Lord Byron at Harrow School Paul Elledge, 2003-04-01 The first book length scholarly examination of the four critically formative years of Byron's public school experience 1801-1805 How did Byron become Byron In *Lord Byron at Harrow School Speaking Out Talking Back Acting Up Bowing Out* Paul Elledge locates one origin of the poet's personae in the dramatic recitations young Byron performed at Harrow School This is the first book length scholarly examination of the four critically formative years of Byron's public school experience 1801 to 1805 when Harrow enjoyed high subscription and fame under Dr Joseph Drury headmaster Finding its genesis in the boy's intrepid appearance on three Speech Day programs the book argues that Byron's early performances addressed anxieties conflicts rivalries and ambitions that were instrumental in shaping the poet's character career and verse Elledge carefully examines the historical and biographical contexts to Byron's Harrow performances showing their relevance to Byron's physical and psychic landscapes at the time his connections to his mother and half sister his headmasters and tutors his Harrow intimates and rivals his lameness his London theatrical spectatorship Byron's performances in the characters of King Latinus from the *Aeneid* Zanga the Moor from Edward Young's *The Revenge* and King Lear provide an opportunity to examine his early experiments with self presentation as Elledge argues these performances are auditions or trials of performative and autotherapeutic strategies subsequently refined and polished in the mature verse Throughout Elledge reads the boy for the sake of reading the poet he shows how young Byron's introduction to theatricality at Harrow School prepared him to make a confident and spectacular debut on Europe's cultural stage His selection of texts for declaiming the discourse of two kings and a show stealing scene chewing villain participates in a larger pattern of deliberate self fashioning that began at least as early as Byron's Harrow years and evolved into the elaborate mode and vogue of self representation that partially with his hefty patronage helped to define the era To discern his initial experiments with identity formation to watch his auditions his inaugural performances of Byron in the provincial run so to speak before his London premiere to track the emergence of these constructs from a confluence of wondrous adolescent energies is to understand anew why and how enduringly certain events and relationships wrote themselves into the text that Byron famously became from the Prologue

The Oxford History of Classical Reception in English Literature David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Jennifer Wallace, Philip R. Hardie, 2012 The *Oxford History of Classical Reception* OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary

discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This fourth volume and second to appear in the series covers the years 1790 1880 and explores romantic and Victorian receptions of the classics Noting the changing fortunes of particular classical authors and the influence of developments in archaeology aesthetics and education it traces the interplay between classical and nineteenth century perceptions of gender class religion and the politics of republic and empire in chapters engaging with many of the major writers of this period

The Sour Fruit Vincenzo

Patanè, 2018-12-17 Byron's emotional and erotic life which he indulged with an unstoppable energy is a key element in understanding his powerful and passionate personality as well as the society of his day which was scandalised by his behaviour even while being conquered by his extraordinary charm. *The Sour Fruit* Lord Byron Love Sex looks at the poet's now generally acknowledged bisexuality in all its aspects from his fleeting liaisons to his love affairs female his half sister Augusta Caroline Lamb and Teresa Guiccioli and male John Edleston Nicolo Giraud and Loukas Chalandritsanos. The book's original approach provides unusual and fascinating insights notably into Byron's homosexuality hitherto relatively unexplored and reveals a more truthful picture of the poet. Byron was strongly attracted to boys who are referred to in *Don Juan* as sour fruit. In his adolescence he had fallen for aristocratic contemporaries but would later be attracted to boys of a lower social station. He had several same sex experiences in England encouraged by the circle he frequented at Cambridge particularly his friend Matthews as well as during his Grand Tour during which he was able to freely live out behaviours frowned on at home. In early 19th century England homosexuality was a criminal offence punished with the pillory or even hanging and Byron preferred to keep his transgressive experiences to himself or share them only with a restricted group of like minded friends. There are numerous veiled references to the range of his tastes in his works and his letters which adopt a code aimed at the initiated that we are today better able to decipher. Innuendos abound pointing to aspects of his submerged life to adultery incest and above all homosexuality and we can now more fully appreciate the wit and verve of his letters as well as a clutch of agonised love poems. An appended chapter examines *Don Leon* an anonymous work purporting to be by Byron himself and salaciously recounting his love life which was first published some forty years after his death and has been on more than one occasion banned for obscenity.

Byron and Place S. Cheeke, 2003-04-15 This new study of Byron explores the geo historical places where historically significant events have occurred. Cheeke examines the ways in which the notion of being there becomes the central claim and shaping force in Byron's poetry up to 1818. He goes on to explore the concept of being in between which characterises Byron's 1818-21 poetry. Finally Byron's complex nostalgia for England his sense of having been there is read in relation to a broader critique of memory home sickness and place attachment.

Women's Romantic Theatre and Drama Keir Elam, 2016-12-05 As theatre and drama of the Romantic Period undergo a critical reassessment among scholars internationally the contributions of women as playwrights actresses and managers are also being revalued. This volume which brings together leading British North American and Italian critics is a crucial step towards reclaiming the importance of women's dramatic and theatrical activities during the period. Writing for the theatre implied assuming a public role a hazardous undertaking for women who especially after the French Revolution were assigned to the private primarily domestic sphere. As the contributors examine the covert strategies women used to become full participants in the public theatre they shed light on the issue of women's agency expressed both through the writing of highly politicized or ethicized drama as in the case of Elizabeth Inchbald or Joanna Baillie and through women's professional practice as

theatre managers and stage producers as in the case of Elizabeth Vestris and Jane Scott Among the topics considered are women's history plays domesticity ethics and sexuality in women's closet drama the politics of drama and performance and the role of women as managers and producers Specialists in performance studies Romantic Period drama and women's writing will find the essays both challenging and inspiring

In the second decade of the nineteenth century the British press began a campaign of critical abuse against Leigh Hunt caricaturing the radical journalist as an upstart Cockney author whose literary talents were as disreputable as his politics Lord Byron on the other hand was revered as a peer and a poetical genius who the conservative press argued would never befriend and collaborate with a writer like Hunt Yet Byron did just that Byron Hunt and the Politics of Literary Engagement is the first full length study of the friendship and literary relationship of two of the most important second generation Romantic authors Challenging long held critical attitudes this study shows that Byron and Hunt engaged in a creative and meaningful dialogue at each major stage in their careers from their earliest published volumes of juvenile poetry and verse satire to their most celebrated contributions to Romantic literature The Story of Rimini and Don Juan Drawing upon newly recovered letters and unpublished manuscript material this book illuminates the surprisingly durable and artistically significant friendship of Lord Byron and Leigh Hunt **Aspects of Byron's Don Juan** Peter
