Looking The Tiger In The Eye Confronting The Nuclear Threat:

Looking the Tiger in the Eye: Confronting the Nuclear Threat Carl B. Feldbaum, 1988 *Looking the Tiger in the Eye* Carl B. Feldbaum, Ronald J. Bee, 1988 Recounts the history of nuclear weapons **A Global History of the Nuclear Arms Race** Richard Dean Burns, Joseph M. Siracusa, 2013-04-23 Written by two preeminent authors in the field this book provides an accessible global narrative of the nuclear arms race since 1945 that focuses on the roles of key scientists military chiefs and political leaders The first book of its kind to provide a global perspective of the arms race this two volume work connects episodes worldwide involving nuclear weapons in a comprehensive narrative fashion Beginning with a discussion of the scientific research of the 1930s and 1940s and the Hiroshima decision the authors focus on five basic themes political dimensions technological developments military and diplomatic strategies and impact The history of the international nuclear arms race is examined within the context of four historical eras America's nuclear monopoly America's nuclear superiority superpower parity and the post Cold War era Information about the historical development of the independent deterrence of Britain France and China as well as the piecemeal deterrence of newcomers Israel India Pakistan and North Korea is also included as is coverage of the efforts aimed at the international control of nuclear weapons and the diplomatic architecture that underpins the global nuclear non proliferation regime **The A to Z of the Kennedy-Johnson Era** Richard Dean Burns, Joseph M. Siracusa, 2009-09-21 In the history of the United States few periods could more justly be regarded as the best and worst of times than the Kennedy Johnson era The arrival of John F Kennedy in the White House in 1961 unleashed an unprecedented wave of hope and optimism in a large segment of the population a wave that would come crashing down when he was assassinated only a few years later His successor Lyndon B Johnson enjoyed less popularity but he was one of the most experienced and skilled presidents the country had ever seen and he promised a Great Society to rival Kennedy's New Frontier Both presidents were dogged by foreign policy disasters Kennedy by the Bay of Pigs fiasco although he came out ahead on the Cuban missile crisis and Johnson from the backlash of the Vietnam War The 1960s witnessed unprecedented progress toward racial and sexual equality but it also played host to race and urban riots And while impressive advances in the sciences and arts were fueling the American imagination the counterculture rejected it all The A to Z of the Kennedy Johnson Era relates these events and provides extensive political economic and social background on this era through a detailed chronology an introduction appendixes a bibliography and several hundred cross referenced dictionary entries on important persons events institutions policies and issues *American Foreign Relations Reconsidered* Gordon Martel, 2002-11 Brings together 12 scholars of US foreign relations Each contributor provides a concise summary of an important theme in US affairs since the Spanish American War US policy process economic interests relations with the Third World and the nuclear arms race have been highlighted **Historical Dictionary of the Kennedy-Johnson Era** Richard Dean Burns, Joseph M. Siracusa, 2015-05-07 The recent commemoration of the fiftieth anniversary of John F Kennedy

s election as the thirty fifth president of the United States serves as a reminder of a period of time that many Americans perceive as idyllic Just as his election despite a near run thing had instilled a pervasive sense of hope throughout the country his assassination stunned the entire nation scarring the psyche of a generation of Americans More than half a century later JFK continues to inspire debates about the effectiveness of the presidency as well as his own political legacy making the senator from Massachusetts the object of many enduring myths that he would have been one of the country s greatest leaders had he lived he would have kept the US out of a full fledged Vietnam war and that he was a martyr of right wing assassins His successor Lyndon B Johnson who did get the US deeply involved in Vietnam while pursuing the social reforms of the Great Society at home and abroad also casts a long shadow in the twenty first century as the nation continues to deal with poverty racism and social injustice This second edition of Historical Dictionary of the Kennedy Johnson Era covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities including the president his advisors his family his opponents and his critics as well as members of Congress military leaders and international leaders This book is an excellent access point for students researchers and anyone wanting to know more about John F Kennedy *Award-winning books for children and young adults* Betty L. Criscoe,1990 *Proceedings and Minutes, Annual Meeting of the Agricultural Research Institute* Agricultural Research Institute (U.S.),Agricultural Research Institute (U.S.). Meeting,1993 Explaining NATO Enlargement Robert W. Rauchhaus,2001 No proceedings publication was planned when political scientists gathered in Berkeley in the spring of 1998 for a conference on NATO enlargement but by the end of it they decided that too many important issues and ideas had been brought to up let scatter undocumented The ten essays evaluate the pros and cons of enlarging the alliance explain why it was expanded eastward and recommend which countries if any should be offered membership in the future Distributed in the US by ISBS c Book News Inc **Literature for Science and Mathematics** DIANE Publishing Company,1998 Representing the perspectives of educators in both the science and mathematics communities this publication is intended to serve as a resource for teachers of students in kindergarten through grade 12 in choosing science and mathematics related literature for their schools and classrooms It contains over 1 000 annotated entries on the physical sciences earth sciences life sciences and mathematics Formatted for easy use each entry provides information on the author publisher and publication date type of literature subject emphasis suggested grade span and illustrations 1999 Proceedings of the Third National Stakeholder Symposium ,2000 Chronology of the Cold War Lester Brune,2020-10-07 More than just a timeline the Chronology of the Cold War is in depth chronological narrative organized into sections Each section carries a clear date and summary heading The five major sections are I Cold Peace 1917 1940 II The Strange Alliance 1941 1945 III Containment and D tente 1946 1975 IV Confrontation Conciliation 1976 1991 V Epilogue Based on sections of the Chronological History of U S ForeignRelations Routledge 2003 the book includes

significant additional material on Russia China arms control and the Cold War in the Third World This easy to use reference also includes an introductory section reviewing the history leading up to the Cold War from 1917 to 1945 a general bibliography of resources on the Cold War and is illustrated with photographs from presidential libraries and 18 maps

Sputnik Paul Dickson,2019-12-27 On October 4 1957 the day Leave It to Beaver premiered on American television the Soviet Union launched the space age Sputnik all of 184 pounds with only a radio transmitter inside its highly polished shell became the first artificial satellite in space while it immediately shocked the world its long term impact was even greater for it profoundly changed the shape of the twentieth century Paul Dickson chronicles the dramatic events and developments leading up to and resulting from Sputnik s launch Supported by groundbreaking original research and many declassified documents Sputnik offers a fascinating profile of the early American and Soviet space programs and a strikingly revised picture of the politics and personalities behind the facade of America s fledgling efforts to get into space The U S public reaction to Sputnik was monumental In a single weekend Americans were wrenched out of a mood of national smugness and postwar material comfort Initial shock at and fear of the Soviets intentions galvanized the country and swiftly prompted innovative developments that define our world today Sputnik directly or indirectly influenced nearly every aspect of American life from an immediate shift toward science in the classroom to the arms race that defined the Cold War the competition to reach the moon and the birth of the internet By shedding new light on a pivotal era Dickson expands our knowledge of the world we now inhabit and reminds us that the story of Sputnik goes far beyond technology and the beginning of the space age and that its implications are still being felt today **Worth a Thousand Words** Bette D.

Ammon,Gale W. Sherman,1996-09-15 This guide provides a single source comprehensive listing of a fascinating and helpful group of books picture books for older readers A multitude of ideas about how to use them in the classroom supplements this list of carefully selected quality fiction and nonfiction books that focuses on universal themes appeals to all ages addresses important issues and is accessible to multiple learning styles Picture books aren t just for the very young Innovative educators and parents have used them for years with readers of all ages and reading levels knowing that students comprehend more from the visual verbal connections these books offer They are great tools for teaching visual literacy and writing skills are effective with reluctant readers ESL students and those reading below grade level and can easily be used to support various curriculum This guide provides a single source comprehensive listing of a fascinating and helpful group of books and a multitude of ideas about how to use them in the classroom The authors have carefully selected quality fiction and nonfiction that focus on universal themes appeal to all ages treat important issues and are accessible to multiple learning styles

Princeton Alumni Weekly Jesse Lynch Williams,Edwin Mark Norris,1988 The People's Advocate Daniel Sheehan,2013-09-01 The People s Advocate is the autobiography of American Constitutional Trial Attorney Daniel Sheehan Sheehan traces his personal journey from his working class roots through Harvard Law School and his initial career in

private practice His early disenchantment led to his return for further study at Harvard Divinity School and rethinking the nature of his career Eventually his role as President and Chief Trial Counselor for the famous Washington D C based Christic Institute would help define his role as America s preeminent cause lawyer In The People s Advocate Sheehan details the inside story of over a dozen historically significant American legal cases of the 20th Century all of which he litigated The remarkable cases covered in the book include both The Pentagon Papers Case in 1971 and The Watergate Burglary Case in 1973 In addition Sheehan served as the Chief Attorney on The Karen Silkwood Case in 1976 which additionally revealed the C I A s Israeli Desk had been smuggling 98% bomb grade plutonium to the State of Israel and to Iran In 1984 he was the Chief Trial Counsel on The American Sanctuary Movement Case establishing the right of American church workers to provide assistance to Central American political refugees fleeing Guatemalan and Salvadorian death squads His involvement with the sanctuary movement ultimately led to Sheehan s famous Iran Contra Federal Civil Racketeering Case against the Reagan Bush Administration which he investigated initiated filed and then litigated The resulting Iran Contra Scandal nearly brought down that Administration leading Congress to consider the impeachment over a dozen of the top ranking officials of the Reagan Bush Administration The People s Advocate is the real story of these and many other historic American cases told from the unique point of view of a central lawyer **For Younger Readers** ,1991 **Braille Books** Library of Congress.
