mishaps magical accounts of patients having near death experiences and tales of strength hope and courage in a world of sickness and death _____ Kate Genovese has been a registered nurse for over 30 years She has worked in the substance abuse field with physically and sexually abused children as well as school nursing for five years Kate presently works for a visiting nurse association Her other books Loving Joe Gallucci and Two Weeks Since My Last Confession are also available in print and ebook formats **Inferno** Catherine Cho,2025-10-16 A New York Times Book Review Editors Choice Inferno is a disturbing and masterfully told memoir but it is also an important one that pushes back against powerful taboos The New York Times Book Review Explosive Good Morning America Sublime Bookpage starred review When Catherine Cho and her husband set off from London to introduce their newborn son to family scattered across the United States she could not have imagined what lay in store Before the trip s end she develops psychosis a complete break from reality which causes her to lose all sense of time and place including what is real and not real In desperation her husband admits her to a nearby psychiatric hospital where she begins the hard work of rebuilding her identity In this unwaveringly honest insightful and often shocking memoir Catherine reconstructs her sense of self starting with her childhood as the daughter of Korean immigrants moving through a traumatic past relationship and on to the early years of her courtship with and marriage to her husband James She masterfully interweaves these parts of her past with a vivid immediate recounting of the days she spent in the ward The result is a powerful exploration of psychosis and motherhood at once intensely personal yet holding within it a universal experience of how we love live and understand ourselves in relation to each other **One Nurse Universe** Susan Turnage Rn,2019-05-28 My occupational memoir reveals one nurse s bedside observations on where nurses come from how we are educated treated in the workplace and how we learn to do what can never be taught in a curriculum When a patient vomits explosively onto your chest how you may unexpectedly vomit right back How to explain to a deaf patient where a suppository goes while an audience of staff and visitors listen in from the hallway How to collect your thoughts and make a plan when you arrive for a home care visit to find your elderly confused patient has ingested a full bottle of liquid laxative and left evidence of those results all over the walls floor and Barco lounge in the home It is where medical science meets nursing artistry Where technology meets humanity Where hearts open and wounds heal Through selected vignettes I recognize modern nurses courage to lean into discomfort and hard emotions I acknowledge the power they hold in their healing hands and throw forward a lifeline of hope to renew their faith and joy in their vocation And to my many non nurse readers come experience a nurse s day what we see feel hear and touch Have a peek behind the bedside curtain Susan Turnage is an RN E RYT200 RYT500 and a CYN Certified YogaNurse R She has clinical nursing experience in pediatric oncology pediatric head injury corrections home health and case management She teaches weekly healing mat and chair yoga classes in her local communities of New Kent and Charles
