Stephens, 2023-02-10 This book explores the motif of the spiritual journey and its evolution in Western literature A spiritual journey can be broadly defined as a search for the divine Such a search can occur either internally as a psychological process or in some cases may involve an actual geographic journey Spiritual journeys can be conducted by individuals or groups In exploring this topic various kinds of texts will be reviewed including autobiographies novels and short stories as well as myths folktales and mystical writings The book classifies spiritual journey narratives into four categories theological journeys mystical journeys mythopoetic journeys and allegorical journeys Representative texts have been selected in the history of Western religious literature that illustrate the basic features of each of these four categories Three Worlds in Conflict Stanley A. Ellison, 2011-05-11 As the millennium draws near only a handful of books on Bible prophecy will approach the clarity and scope of this one Three Worlds in Conflict satisfies the growing curiosity of both Christians and non Christians about God's vision for the future by simply yet fully explaining the facts and philosophy of scriptural prophecy Unlike many titles this book presents the whole range of Bible prophecy in chronological form not just bits and pieces And the style is contemporary and approachable unfolding the whys whats and whens of God's plan for His world with more twists and turns than a bestselling novel **Epigraphia Carnatica: Inscriptions in the Shimoga District** Benjamin Lewis Rice, 1904
