My Years with the Lord Chief Justice. [With Plates, Including Portraits.].** Arthur Henry SMITH (Clerk to Lord Goddard.),Rayner GODDARD (Lord Goddard.),1959 **The Rise and Fall of the Rehabilitative Ideal, 1895-1970** Victor Bailey,2019-04-09 Spanning almost a century of penal policy and practice in England and Wales this book is a study of the long arc of the rehabilitative ideal beginning in 1895 the year of the Gladstone Committee on Prisons and ending in 1970 when the policy of treating and training criminals was very much on the defensive Drawing on a plethora of source material such as the official papers of mandarins ministers and magistrates measures of public opinion prisoner memoirs publications of penal reform groups and prison officers the reports of Royal Commissions and Departmental Committees political opinion in both Houses of Parliament and the research of the first cadre of criminologists this book comprehensively examines a number of aspects of the British penal system including judicial sentencing law making and the administration of legal penalties In doing so Victor Bailey expertly weaves a complex and nuanced picture of punishment in twentieth century England and Wales one that incorporates the enduring influence of the death penalty and will force historians to revise their interpretation of twentieth century social and penal policy This detailed and ground breaking account of the rise and fall of the rehabilitative ideal will be essential reading for scholars and students of the history of crime and justice and historical criminology as well as those interested in social and legal history **Black Market Britain** Mark Roodhouse,2013-03-21 Britain s underground economy flourished during the 1940s and early 1950s thanks to rationing and price control producers traders and

professional criminals helped consumers to get a little extra on the side from under the counter or off the back of a lorry Yet widespread evasion of regulations designed to ensure fair shares for all did not undermine the austerity policies that characterised these years and its vital role in securing compliance with economic regulation In Black Market Britain Mark Roodhouse argues that Britons showed self restraint in their illegal dealings The means motives and opportunities for evasion were not lacking The shortages were real regulations were not watertight and enforcement was haphazard Fairness not patriotism and respect for the law is the key to understanding this self restraint By invoking popular notions of a fair price a fair profit and a fair share government rhetoric limited black marketeering as would be evaders had to justify their offences both to themselves and others Black Market Britain underlines the importance of fairness to those seeking a richer understanding of economic life in modern Britain *Parliamentary Debates* Sri Lanka. Pārlimēntuva. Senate,1957
