Lord Of The Two Lands:

Queen Esther wife of Xerxes: Chronological, Historical and Archaeological Evidence Gerard Gertoux,2015 Very few Bible scholars believe now in the historicity of the book of Esther but what is really incomprehensible is that their conclusion is based only on the following prejudice this story looks like a fairy tale consequently it is a fairy tale There is no chronological investigation despite the fact that chronology is the backbone of history and there has been no historical research among archaeological witnesses despite the fact that apart from ancient texts there is no witness Worse still to establish their chronology historians have blind faith in the Babylonian king lists which are nevertheless false reporting no usurpation and no co regency Additionally in order to establish historical truth they regularly quote the official propaganda of the time which is very often misleading Yet it is easy to check in the tablets of Persepolis that Mordecai was an eminent royal scribe called Marduka who worked with Tatennai the governor beyond the River under the direction of U tanu the satrap of Babylon during the years 17 to 32 of Darius Similarly the narrative of Herodotus regarding Amestris a name meaning vigorous woman in Old Persian Xerxes unique wife and only queen known in Persia corresponds in many ways to Esther star in Old Persian despite the unfavourable and biased description of the Persian queen Comet Venus Gary Gilligan,2009-12-10 In the 1950s Immanuel Velikovsky propounded catastrophism in several popular books including the bestselling Worlds in Collision He speculated that the planet Venus was in fact a former comet which had been ejected from Jupiter Subsequently 3 500 years ago it made two catastrophically close passes by Earth 52 years apart It later interacted with Mars which had a series of near collisions with Earth ending in 687 BCE before finally settling into its current orbit Was Velikovsky correct did Venus appear as a gigantic comet in ancient times Comet Venus is the second book in the God King Scenario Series The first book An Ancient World in Chaos presented a fascinating model whereby Mars Venus Mercury and the Moon played havoc with Earth for an incredible 3 000 years coming so close they loomed larger than the Sun In support of such incredible claims Gilligan calls upon the most fascinating civilisation of ancient times the Ancient Egyptians He proposes that the divine god kings of Pharaonic Egypt were first and foremost guises of planetary bodies as they appeared to move back and forth to Earth He further proposes that these heavenly monarchs were represented by human doubles mortal Pharaohs who were believed to be earthly manifestations of god king planets The primary objective of Comet Venus is to vindicate Velikovsky and conclusively demonstrate that the comet images on the front and back covers of this book have nothing whatsoever to do with the Sun They are exact physical representations of the planet Venus as it took on the attributes of a comet in the skies above Earth only a few thousand years ago **Ancient Egyptian Literature, Volume I** Miriam Lichtheim,2006-04-03 Praise for the first editions Concise lucid and altogether interesting The notes on the individual texts are unfailingly illuminating Books Abroad now World Literature Today **Egypt and the Classical World** Jeffrey Spier,Sara E. between Egypt Greece and Rome From Mycenaean weaponry found among the cargo of a Bronze Age shipwreck off the Turkish coast to the Egyptian inspired domestic interiors of a luxury villa built in Greece during the Roman Empire Egypt and the Classical World documents two millennia of cultural and artistic interconnectedness in the ancient Mediterranean This volume gathers pioneering research from the Getty scholars symposium that helped shape the major international loan exhibition Beyond the Nile Egypt and the Classical World J Paul Getty Museum 2018 Generously illustrated essays consider a range of artistic and other material evidence including archaeological finds artworks papyri and inscriptions to shed light on cultural interactions between Egypt Greece and Rome from the Bronze Age to the Late Period and Ptolemaic dynasty to the Roman Empire The military s role as a conduit of knowledge and ideas in the Bronze Age Aegean and an in depth study of hieroglyphic Egyptian inscriptions found on Roman obelisks offer but two examples of scholarly lacunae addressed by this publication Specialists across the fields of art history archaeology Classics Egyptology and philology will benefit from the volume s investigations into syncretic processes that enlivened and informed nearly twenty five hundred years of dynamic cultural exchange The free online edition of this open access publication is available at www.getty.edu/publications/egypt-classical-world and includes zoomable high resolution photography Also available are free PDF EPUB and Kindle MOBI downloads of the book
