Austrian Capital Theory Peter Lewin, Nicolas Cachanosky, 2019-01-10 This Element presents a new framework for Austrian capital theory starting from the notion that capital is value Capital is the value attributed by the valuer at any moment in time to the combination of production goods and labor available for production Capital is the result obtained by calculating the current value of a business unit or business project that employs resources over time It is the result of a subjective entrepreneurial calculation process that relates the flow of consumptions goods to the value of the productive resources that will produce those consumptions goods The entrepreneur is a ubiquitous calculating presence In a review of

the development of Austrian capital theory by Carl Menger Eugen von Böhm-Bawerk Ludwig von Mises Friedrich Hayek Ludwig Lachmann as well as recent contributions the Element incorporates the seminal contributions into the new framework in order to provide a more accessible perspective on Austrian capital theory

Cairns,2011-11-01 We are in the midst of a fundamental re evaluation of the desired relation of Aboriginal and non Aboriginal peoples to each other and of how the former are to be institutionally and constitutionally accommodated within Canada Words matter How we think about where we are and about the future goal of our relationship can confine us in an intellectual prison or liberate us from choices we will otherwise regret In Citizens Plus Alan Cairns unravels the historical record to clarify the current impasse in negotiations between Aboriginal peoples and the state He considers the assimilationist policy assumptions of the imperial era examines more recent government initiatives and analyzes the emergence of the nation to nation paradigm given massive support by the Royal Commission on Aboriginal Peoples We are battered by contending visions he argues a revised assimilation policy that finds its support in the Canadian Alliance Party is countered by the nation to nation vision which frames our future as coexisting solitudes Citizens Plus stakes out a middle ground with its support for constitutional and institutional arrangements which will simultaneously recognize

Aboriginal difference and reinforce a solidarity which binds us together in common citizenship Essential reading for those in political science history Native studies public administration and law Citizens Plus will also appeal to the general public interested in one of the most important and complex issues on our agenda Selected as a BC Book for Everybody
