Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the

Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are Seeing Beyond Sight Tony Deifell,2007-02-22 Seeing Beyond Sight illuminates the surprising power and creative potential of photography in an astonishing collection of images created by visually impaired teens P 4 of cover

inside waiting just for you Good Poetry That Makes Sense Stephen F. Knapp "The Poetsmith", Stephen F. Knapp, 2002-12-19 Ghana Conversation Development is a book about the cry frustrations and aspirations of the good people of Ghana. It nourishes, refreshes and equips the political and economic mindsets of the Ghanaian people and attempts to serve as a channel of communication to the new President and his administration after December 2008 General Elections. Many issues have been discussed including social, political and economic issues. This book critically analyses how Ghana, our motherland, would be able to meet her millennium objectives at the shortest possible time. Road accidents in the country seem to spiral out of control; it is very pathetic how hundreds of Ghanaians lost their loved ones because of road accidents, especially during Easter and Christmas seasons. Time is now due to stop people even policy makers from taking advantage of funerals just to show off their wealth. This little book also provides solid recommendations on how this canker, which is slowly but far eating into our fabrics, will be solved once and for all. Can Ghana achieve any meaningful economic growth without the contributions of our well-cherished traditional rulers? Can the Ghana oil of commercial quantity found at the Cape Three Points in the Western Region be a blessing or a curse? The book is not just a must-read; it is entirely pleasurable and the commentaries are well-written. It contains great human insight interwoven into the twists and turns of the dreams of the loving people of Ghana. I deemed this necessary, believing that the new President and his administration, our traditional rulers, policy makers, schools, colleges and students in higher academic learning would make optimum use of it. Read the materials thoroughly, think carefully, dig deeper, make the necessary sacrifices, adopt some wisdom and make yourself and Africa very proud. In fact, the Bible is clear that this should be every believer's daily experience. As a citizen of the Kingdom of God, your inheritance is the ability to see, sense and operate in the invisible realm of Here Comes Yours , Looking Beyond Profit Peggy Chiu, 2016-05-06 In this revealing book, Peggy Chiu argues against the common belief that maximizing wealth is the primary concern of ordinary small shareholders when they make their share-buying decisions. This fascinating in-depth study of small shareholders provides both theoretical and empirical insights into their personal values and attitudes to corporate social responsibility (CSR). The author establishes that personal values are a major influence on decisions about the type of investments people make and about which companies they choose to invest in. Financial risk and return are far from being the only factors that determine small shareholders' investment decisions. Irresponsible behaviour is not acceptable and will not attract investment from this significant group. Looking Beyond Profit is an essential book not just for encouraging investment managers to look more closely at their environmental impacts but for finance advisers and all concerned with corporate governance, either as practitioners, researchers, business educators or students.
